It's Getting Out of Hand

More working Californians slipped into poverty as pandemic aid expired. Poverty rose to 14% among construction workers in spring 2023. Photo by Larry Valenzuela, CalMatters/CatchLight Local

By **Alejandra Reyes-Velarde**, CALMatters.org

California's poverty rate climbed in the first quarter of 2023, the latest quarter measured by the Public Policy Institute of California. Poverty increased from 11.7% in 2021 to 13.2%, the institute said, with 5 million people living in poverty.

Safety net programs played a major role in recent shifts in the state's poverty rate.

During the pandemic, the federal government expanded such social safety net programs as tax credits for families with children and emergency food assistance, which

lowered poverty rates nationwide. Poverty rates jumped when those expansions expired late last year and earlier this year, said Caroline Danielson, a researcher at the institute.

"We're seeing an uptick in poverty. That's not because the economy is worse—it's actually improving—but it's because we temporarily, using federal funds mainly, had expansions of safety net programs," she said.

About 3.2 million more Californians would be in poverty without any safety net programs, Danielson said. Expanded CalFresh food assistance alone kept 1.1 million people out of poverty in the first

quarter of 2023, when that expansion expired, the report said.

Latinos make up about half of Californians living in poverty, despite being 39.7% of the population. By comparison, about 10% of white Californians live in poverty.

Child poverty leaped from 9% in 2021 to about 14% in early 2023, largely due to the expiration of social safety net expansions. In 2019, the child poverty rate was about 18%.

Senior Californians also experienced a higher poverty rate at 15%, compared to about 13% for adults ages 18 to 64.

Poverty rates also varied significantly by region, with San Diego

Marysville Joint Unified School District Expands Bussing

MJUSD News Release

MARYSVILLE, CA (MPG) - All students must access the various programs and services offered at schools, every day. Getting students to school is extremely important to support learning. To support this, providing school bussing has been a long-standing practice at Marysville Joint Unified School District schools.

With an enrollment of over 10,500 students, the district provides transportation to approximately 2,000 students and operates 43 routes. The district borders four different Counties- Yuba, Sutter, Butte and Placer. Following the pandemic, the district struggled with the shortage of bus drivers and had to discontinue some routes. In an effort to reinstate bus service to discontinued routes, Transportation Director Greg Taylor has been actively recruiting and training bus drivers. "Before the pandemic, we operated 48 routes, and currently we are at 43. Finding drivers has been very difficult, but we are slowly seeing more interest. Within the past two years, we have hired 11 additional drivers," he said. "Bus drivers must go through classroom and on-the-road training, written testing with the DMV and CHP, and finally, an on-the-road test with CHP."

According to school district officials, the Transportation Department is hoping to add two new bus routes after the Christmas break enhancing bus service to Arboga and the foothill communities.

"As a board, we are continually working to meet the needs of the families we serve," said Board Trustee Doug Criddle. "We cover a wide area, and transportation is critical." While many districts do not provide transportation except to students in the special needs programs, MJUSD chooses to provide this to all students who live outside the walking distance to their neighborhood school. The district also provides an activities bus for students in the after-school activities at middle and high school sites. "Home-to-school transportation is a high priority," said Assistant Superintendent Passaglia. "Our annual commitment to transportation is valued at over five million dollars."

In the spring of 2022, the

'Messiah' Performances This December

Yuba Sutter Oratorio Society News Release

YUBA/SUTTER REGION, CA (MPG) - The Yuba Sutter Oratorio Society's Yuba Sutter Symphony and Chorus will be presenting the 85th annual performance of Handel's Messiah Sunday afternoon, Dec. 3, at 4:00 pm at St. Andrew Presbyterian Church, 1390 Franklin Road in Yuba City. The performance by the chorus plus orchestra will be conducted by Corey Kersting. Choral director is Linda Robinson.

Conductor Corey Kersting states, "The chorus and orchestra have been working very hard and are ready to share this remarkable music. We invite people to begin the Christmas season by attending this traditional presentation." Soloists this year include sopranos Sally Spatafore and Carolyn Steele, altos Natalie Nelson and Joyce Campbell, and bass Brant Bordsen. Trumpet soloist is Ted Zalkind.

Phil Gardner, President of the Yuba Sutter Oratorio Society states, Messiah is one of the most frequently performed pieces of music over a longer period of

YS Symphony's string section prepares for a grand performance of Handel's Messiah. Photo courtesy of Yuba Sutter Oratorio Society

time than any other composition ever written. It is a joy for us to be able to present this music annually for our community.

In the mid-1930's Mr. Ralph B. van Courtright came to Yuba College to be an instructor in music. One of his goals was to have a performance of Handel's Messiah each year and the other was to have a symphony orchestra comprised of local musicians to provide concerts of classical music in the area. Starting in 1938, singers from local church

choirs in the area, the college A'Cappella Choir and Business Men's Glee Club accompanied by Ruth van Courtright, and an orchestra, performed Messiah in the old Marysville High School Auditorium.

Afterwards, LaVerne Grell, Sarah Jane Roberts and Mr. van Courtright formed the Yuba Sutter Oratorio Society which has continued to present Messiah each year performed by the Society's Yuba Sutter Symphony and Chorus.

This year's presentation

of Messiah will be preceded by Christmas music provided by the Sutter Buttes Brass.

Messiah for Kids also to be presented

Ten years ago, the Symphony and Chorus created a special program for children called Messiah for Kids and Their Families. It will be presented on Saturday, Dec. 2 at 11:00 am at St. Andrew Presbyterian Church. This performance provides a 45-minute introduction of the text and music

California Farmers and Ranchers Honored for Distinguished Service

California Farm Bureau News Release

SACRAMENTO, CA (MPG) - Placer County couple with 65 years of contributions to farming and ranching and a third-generation orchard farmer who became the first East Indian-American to serve on the Yuba-Sutter Farm Bureau Board of Directors are recipients of the California Farm Bureau's Distinguished Service Award.

The awards for Wayne and Barbara Vineyard of Placer County and Kulwant Johl of the Yuba-Sutter Farm Bureau will be presented at the 105th California Farm Bureau

Annual Meeting in Reno. The Distinguished Service Award honors lifelong contributions to agriculture.

The Vineyards are rice farmers and beef cattle ranchers. Wayne Vineyard has served as a board member of the California Farm Bureau, the Placer County Farm Bureau, the Placer County Agricultural Commission and the Placer County Fair Board. Barbara Vineyard served on the Sierra College Board of Trustees for 28 years and is a longtime advocate of agriculture programs at the college. She also managed the Placer County Farm Bureau's Mt. Pleasant Hall

for more than 40 years. Johl's family-run Johl Orchards farms more than 1,000 acres of almonds, walnuts, peaches and prunes in the Yuba-Sutter region. Johl has served on the Yuba-Sutter Farm Bureau board for 35 years, including four years as board president. He is a member of the California Cling Peach Board and president of the American Punjabi Heritage Society.

The California Farm Bureau works to protect family farms and ranches on behalf of nearly 29,000 members statewide and as part of a nationwide network of 5.3 million Farm Bureau members. ★

Marysville Joint Unified School District Expands Bussing

Continued from page 1

School Board took action against late start, a new state law requiring middle school classes begin no earlier than 8:00 a.m. and high school classes begin no earlier than 8:30 a.m., starting with the 2022-23 school year.

"We were quite bold in our stand against the late start mandate. This would force students to stay out late due to sports events and put little ones on the bus as early as 5:30 a.m. That was not going to fly with us," said Mr. Davis, School Board President.

"State legislators are completely out of touch with the day-to-day operations of our schools and lack the comprehension of what late start means to families who have two

working parents that have to be at work by 8 a.m.," said MJUSD Board Trustee Seth Stemen.

"Furthermore, the financial consequences of operating a second bus route for high school students is unreasonable for districts that are struggling to staff transportation positions, like ours," said Stemen. "We respect our families and we will continue to take a stand against an overreaching state government when it's the right thing to do for our students."

"We spoke to the California Department of Education (CDE) and elected officials and explained that our district is inherently rural, even though we didn't meet the CDE description of rural,"

said Superintendent Dr. Fal Asrani. "We realized that we had to take a stand - this was just a bad direction from Sacramento and did not respect the local district's unique needs," Asrani said. She added that the district staff and labor leaders worked together to make this happen. "The impact from this would be detrimental to our families," said Asrani.

The district plans to continue to add bus routes as staffing levels improve in the transportation department. Those interested in becoming a bus driver are encouraged to apply online at www.edjoin.org/mjUSD. According to the EdJoin website, 6-8 hour bus driver positions are available with a payscale of \$21.99/hr - \$28.03/hr. ★

of Handel's Messiah for children. Corey Kersting, Conductor of the Symphony states, "The purpose of the Messiah for Kids is to introduce this timeless musical classic to children so that they

can begin to know and love this music as much as we already do." The Messiah Children's Choir, directed by Alisan Hastey, will lead the singing of the "Hallelujah Chorus". Following last year's performance a parent

approached Kersting and said, "Even as an adult, I learned so much about Handel and the Messiah that I am coming back next year to learn more."

Both performances are free with donations accepted. ★

A SAFER SYSTEM

With PG&E's Layers of Protection

At PG&E, we are building a safer, more reliable energy system for every Californian. Our Community Wildfire Safety Program has been dedicated to reducing the risk of wildfires in our service territory. We are advancing our mission by:

- Creating a safer environment for all by proactively **undergrounding overhead powerlines** in the highest-risk areas.
- Ensuring steadfast reliability through **strengthened infrastructure**.
- Reducing ignition risks by using cutting-edge **powerline safety settings**.
- Prioritizing your community's safety and **powering down in severe weather**.
- Deploying advanced technologies to **automate fire detection and response**.

↓ **90%**
reduction
in wildfire
risk*

*Since 2018, based on CPUC-established methodologies.

Together, we are building a safer future for our communities and yours. To learn more, visit pge.com/cwsp.

This Month In Your Garden

by Jeff Rice

BALD MOUNTAIN NURSERY

6195 BALD MOUNTAIN ROAD • BROWNS VALLEY, CA • 530-743-4856

Fall is the best season of the year. Fall color. Cool days. Rain starting off and on. Perfect time of year for gardening. El Nino is the forecast for this winter and from what I can see on predictions, we should have a sufficiently wet winter so perfect for fall planting.

Fall is the best time of the year for planting trees and shrubs. The cool fall weather and the moist soil are perfect for planting. Fall plantings get established over the cooler fall and winter months and then are ready to take off and grow next spring. They will be well established before their first summer and will out perform their spring planted counterparts their first summer in the ground. Do your fall planting now.

Dormant spraying of fruit trees will need to be done three times starting in late November. Three easy dates to remember are Thanksgiving or late fall, Christmas or late December, and Valentine's Day or mid February. Referring to the holidays makes the timing a bit easier to remember. The November spraying sometimes has to wait a little later because the leaves need to be off the tree. Dormant spraying is done to prevent some fungal infestations that are prevalent at that time of the year. If all the leaves have not fallen off the trees, they can probably be knocked off with a stick, or blown off. Any debris that might have collected under the trees should be cleared away. Do the spraying on a day that is dry – no rain or thick fog to dilute the spray. Spray them as thoroughly as possible, including the

cleaned up soil at the base of the trees. Sometimes it is hard to find a good day due to the winter weather. Just do the best you can, but do try to get it done. It is important to get three sprayings done through the winter or dormant season.

If you made basins around the base of the trees to provide deep soaking of irrigation water during the hot summer, cut an opening on a side of the basin as soon as we start getting rain. That will allow the rain water to drain, preventing a slow draining puddle that remains and could possibly cause root rot should we have a very wet winter.

Consider where you needed a shade tree last summer. Now is the best time of year to plant trees. And if you are looking for fall color, trees in the nursery will soon be in color so it is nice to see the color you will get in the fall on the tree you choose. The best time to plant a tree was twenty years ago. The next best time to plant a tree is in the fall.

Now is also a good time to plant wildflower and poppy seeds for blooms next spring as well as daffodil and tulip bulbs.

Weather pattern is changing to fall like weather. The best time of the year for planting.

Enjoy the cooler weather.

Jeff Rice is the owner at Bald Mountain Nursery on Bald Mountain Road in Browns Valley

Feather Falls Trail Closure Expected during Post-Fire Recovery

Forest Service News Release

OROVILLE, CA (MPG) - While the weather is supposed to be beautiful, area residents and visitors are reminded to respect forest closure orders in post-fire recovery areas.

This is especially true at Feather Falls National Recreation Trail in the coming days, when the closure order will be enforced due to construction work occurring beginning.

A heavy helicopter will be used to lift and place four bridges, stairs and the observation platform in their designated locations along the trail starting Saturday morning. These pieces are replacing structures damaged and destroyed in the North Complex fire in fall 2020.

During these operations, for contractor and employee safety, it is critical that only authorized personnel are in the area. Safety precautions are being taken as these large, heavy structures are moved aerially into place.

Due to the nature of the operations, the public is not permitted in the area of the trail or at the trailhead. Drones are also not allowed to operate in the area during this time so that the helicopter work

can be done safely and without interference.

The area is closed through both Forest Closure Order 05-11-03-22-01 – Feather River Roads and Trails and Forest Closure Order 05-11-03-23-02 – Feather River Roads and Trails.

Violation of the orders is punishable by a fine of not more than \$5,000 for an individual or \$10,000 for an organization, or imprisonment for not more than 6 months, or both.

Temporary bridges and structures used by contractors and partners to access the area during post-fire recovery work are being removed. The new bridges, stairs and platform will not be safe for use until planking is completed.

"Placing these structures along the Feather Falls National Recreation Trail is a big step towards recovery at this site following the North Complex Fire," said Plumas National Forest Civil Engineering Technician and Westside Road Manager Herman Wendell. "We need the public's cooperation staying out of the area while we complete this critical operation."

For those interested in watching the helicopter work from a distance this weekend, there are vantage

points outside the recreation site, including from the access road 21N35Y nearby at the top of the hill. Other high points, as long as they are outside of the flight path and at a safe distance, have potential as well. Please be aware and respectful of traffic in the area.

The Feather Falls National Recreation Trail was already a challenging hike before the fire. The trail, with the damage to structures, loss of trees and shade, and unstable slopes is even more dangerous now, and yet people continue to want to access the recreation site.

"Feather Falls is a spiritually and historically important part of our Tribal partners' culture as well as an important and beloved recreation destination for our local community and area visitors," said Acting Feather River District Ranger Clay Davis. "We understand the interest in returning to this area, but there is still a lot of work to do and it is not safe for the public, especially during the next few weeks."

For more information on the Plumas National Forest, visit www.fs.usda.gov/plumas or on Facebook at www.facebook.com/USFSPlumas ★

It's Getting Out of Hand

Continued from page 1

and Los Angeles counties experiencing the highest poverty rates, about 15%, while the Central Valley and Sierra counties experienced the lowest, about 11%.

A big reason for that, Danielson said, is the high cost of living in Southern California counties and demographic differences among the regions. Los Angeles and San Diego counties have high populations of Latino and immigrant communities that experience higher rates of poverty.

The Public Policy Institute's California Poverty Measure includes such things as the value of government assistance and a region's cost of living, which the federal poverty rate does not consider.

Social safety net programs make less of a dent on poverty in counties with higher costs of living. That's because poor Californians in these counties may earn incomes too high for federal poverty thresholds and so don't qualify for as much aid.

For example, researchers found that social safety net programs reduced poverty the most in inland areas, where poverty rates are lower. Without the programs, poverty would be 14.4 points higher in the Central Valley and Sierra region, but only 4.3 points higher in the Bay Area, the report shows.

The Public Policy Institute looked

closer at working Californians and found that most Californians in poverty are working and even full-time employment didn't keep some residents from poverty.

More than 8 in 10 of California's 1.3 million working poor were employed year-round; nearly half worked full time and 37% part time. Part-time workers had higher poverty rates than full-time workers.

Workers in service industries — janitors, landscapers, cosmetologists, housekeepers and other service jobs — and workers in agriculture tended to experience poverty at higher rates than other labor sectors. People in building and grounds maintenance, for example, have a 20% poverty rate, followed by workers in food preparation and service who endure a 16% poverty rate.

The report also highlights how the working poor spend their money. They cohabit with family members to make ends meet; 82% of Californians in poverty live with other adult family members.

People use most of their earnings for everyday expenses and bills. On average, working poor adults make \$28,000 annually.

Danielson said this underscores the need for policies that increase wages and improve training and educational opportunities for the working poor. ★

Yuba County Crop Values Remain Strong

Yuba County Press Release

YUBA COUNTY, CA (MPG) - Despite unprecedented drought, lower yields, and lower commodity prices, Yuba County's 2022 crop values only dipped 9% from 2021, which can be largely attributed to the decrease in value of walnuts.

Rice remained the top crop, generating \$113 million in gross value. Walnuts dropped from the second spot to fourth (at

\$21 million), with prunes/dried plumS coming in second at \$28 million. Livestock represented the third-highest crop, generating \$22 million.

"Farmers, growers, and producers continue to be resilient as they navigate a fluctuating market and challenging conditions," said Yuba County Ag Commissioner Steve Scheer. "Regardless, they continue to feed our community and are paramount to the County's economy."

Details from the

newly-released Yuba County 2022 Crop Report also note that kiwi, livestock, prunes, and almonds decreased in value due to lower yields. However, peaches, timber, and rice increased in value due to yields and price.

The overall local economic benefit of agriculture — when including processing, transportation, and marketing — is estimated at \$400 million.

The Yuba County 2022 Crop report can be read in full online at yuba.org/CropReport ★

VOLUNTEER NEEDED

The Dobbins/Oregon House Fire Protection District seeks a Clerk of the Board. The duties include taking the minutes at the monthly board meetings, responding to information requests, interfacing with county, state, and other agencies. This job is detail-orientated requiring a motivated individual capable of performing the duties with little or no supervision. This is a volunteer position, there is no pay. However, you will be playing a critical role in supporting the Fire District, the Chief, and the volunteers who are the first responders for medical or other emergencies and fire protection on call 24 hours a day ready to serve the community.

YUBA COUNTY PET OF THE WEEK

Hi I'm Ralph

Yo, it's me Ralph. If ya'll don't know who I am, well then you're missin out. I'm an American bulldog/ Dogo Argentino mix. I've been locked up for almost two months and I'm ready to bust outta here. I may look big and scary, but I'm a real cuddle bug. When I'm out in the yard, I usually go for a jog and lift some weights. Yeah, I know you were thinking I look like this naturally, but my secrets out, I do have to work out for it. I'm pretty friendly with all my inmates and good on a leash. I even keep my cell clean! I'm ready for a partner in crime to come post my bail. Visitation hours are 1:00-4:00 pm, Monday – Friday. The guards usually give me some spare change, so I do accept phone calls. You can call me @ 530-741-6478. Come check me out. ★

I know I'll be the most loyal pup to my new owner. Come see me, even if you just need some dog therapy and get all the cuddles in the world.

T.S. No.: 23-9027 Loan No.: **0135 APN: 014-443-013-000 NOTICE OF TRUSTEE'S SALE YOU ARE IN DEFAULT UNDER A DEED OF TRUST DATED 11/1/2007. UNLESS YOU TAKE ACTION TO PROTECT YOUR PROPERTY, IT MAY BE SOLD AT A PUBLIC SALE. IF YOU NEED AN EXPLANATION OF THE NATURE OF THE PROCEEDING AGAINST YOU, YOU SHOULD CONTACT A LAWYER. A public auction sale to the highest bidder for cash, cashier's check drawn on a state or national bank, check drawn by a state or federal credit union, or a check drawn by a state or federal savings and loan association, or savings association, or savings bank specified in Section 5102 of the Financial Code and authorized to do business in this state will be held by the duly appointed trustee as shown below, of all right, title, and interest conveyed to and now held by the trustee in the hereinafter described property under and pursuant to a Deed of Trust described below. The sale will be made, but without covenant or warranty, expressed or implied, regarding title, possession, or encumbrances, to pay the remaining principal sum of the note(s) secured by the Deed of Trust, with interest and late charges thereon, as provided in the note(s), advances, under the terms of the Deed of Trust, interest thereon, fees, charges and expenses of the Trustee for the total amount (at the time of the initial publication of the Notice of Sale) reasonably estimated to be set forth below. The amount may be greater on the day of sale. Trustor: LONNIE MCDANIEL LA TRESA MCDANIEL HUSBAND AND WIFE AS JOINT TENANTS Duly Appointed Trustee: Prestige Default Services, LLC Recorded 11/9/2007 as Instrument No. 2007R-019018 in book --, page -- of Official Records in the office of the Recorder of Yuba County, California, Date of Sale: 11/9/2023 at 1:30 PM Place of Sale: At the front entrance to the County Courthouse, 215 5th St., Marysville, CA 95901 Amount of unpaid balance and other charges: \$182,962.55 Street Address or other com-

mon designation of real property: 4336 MARTEL DR OLIVEHURST CA 95961 A.P.N.: 014-443-013-000 The undersigned Trustee disclaims any liability for any incorrectness of the street address or other common designation, if any, shown above. If no street address or other common designation is shown, directions to the location of the property may be obtained by sending a written request to the beneficiary within 10 days of the date of first publication of this Notice of Sale. NOTICE TO POTENTIAL BIDDERS: If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property. All checks payable to Prestige Default Services, LLC. NOTICE TO PROPERTY OWNER: The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this

property, you may call (916) 939-0772 or visit this Internet Website www.nationwideposting.com, using the file number assigned to this case 23-9027. Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or on the Internet Web site. The best way to verify postponement information is to attend the scheduled sale. NOTICE TO TENANT: You may have a right to purchase this property after the trustee auction pursuant to Section 2924m of the California Civil Code. If you are an "eligible tenant buyer," you can purchase the property if you match the last and highest bid placed at the trustee auction. If you are an "eligible bidder," you may be able to purchase the property if you exceed the last and highest bid placed at the trustee auction. There are three steps to exercising this right of purchase. First, 48 hours after the date of the trustee sale, you can call (916) 939-0772, or visit this internet website www.nationwideposting.com, using the file number assigned to this case 23-9027 to find the date on which the trustee's sale was held, the amount of the last and highest bid, and the address of the trustee. Second, you must send a written notice of intent to place a bid so that the trustee receives it no more than 15 days after the trustee's sale. Third, you must submit a bid so that the trustee receives it no more than 45 days after the trustee's sale. If you think you may qualify as an "eligible tenant buyer" or "eligible bidder," you should consider contacting an attorney or appropriate real estate professional immediately for advice regarding this potential right to purchase. Date: 10/5/2023 Prestige Default Services, LLC 1920 Old Tustin Ave. Santa Ana, California 92705 Questions: 949-427-2010 Sale Line: (916) 939-0772 Patricia Sanchez, Trustee Sale Officer NPP0441722 To: TERRITORIAL DISPATCH 10/20/2023, 10/27/2023, 11/03/2023

All Aboard the 45th International Railfair

By Thomas J. Sullivan

SACRAMENTO, CA (MPG) - All Aboard the 45th Annual International Railfair (IRF), coming to Cal Expo, 1600 Exposition Blvd in Sacramento, on Veteran's Day weekend, Saturday, November 11 and Sunday, November 12. It's the first time IRF has been in Sacramento County since its earliest when it was held at Sacramento City College.

The annual International Railfair show is run by members of the Sacramento Modular Railroaders, the Sacramento chapter of the European Train Enthusiasts, Roseville Roundhouse Model Railroad Association, and the Sierra Division of the Pacific Coast Region of the National Model Railroad Association (NMRA), said IRF spokesperson Tom Campbell.

"We display operating model railroads to the public at the International Rail Fair and educate the public about model railroading, railroad history, and prototypical railroad operations," Campbell said.

This year, IRF guests will be able to enjoy more than 28,000 square-feet of model railroad fun, explore over 100 vendor tables, and swap goods at a TrainMart consignment store as they see over 12 operating model train layouts in action ranging from Z to G.

"The two-day show is called

A BNSF engine model on a track. Photo courtesy International Railfair

'International Railfair' because one of our sponsor clubs, European Train Enthusiasts, specializes in building and operating European model railroads," Campbell said.

A children's layout returns this year where children can run a scale model locomotive and earn a Junior Engineer badge.

The popular "Square Foot Challenge" also returns this year - with a holiday theme. Attendees are invited to vote for

their favorite holiday diorama with the highest number of votes named a People's Choice winner. The winning diorama builder will receive a custom trophy based on a machinist's square and a \$50 gift card to RC Country Hobbies.

The individual model railroad layouts which are seen at the International Railfair are modular railroads. A typical modular layout consists of transportable individual modules which are

clamped together to create a single model railroad, Campbell said.

Modules are typically lightweight, and are about 30" wide and four feet long, and packed with a lot of scenic detail. Legs fold out from underneath the module and the required electrical wiring drops down at both ends of the module.

General admission, ages 13 and up, good for both days, is \$12. Admission on Sunday,

November 12 is reduced to \$10 per person. Youth admission for ages 13-17 is \$5. Children ages 12 and under are free both days. Active and retired military members receive a \$2 discount on event admission at the gate.

For more information email Tom Campbell at tom.c.irf@gmail.com. To purchase advance tickets, visit www.international-railfair.com. ★

Honkers Dominate Mayor's Cup, Sutter and Marysville Make Playoffs

By Steven Bryla

MAYOR'S CUP 2023

YUBA CITY, CA (MPG) - The Yuba City Honkers football team retained the Mayor's Cup on Friday, October 27 as they shut-out the River Valley Falcons 42-0.

Yuba City quickly took control of the game in the first quarter as they scored a touchdown on all three of their first quarter possessions to take a controlling 22-0 lead at the end of the first.

The River Valley offense struggled to get any momentum throughout the game as the offense struggled to get a ground game going early and it took them until late in the first half to get the ball into the Yuba City territory.

Falcons head coach Alex Gomes-Coelho expressed to the Dispatch that his team wasn't strong enough.

"Our team comes out every week and we see we're the smaller team," Gomes-Coelho said. "I like our toughness, we just need to work on mental toughness, speed and physical strength."

Gomes-Coelho added that when he took over the head coaching position in May, there were only around 20 kids in the program and that has since grown, so the weight training program from now until the beginning of the 2024 season is going to grow.

Gomes-Coelho told the Dispatch the biggest thing he was happy with his senior class was how they didn't quit on the program with their record.

He added that when he previously coached at Hiram Johnson in Sacramento, his first year went winless as well. He didn't hide that he's well aware of the current losing culture in the River Valley football program, but him and his staff are going to do whatever they can to turn it around.

It's evident that the culture shift of the Falcons football program is a complete 180 from this season to last season. River

Yuba City retained the 18th Annual Mayor's Cup on Friday, October 27 after they beat River Valley 42-0. Photo by Chris Pedigo

River Valley junior running back Adrian Walters (1) rushes in the Falcons 42-0 loss to Yuba City on Friday, October 27. Photo by Steven Bryla

Valley has their coach and along with the help of his staff, they made an impact on everyone and has a positive light on moving forward.

Yuba City needed to win the game to become playoff eligible to meet the minimum requirement of four wins and head coach Willie Burns expressed to the Dispatch that it was just time to "Shut up and dominate," Burns said.

He added that he wanted his

team to dominate but keep it smart and just play with no extra antics.

The rivalry aspect of the game did bring high intensity and there were a few extra circular penalties during the game, but overall it was a good battle between both of the schools.

With the win, the Honkers were given the No. 10 seed in the CIF Sac-Joaquin Section Division III playoffs and they will travel to Sacramento tonight

as they will play at Christian Brothers with kickoff at 7 p.m.

Burns told the Dispatch they just need to come out and play Honker football and if they do that, they'll be successful.

The Honkers did pull off an upset last season as they were an 11 seed on the road, so they are capable of doing it again.

MARYSVILLE

TUOLUMNE, CA (MPG) - The Marysville Indians were given

the No. 10 seed in the CIF SJS Division VI playoffs and will travel and play at the Summerville Bears tonight with kickoff at 7 p.m.

After the Indians finished sixth in the highly competitive Pioneer Valley League following their 44-0 defeat last week at Twelve Bridges, they look to turn the page and not allow their season to end tonight in Tuolumne.

Summerville finished second in the Mother Lode League as the No. 7 seed behind Sonora, who is the second seed in D-VI.

The Bears had two losses this season as it included a pre-season loss from Dos Palos as they finished as a top seed in the CIF Central Section Division V playoffs and Sonora in a 42-0 loss last Friday.

SUTTER

SUTTER, CA (MPG) - The Sutter Huskies grabbed the top seed in the CIF SJS Division VI playoffs and earned a bye week tonight and will host the winner of Liberty Ranch and Bear River next Friday at 7 p.m.

Sutter secured the first seed in the D-VI bracket after they beat Wheatland last Friday 23-8. Despite the Huskies finishing second in the PVL, they still earned the top seed over Sonora, who won the Mother Lode League.

Sutter had a higher Calpreps rating of 20 compared to Sonora's 18.7 which gave them the official higher seed as that was how the CIF SJS committee used heavily to put the brackets together.

Wheatland was the lone team in the PVL not to make the postseason, but it also speaks volume to how competitive this league was the past two years as it's been consecutive years where six teams from the PVL made it into the postseason.

Additionally to the Huskies, Colfax (No. 5), Bear River (No. 9) and Marysville (No. 10) made the Division VI bracket as well. ★

Huskies Season Ends on Road with Loss to West Campus

Story and photos by Steven Bryla

SACRAMENTO, CA (MPG) - The Sutter Huskies girls volleyball team season came to an end on Thursday, October 26 as they were swept by the West Campus Warriors in straight sets (25-23, 25-21, 25-17) during the quarterfinals of the CIF Sac-Joaquin Section Division IV playoffs.

Sutter previously swept Woodland in straight sets on Tuesday, October 24 in the first round of the playoffs.

The Huskies traveled to West Campus and played a competitive Warriors team that had only three defeats throughout the season.

Sutter gave it all they had and left it out on the floor. The Warriors were the better team of the night and were able to handle all the blows that the Huskies sent over the net.

Sutter head coach Elizabeth Bhatti expressed to the Dispatch they played lights out defense.

"They got a lot of balls up that I didn't expect and they played their side of the court great," Bhatti said.

West Campus freshman libero Ke'ala Ayin, outside hitter Kamea Ayin and freshman defensive specialist Alexis Moua each had 12 or more digs through the match and Kamea led the Warriors with 16 kills.

The first set was a nail biter as it went back and forth. The Huskies had an early advantage in the set, but West Campus fought back into the battle and took the first set by a couple of points.

The second set was a little different as the Huskies fought hard, but got down to a sizable deficit of 10 plus points. The one thing no one could ever question about this Sutter squad is their heart and that is because

Sutter outside/middle hitter Torrence Harter (4) digs the ball in Huskies defeat to West Campus on Thursday, October 26.

Sutter senior setter Jaycee Lee (9) sets the ball in the Huskies defeat to West Campus on Thursday, October 27.

Warriors eventually took the two set advantage.

"Even in the face of these leads and point differentials, they fought back like they did against Bear River," Bhatti said.

The Huskies didn't have a lead in the third set and post match as this tight knight group stayed in their final huddle for a little over 25-30 minutes sharing final memories, you couldn't do anything but smile.

Bhatti said that she told the final huddle that she told them how much she appreciated everything they all gave to the program.

As every team closes out a season, a reflection on the year comes along with goals of what next season is too look like.

Sutter will be losing some key positions after the conclusion of this season. Bhatti will be losing prominent players due to graduation that include senior libero Maddy Jones, setter Jaycee Lee, defensive specialist Rylee Gillespie and outside hitter Ashley Hudson.

The four seniors played pivotal roles on the team this season and Bhatti told the Dispatch she couldn't be happier with how much the girls gave to the volleyball program.

Coming back next season, the Huskies bring back a duo of power hitters in Torrence Harter and Lola Howsley. They combined for 529 kills between the two this season.

2025 defensive specialist Ayla Moon, opposite hitter Lainey Davis and middle/opposite hitter Megan Peak will be major contributors for the Huskies next season as returners.

Congrats to the Sutter Huskies on a tremendous season and good luck to the seniors moving on with whatever path you choose to attack next. ★

instead of rolling over, the girls fought back and brought the set within four points before the

Dave Ramsey Says

finances and planning for the future. Speaking of the future, do you plan on having more kids? If you do, you might want to go with 30-year policies. If you've decided two are enough, then based on your present situation I think 20-year policies would work out fine.

I recommend folks have 10 to 12 times their annual income in life insurance coverage. That means you'd need between \$800,000 and \$960,000 in coverage, while your wife needs a policy in the \$600,000 to \$720,000 range. But let's take a deeper dive into all this.

Your kids will be in their mid-twenties in 20 years. Ideally, they both should have finished college by that time, or at the very least, be working and living on their own. If you continue to follow my plan, you and your wife will have paid off your home in a few months and be completely debt-free. And, you'll have been saving 15% of your income for retirement over those 20 years. On average, that alone should give you more than

a half-million dollars for retirement.

Do you see where I'm going with this, Clay? Eventually, you two will become self-insured by getting out of debt, staying out of debt and piling up cash. So, if you've got \$500,000 or more in a retirement fund, no debt and your children are grown and out of the house, even if you or your wife were to die unexpectedly at that point, the other would still be taken care of and in great shape financially.

Keep up the good work!

— Dave

Eventually, You Become Self-Insured

Dear Dave,

My wife and I are both 36 years old, and we have two children. Our son is six, and our daughter will be four next month. We've been walking through the Baby Steps, and we should have our home paid off sometime next summer. We realized the other day the one thing missing from our financial picture is life insurance. We both work outside the home. She makes \$60,000 a year, while I make \$80,000 a year. At our age, and in our current situation, do you think we should we get 20-year or 30-year level term life insurance policies?

— Clay

Dear Clay,

You guys are doing a great job of getting control of your

LOCAL FISHING

The World's rarest trout, the Paiute Cutthroat (*Oncorhynchus clarkii seelniris*) aka, (PCT). The PCT is native to the Silver King Creek in Alpine County. It was placed on the Endangered Species Act (ESA) list in 1967. Adults grow to about 10-inches and weigh close to 1-pound. Over the past years a "Protection Plan" includes: Removal of all non-PCT salmonids, transplanting excess wild, young PCT to Corral Valley Creek and Coyote Creek, in case of an unexpected calamity on Silver King Creek, No fishing allowed, a stream guard on site 24/7.

SAN FRANCISCO BAY-DELTA

San Francisco Bay; halibut fishing slowing down. Try: Live Anchovy. (a) Broad Slough in the Delta; caught 14 stripers to 20 inches. 10-were shakers. Try: Rattletrap. (a) Located a big school of stripers, some 20-pounders in the San Joaquin Delta. Try: Sardine Cut Bait. (a) Sacramento Deep Water Channel; gives up a few stripers. Trolling...Try: Rattletrap. (a)

Organic Growers in Quarantine Region Worry About Citrus Greening Threat

As an organic citrus grower and packer in Ventura County, John Wise has long recognized the threat of the Asian citrus psyllid to his business and livelihood. The threat has become greater now that part of his region is under quarantine as state agricultural officials continue to find more residential citrus trees infected with huanglongbing, or citrus greening disease, a fatal bacterial infection that the insect can transmit. For organic citrus growers, there remain few effective treatment options approved for organic production to control the psyllid.

Rebounding Harvests Test Agricultural Trucking Companies

Trucking companies that haul crops from fields and orchards to processing facilities and transport packaged produce to ports and retailers have been especially busy over the past several weeks. After three years of drought gave way to heavy rains, tomatoes, almonds, pistachios and winegrapes were expected to outpace last year's production, according to estimates from the U.S. Department of Agriculture. Tom Barcellos, a Tulare County farmer who runs a trucking business, said his fleet of trucks has been stretched thin by the San Joaquin Valley's record-setting pistachio harvest.

Rice Commission Ceo Champions Partnerships To Protect Habitat

The CEO of the California Rice Commission says the sector is working to secure a farming future with less vulnerability to climate extremes. Addressing the California Association of Pest Control Advisors in Reno, Tim Johnson said rice producers "are starting to wrap our arms around...the impacts of climate variability." He said a key to sustaining California rice production may come from sustaining critical habitat. During the drought, \$10 million in grants were made available to rice farmers who provided some water to idled fields used by waterfowl on the Pacific Flyway.

Public Utilities Commission Mulls Changes To Net Energy Metering Program

A proposed decision under consideration by the California Public Utilities Commission would bring changes to a program implemented to encourage private investment in on-site renewable energy. The state's Net Energy Metering Aggregation program, or NEMA, has led to increased adoption of solar and other renewables by farms, ranches and other businesses. The PUC on Nov. 2 is due to consider changes that would effectively eliminate the benefit of aggregation for power used and generated by customers with more than one utility meter. ★
