## Superior Court Expands Hours of Operation

Sacramento Superior Court News Release

**SACRAMENTO, CA (MPG)** -In an effort to better serve the public, the Sacramento Superior Court will extend its hours of operation at the Carol Miller Justice Center, starting April 7.

This change is meant to increase accessibility for individuals needing to address traffic, small claims and unlawful detainer cases before the court.

Data shows that most users tend to access court services at the Carol Miller Justice Center earlier in the week, with a line often forming outside before the doors open to the public in the morning.

As part of an 18-month pilot program, the Carol Miller Justice Center will adjust its operating hours to open one hour earlier at 7 a.m. and close one hour later at 5 p.m. Mondays through Thursdays. The courthouse will be closed Fridays.

These expanded hours will provide additional options for those wishing to resolve their cases outside traditional business hours, reducing the need to take time off work, school or other daily obligations. Key changes include: Court services will be available Monday through Thursday from 7 a.m. to 5 p.m. Traffic arraignment calendars will start at 7 a.m. and close at 5 p.m. Court trial calendars will be added at 7:15 a.m. and 4:15 p.m.

The courthouse will be closed on Fridays.

The expanded hours are anticipated to streamline court processes, reduce wait times and make it easier for Sacramento County residents to address their legal cases. For example, an individual could attend a traffic arraignment at 7 a.m., appear before a judge, and return to their regular daily schedule by 7:30 a.m.

The new hours will only apply to the Carol Miller Justice Center, which processes Traffic, Small Claims, and Unlawful Detainer cases. Other court buildings and divisions of the Sacramento Superior Court will maintain their standard operating hours.

The Carol Miller Justice Center is at 301 Bicentennial Circle, Sacramento.

"Wonderfully Abstract" mixed-media artwork by Sacramento-area artist Linda Nunes is on display now through July 14. Sacramento County sponsors bi-annual art exhibitions in the Board Chambers, located at 700 "H" St.

Nunes grew up in San Jose and relocated to the Sacramento-area in 1989. Nunes is an award-winning mixed-media artist who also teaches wax media workshops, curates and occasionally serves as a juror for local exhibitions.

She paints and sculpts, and her permanent and temporary installations have been featured locally and in the Bay Area. Nunes' work is included in numerous private collections across California and throughout the country. Nunes has served on the board of the Sierra Wax Artists organization and is one of the original co-founders of Rancho Cordova Arts.

Nunes' current gallery work is mostly two-dimensional and primarily non-narrative, characterized by gestural marks, texture and color. Whimsical images occasionally appear in her art. The artwork is produced using encaustic (beeswax and resin), cold wax and either oil or acrylic. Continued from page 1 to cycling skills, participants learned bicycle maintenance, basic first aid and how to ride safely on city streets.

JB, a graduate of the program, shared how the experience impacted his life.

"I would like to say thank you that this program was funded," JB said. "It's more than just going out and riding a bike; you build a lot of relationships with people and I met a lot of people who I care about. It taught me that riding my bike is more than just going out, it's learning so much, and I really enjoyed it. It made me find a love for riding my bike and I really love going out and helping people. It inspired something in me that I don't think I would have ever had access to."

To mark their achievement, each graduate received a new Trek FX 1 bicycle, generously provided by the American River Bike Patrol and set up with help from Trek and the City of Rancho Cordova.

"When we asked what they wanted and expected from the program, they all mentioned the new bike. But it was so much more than they ever anticipated, the experience, the challenge, and the things they accomplished that they never thought possible," said Vic Massenkoff, American River Bike Patrol Public Information Office. "A bike like this was a huge thing for them. If it weren't for the city and the program, they wouldn't have this bike, which they can now use to go to school, work and after-school activities"

In other business, City Council addressed the member vacancies for the Planning Commission. With several terms expiring and one regular member removed, the Council reviewed four nominations to fill these vacancies.

The city had opened the application process for five weeks and received 10 applications in total. All applicants met the minimum qualifications, including being at least 18 years of age, residing within Rancho Cordova's boundaries, and not being an elected official of another public entity.

# Gorman Leading Lancers by His Strong Example

#### By James Darnell

RANCHO CORDOVA, CA (MPG) - This past August, Cordova Lancers' senior forward Malachi Gorman was kicked out of an open gym session for aspiring basketball players held by new head coach Kevin Bridgeforth. The firstyear coach wanted to see how the 6-foot-3 youngster would respond to adversity as well as questions about his maturity. Gorman didn't know it at the time but that difficult lesson would prove to be exactly what was needed for the talented athlete to take his game to the next level.

Gorman would soon return to campus to find his coach, desperate to get back in his good graces. He asked Bridgeforth if there was anything he could do to get back on the court. It was at that moment that Bridgeforth knew the type of player he had on his hands.

"I knew right then," Bridgeforth said. "From that moment, he's done a complete 180 in terms of trying to be the leader of this team. His maturity has expedited in such a short amount of time and his ability to make his teammates better has really impressed me." From the summer until now, Gorman's work ethic on the court, in the weight room and in the

Gorman, who currently leads the Lancers in scoring at 11 points per game, has only been playing basketball since his freshman year at Cordova. But his pure athleticism and ability to receive coaching have helped Gorman improve by leaps and bounds year over year. Gorman was quick to credit those who have aided him along the way when asked about the reasons for his ascent.

"I've had a lot of great coaches in my life, including Coach Bridgeforth," Gorman said of how he has been able to improve his game so quickly.

"They've all pushed me and said I could be great," Gorman said. "I've worked hard, I picked up the things I needed to pick up and I've just kept it going."

Gorman intends on playing basketball in college, with his sights set on attending a local community college after graduation. Bridgeforth said that the dynamic senior can definitely play at the next level if he finds the right situation. "I believe if he falls into the right hands and gets the right kind of coaching like he has here, he can be one hell of a player," Bridgeforth said.

# **Sunrise Tomorrow Amendment Proposed**

#### By Thomas J. Sullivan

SACRAMENTO COUNTY, CA (MPG) - "When Macy's closes the two stores... (Sunrise Mall will] for all intents and purposes die," said Sacramento-based commercial real estate developer Ethan Conrad.

He was telling some 75 people gathered at the monthly neighborhood meeting of Citrus Heights Area Seven, Eight, Nine (CHASEN) on Jan. 21 that the city's vision for its Sunrise Tomorrow redevelopment plan is not "economically viable."

The amendment proposal, submitted by his firm Ethan Conrad Properties Inc. details adjustments to the plan approved by the Citrus Heights City Council in 2021 that would affect the redevelopment of the Sunrise Mall area.

Conrad controls 71 acres of the southern portion of the mall and confirmed that he is in escrow to purchase 50 more acres, including the northern section of the mall where the two Macy's stores are located. The JCPenney parcel that faces Arcadia Drive and includes a closed auto repair facility is also part of the same deal.

He purchased 21 acres of the almost 100 acre-Sunrise Mall property in 2022 where the former Sears retail store and its automotive service center were located.

"Unfortunately, there has been no current interest from any developer to move forward with the (Sunrise Tomorrow) plan as written," Conrad said.

Specific modifications to the city's Sunrise Tomorrow plan must allow all "logical use" tenants which would have been allowed before the city's specific plan for the mall was approved, Conrad said.

Specific changes recommended by Conrad include the allowance of eight quick-service restaurant and drive-thru businesses, building and landscape materials sales, light industrial and storage uses, and automotive uses, as well as the removal of requirements for open space. His plan also calls for the elimination of proposed commercial office space on the mall property. Conrad proposes to submit a commercial parcel map application, which will merge some of the existing parcels and to re-parcel them to allow indoor commercial recreation facilities that are not allowed within sub areas of the adopted Specific Plan and its zoning. A quick-serve national restaurant is also shown being added along Greenback Lane. Conrad suggested BJ's Brewhouse, potentially occupying the former Elephant Bar site, and IKEA to fill one of Macy's vacant retail store locations. The former Sears building is listed as "national tenant bowling/entertainment use" and a Home Depot is shown in the southeastern corner of the property. Conrad's presentation was pulled from the Jan. 22 City Council meeting agenda, according to a Jan. 16 announcement by the city. Instead, Conrad decided to make a presentation to the monthly neighborhood meeting of CHASEN with other scheduled community meetings to follow. Conrad outlined his specific modifications to the Sunrise Tomorrow plan, calling his proposal "Sunrise Tomorrow Evolution." On Nov. 10, 2021, Citrus Heights City Council

unanimously voted in favor of adopting the Sunrise Tomorrow Specific Plan and its associated environmental impact report (EIR), rezoning and a General Plan amendment for the future redevelopment of the nearly 100-acre mall property.

"Sunrise Tomorrow Evolution simply provides more flexibility for logical retail uses to ensure we can attract the tenants needed to establish an economically viable, long-term solution for the property," Conrad said.

'We (Conrad) are simply proposing more flexibility to allow logical retail uses to allow the new retailers that will help drive the economic vitality of the new property, provide jobs, and increase sales tax revenue," he said.

Modifications proposed by Conrad would have to come before the Citrus Heights City Council in a formal hearing, according to city communications officer Marisa Brown. Such a hearing has not been yet scheduled, she said. Conrad said he had an opportunity five years ago to purchase Sunrise Mall from the Namdar Realty Group, a privately-held commercial real estate investment and management firm based in Great Neck, N.Y. Namdar Realty Group did not respond to a request for comment In his slide presentation, Conrad said that the status of Sunrise Mall is "unacceptable" for Citrus Heights "and will only continue to worsen" with the recently announced closure of Macy's. "Namdar has not demonstrated any increased urgency in response to Macy's closure announcement," Brown said. "The city continues to engage with all property owners and potential investors to support the redevelopment of the site." Conrad described the revitalization of the mall would take place in two main phases. Phase 1 would include construction of Home Depot, In-N-Out, two other fast-food restaurants, Judi's Cleaners and Lucky Stripe's Entertainment. According to Conrad's Sunrise Tomorrow Evolution website, Phase 2 would involve placing tenants in the northern section of the mall. Tenants would be dictated by market demand and be subject to city approval, according to the website.

Brown also provided a map outlining the multiple parcel owners of Sunrise Mall.

Antioch Street LP owns the parcel at the corner of Sunrise Boulevard and Greenback Lane where a proposed hotel is under consideration. The US Bank

will remain on an existing 0.93-acre parcel while allocating 1.48 acres for a future hotel development, as well as a 0.38-acre parcel anticipated for retail or restaurant use.

"While the city is in contact with each owner independently, there has not been a formal threeway conversation," Brown said.

"There has been no current interest from any developer to move forward with the plan as it is written and there is widespread acknowledgement that there needs to be more flexibility to ensure plans for the space are economically viable," Conrad said in his concluding remarks

Close your eyes for just a moment and imagine it's opening night of the 2024/2025 basketball season. The public address announcer introduces the following players for the Kings, Malik Monk, DeMar DeRozan, Keegan Murray, Zach Lavine, and Domantas Sabonis.

Noticeably absent is of course DeAaron Fox, but even so, how did that lineup sound? Oh, did I mention that Jonas Valanciunas is backing up Sabonis, and we added 2nd year man Jake LaRadia, recently acquired from the Memphis Grizzlies.

The starting lineup features three players that have multiple all-star appearances, and the potential scoring power from these five players should wet your lips.

On Saturday night against the only team in the NBA that beat the Kings six times in the 2023/2024 campaign, all three of the recent acquisitions were available and playing for the Sactown ballers.

The first quarter was a basketball nightmare as the hometown team went down by 20 points early, and Kings killer Zion Williamson took the Kings to the woodshed. It was not a pretty sight as Williamson and the Pelicans did pretty much whatever they wanted to do.

The Kings drew within 11 points at halftime, but the best was yet to come. As if deciding it was time to show the faithful hometown crowd what this new assembly was capable of, Sacramento rung up 45 points in the third quarter, and astoundingly held the Pelicans to only 22 points.

Fans were treated to show rarely seen, but it couldn't have come at a more prodigious time. The Sactown boys wowed the home crowd with a collection of 3's, fast break scores, frenetic defense, and in general treated the fans to a glimpse of what this new iteration of players are capable of.

In the end the Pelicans made a game of it, but even after briefly taking the lead in the 4th quarter, the Kings bore down and played solid down the stretch, putting this contest in the win column by the score of 123-118.

What a relief to break the Pelicans winning streak over the Kings, but more importantly, it was eye opener to see what these players are capable of doing together.

Keep your eyes on Zach Lavine, as he is getting better every game. He is known for being a high percentage 3-point shooter, and although that has yet to be seen in his new uniform, I am looking for him to break out soon.

The real question that every fan is asking themselves, is can this team make the playoffs this year?

Players need to play, and coaches need to coach, but the short answer is yes.

I will say again, coach Christie needs to pay close attention to who is on the bench, and I'm particularly talking about Isaac Jones. Isaac makes his presence felt every time he's on the court, and with his length is constantly getting his hands on the ball.

The Kings have a real NBA defender in Keon Ellis, and I believe Isaac Jones can compliment that defensive effort. He has a nice touch around the rim, can rebound, and in general looks like he belongs when given the chance.

6'9" rookies with game are a hard commodity to find, and he's already signed to a contract, and showing up for every game.

Just as Mike Brown brought Keon Ellis along last year, and he's paying dividends now, so can Isaac Jones find ways to make the Kings a better team.

True, the Pelicans did not have a good win-loss record, but the win on Saturday night was more than that. If you want to get excited, go back and watch the 3rd quarter again and then sit back and imagine what might be.

The Sactown boys hit the road for three games, starting with the Dallas Mavericks Monday, and then on to New Orleans for back-to-back games on Wednesday and Thursday nights.

These three games will give fans a better glimpse into the new team chemistry, and in the tightly packed western conference, just one four- or five-game winning streak can catapult a team into playoff contention.

Hold onto your seats Kings fans, because the best is yet to come!

## **Social Security Matters** *Why was Social Security Money Moved to the General Treasury?*

By Russell Gloor, AMAC Certified Social Security Advisor

Dear Rusty: Why were the Social Security funds moved from the Social Security account to the General Fund with the government? Is it not then called a tax making it an entitlement? That then gives the government control of our retirement. Most of us feel that someone should be in charge and use the Social Security fund with investments that grow our savings.

I invested my 401K and savings, and the original amount made me money during the Trump years, and I'm now trying to catch up. I make this statement because I draw more from my investments than I receive from Social Security. *Signed: Questioning Senior Citizen* 

**Dear Questioning Senior:** I'm afraid I must inform you that no Social Security funds have ever been moved from the Social Security account to the government's General Fund – this is a pervasive myth which we have refuted many times over the years. For information, here is one of many articles I have published on this topic, which I hope you find interesting: https:// socialsecurityreport.org/ ask-rusty-about-repaying-social-security-money-taken-by-politicians/.

Someone actually is charged with monitoring our Social Security funds – a board of Social Security Trustees consisting of the Secretaries of Treasury, Labor, and Health & Human Services, as well as the Commissioner of Social Security plus two Public Trustees. Each year the Social Security Trustees do a complete analysis of the Social Security program, especially its financial status and outlook for the future. If you have interest in the Trustee's latest annual report, here is a link to the 2024 analysis: https:// socialsecurityreport.org/ wp-content/uploads/2024/05/ tr24summary.pdf.

What you will find in the Trustees' report is that Social Security will run out of reserved funds in about 2033, necessitating an across the board cut of about 21% for everyone, unless Congress acts soon to reform the program and restore it to fiscal solvency. The Trustees have warned Congress about this problem for many years, but Congress has yet to find the bipartisan cooperation needed to fix the problem.

AMAC (the Association of Mature American Citizens) has steadfastly offered proposals to Congress which would restore Social Security to solvency and will continue to do so with the new 119th Congress, which convened on January 3, 2025.

Please know that we appreciate your feedback and commend you for the wise use of your 401k investments, something that many of our members find necessary to supplement their Social Security. Remember, Social Security was never intended to provide all your retirement income, so earlier saving to supplement your retirement financial needs was a very wise move on your part.

## California Schools Continue to Struggle with Test Scores in Reading and Math

#### By Dan Walters, CALMatters.org

When Gov. Gavin Newsom issues one of his periodic boasts about California's superiority vis-a-vis other states — particularly those with conservative politics such as Texas and Florida he conveniently omits aspects that are less than admirable. The exclusions include California's levels of poverty, homelessness, unemployment, utility bills and housing costs that are the nation's highest, or close to it.

One of California's starkest — and most important — letdowns is the consistent failure to help elementary and middle school students achieve higher national test scores in basic educational skills, such as reading and math.

Simply put, California's education system is not only behind most other states, but even trails those that Newsom and other Californians consider to be culturally backward. Moreover, California schools have not yet recovered from the educational losses suffered during the COVID-19 pandemic.

This harsh reality is revealed in the latest round of academic testing by the federal National Assessment of Educational Progress. The data are voluminous and difficult to parse, but EdSource, a nonprofit news outlet devoted to charting California education trends, has thankfully "The latest scores show mostly no progress," EdSource reported last week. "Scores in fourth and eighth grade reading fell again, leaving California 9 points and the nation 8 points below 2017. Math was mixed — up in fourth grade, but not enough to catch 2019, with eighth grade taking another dip."

EdSource further found that average scores "mask widening disparities between the highest and lowest-performing students. On fourth grade reading, student scores at the 90th achievement percentile fell 1 point between 2019 and 2024, and scores at the 75th percentile fell 3 points. However, scores for students in the 10th percentile fell 10 points, and for students in the 25th percentile, they fell 8 points."

Stubbornly low levels of reading and mathematics skills among elementary and middle school students are particularly worrisome because they are tools that must be mastered to successfully navigate high school and post-graduation college classes or job training. The lapses not only affect the students' chances to become successful adults but the state's needs for an educated workforce and voting public.

Current data underscore that negative effect. While California has a huge homeless population and more than a million members of its labor force are jobless, employers are also finding it very difficult to fill job vacancies with workers who are either skilled or can be trained.

This isn't a new issue. California has been lagging behind other states for decades and has a chronic "achievement gap" between dents and those from more privileged circumstances.

More than a decade ago, then-Gov. Jerry Brown and the Legislature overhauled school finance to provide additional funds to schools with large numbers of students at risk of failure. While countless billions of dollars have been rerouted, the outcomes have improved only fractionally at best.

Money is certainly a factor in the quality of instruction. The state has sharply boosted spending on schools in recent years and they would have nearly \$25,000 per student in Newsom's proposed 2025-26 budget. Newsom has fostered additional state aid for kindergarten and pre-kindergarten, the state is now providing universally free lunches, and has implemented early screening to detect reading deficiencies.

Those are potentially positive steps to close achievement gaps, but money is not the only factor. EdSource notes that "some states whose scores exceeded California's on fourth-grade reading, including Mississippi, Connecticut and Colorado, adopted comprehensive reading plans grounded in the science of reading."

That's the current term for phonics, which California's education establishment has often resisted despite ample evidence that it improves kids' ability to read.

.Dan Walters is one of most decorated and widely syndicated columnists in California history, authoring a column four times a week that offers his view and analysis of the state's political, economic, social and demographic trends.  $\star$

Dave Ramsey

Dear Dave.

I stopped contributing to my 401(k) temporarily to help us build an emergency fund a little faster. Things are going slowly, though, and I'm getting worried. My wife and I are both 46, have no debt except our home and we have a combined household income of \$100,000 a year. We have \$20,000 in a single stock, and I was wondering if we should cash out that stock and use the money for our emergency fund.

#### - Doug

#### Dear Doug,

That's exactly what I'd do. I'd cash out that stock as soon as possible, and put the cash in a simple money market account with check writing privileges and no penalties for early withdrawals.

Basically, your emergency fund is in stock right now, and that's a bad place to keep it. You never know when life will throw unexpected expenses your way, or when the stock market will go down. You always want your emergency fund to be safe and easily accessible. Remember, your emergency fund is insurance-not an investment.

After that, make sure you keep pushing forward and jump back into Baby Step 4. That means start pour-

ing money into your 401(k) again.

Great question, Doug! - Dave

#### The Tortoise and the Hare

#### Dear Dave,

I'm trying to get out of debt and start handling my money better. Should lower the amount I'm contributing to my 401(k) so I can pay off my car and house faster?

#### Austin

#### Dear Austin,

I can tell you're excited about the idea of getting out of debt. And that's a good thing! But I don't want you to get ahead of yourself when it comes to gaining control of your finances.

Here's my Baby Steps plan. The first thing you should do is set aside a beginner emergency fund of \$1,000. That's Baby Step 1. Next comes Baby Step 2, which means paying off all your debt, except for your house. This would include your car. During this time, you should temporarily stop any kind of investing and retirement contributions, so you can attack your debt with a vengeance.

Once your mortgage is the only debt you have, it's on to Baby Step 3. This means you start saving money to grow your beginner emergency fund into a fully-funded emergency fund of three to six months of expenses. After that, it's on to Baby Step 4, which is investing 15 percent of your pre-tax income for retirement. In your case, that would mean re-starting contributions to your 401(k).

The rest of the plan goes like this. Baby Step 5 is putting money into your kids' college funds, if you have kids. Baby Step 6 is focusing on paying off the house early, and then comes the real fun. Baby Step 7 is where you build wealth and give like crazv.

It may take a little time in some cases, but there are millions of people out there who will tell you thisfollowing the Baby Steps works!

#### By Bob McGarvey

There is a wonderful list of events that are happening in the City of Rancho Cordova this year, and that list can be found in the Cordova Community Council office and in different places.

On March 14, many will be at the Community Volunteer Awards. The California Capital Airshow will happen on Saturday, March 22 to Sunday, March 23. I hope that the rain will not be coming down that weekend.

There are quite a few more things such as Movies in the Park, the Rancho Cordova Fourth of July Celebration and Friday Night Concerts again.

There are more wonderful things going on in Rancho every year, so I hope you will be able to see all of these events.

Also going on is the Mills Station Arts & Culture Center (MACC) where everyone can see the visual arts events. We saw many of the events there last year and there are

## **And Another Thing**

## We Have **Great Events**

ing their work and music is presented there, too.

I had a conversation about our city's budget and compared it with a few other cities. This year, Sacramento is operating its budget with \$77 million in the red and Folsom City is \$20 million in the red. We have been very fortunate to have our city's budget operating in the black

every year. I am looking forward to no longer having to pay the county the revenue neutrality payments. We had to pay that before we were allowed to vote on becoming a city. The year 2028 will be the end of having to pay the revenue neutrality payments. The county said we had to pay every year for 31.5 years. We went to court and we are now paying for 25 years. The money increased every year and the last year was over \$11 million.

I began looking at some of the great things that have happened to our community after we became a city. I know that many other things were done before

really talented artists show- we were able to vote. As I said earlier, we had to go through the LAFCO or the Local Agency Formation Commission.

Some of our history includes the Cordova Community Council, which was founded in 1959 as a nonprofit organization to foster civic engagement and community celebration in Rancho Cordova. I know the council would begin the year meeting in September at the Officers Club at Mather Air Force Base. The Mather Air Force Base was one of the two organizations (Aerojet General was the other) which forced Rancho Cordova to grow and expand in the 1950s and until we became a city in 2003.

I am glad that the rain has begun again. Something we don't need again is a drought. The fires around L.A. made me very worried about the people in LA. I am very pleased that the fires are now controlled.

From Bob McGarvey, God bless, and see you next time.

## **Assemblyman Hoover Introduces Bill to Increase Penalties on Looting**

Josh Hoover

#### Office of Assemblyman Josh Hoover News Release

SACRAMENTO, CA (MPG) - On Jan. 23, Assemblyman Josh Hoover (R-Folsom) announced the introduction of Assembly Bill 271 to help protect fire victims from additional hardship by increasing penalties on looters during declared states of emergency.

"Criminals continue to prey on victims of the wildfires in Los Angeles and across the state, callously stealing valuables from people who have been driven from their homes and are experiencing unimaginable heartache. Clearly, our penalties are not sufficient to deter those willing to exploit vulnerable individuals during this disaster," Assemblyman Hoover said. "We must do more to protect victims during these tragic events and send a message that these crimes will not be tolerated."

AB 271 allows a felony to be charged for offenders who commit burglary or grand theft in an area where a state of emergency, local emergency, or an evacuation has been called. It also imposes a two-year sentence enhancement for those who impersonate a government employee, such as a firefighter or peace officer, a tactic being used by some criminals to gain access to homes.

Josh Hoover represents Assembly District 7, which includes the cities of Citrus Heights, Folsom, and Rancho Cordova and the unincorporated communities of Carmichael, Fair Oaks, Foothill Farms, Gold River, Mather, McClellan Park, North Highlands, Orangevale and Rosemont.

Notice To Potential Bidders: If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property.

You should also be aware that

the lien being auctioned off may

be a junior lien. If you are the

highest bidder at the auction, you

are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property. Notice To Property Owner: The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call (877) 440-4460 or visit this Internet Web site www. mkconsultantsinc.com, usina the file number assigned to this case 240916570. Information about postponements that are very short in duration or that ocne to the cur close in sale may not immediately be reflected in the telephone information or on the Internet Web site. The best way to verify postponement information is to attend the scheduled sale. Notice To Tenant: You may have a right to purchase this property after the trustee auction pursuant to Section 2924m of the California Civil Code. If you are an "eligible tenant buyer," you can pur-chase the property if you match the last and highest bid placed at the trustee auction. If you are an "eligible bidder," you may be able to purchase the property if you exceed the last and highest bid placed at the trustee auction. There are three steps to exercising this right of purchase. First, 48 hours after the date of the trustee sale, you can call (877) 440-4460, or visit this internet website site www.tlssales.info, using the file number assigned to this case 240916570 to find the date on which the trustee's sale was held, the amount of the last and highest bid, and the address of the trustee. Second, you must send a written notice of intent to place a bid so that the trustee receives it no more than 15 days after the trustee's sale. Third, you must submit a bid so that the trustee receives it no more than 45 days after the trustee's sale. When submitting funds for a bid subject to Section 2924m, please make the funds payable to "Total Lender Solutions, Inc. Holding Account". If you think you may qualify as an "eligible tenant buyer" or "eligible bidder," you should consider contacting an attorney or appropriate real estate professional immediately for advice regarding this potential right to purchase. # **Office of Traffic Safety Swears in New Director**

#### California Office of Traffic Safety News Release

**SACRAMENTO, CA (MPG)** - Stephanie Dougherty was officially sworn in Jan. 13 as the new director for the California Office of Traffic Safety (OTS). Appointed by Gov. Gavin Newsom in December, Dougherty will also serve as the governor's representative for highway safety at the federal level.

"I am honored to lead the Office of Traffic Safety and work alongside a team of dedicated professionals and with our partners to advance our urgent mission of saving lives," Dougherty said. "Together, we will focus on innovative solutions, community engagement and education to promote a strong safety culture and make our roadways safer for all Californians."

Dougherty most recently served as deputy secretary of Transportation Safety and Enforcement at the California State Transportation Agency (CalSTA) since 2016. She held multiple roles at the Department of Motor Vehicles from 2008 to 2016, including chief of enterprise planning and performance. Dougherty has also worked in a research and policy capacity for several state

commissions and previously held project management positions with Blue Shield of California and Deloitte Consulting.

Dougherty earned a Master of Public Administration degree from the University of Southern California and a Bachelor of Arts degree in history from Stanford University.

"I am excited to have Stephanie take the lead at OTS during this important time for traffic safety," said Transportation Secretary Toks Omishakin. "Her experience in the safety arena and her expertise on legislative and policy issues will help guide OTS in the right direction as we continue the critical work toward our goal of zero traffic deaths."

Through grant funding made available to California by the National Highway Traffic Safety

Administration (NHTSA), the Office of Traffic Safety funds more than \$140 million annually in innovative, evidence-based education and enforcement programs and technologies designed to improve road safety. The hundreds of projects funded throughout the state address alcohol and drug-impaired driving, distracted driving, seat belts and child safety seats, bicycle and pedestrian safety, emergency medical services, police traffic services and traffic records.

As the Office of Traffic Safety Director, Dougherty will set annual goals and priority areas for safety programs in the Highway Safety Plan and Strategic Highway Safety Plan aimed at reducing the number of victims killed and injured on California roads. She is also responsible for preparing an Annual Performance Report that highlights accomplishments in traffic safety efforts, as well as working with other agencies and partner organizations on new and innovative safety measures.

## **Snowpack Dips Well Below Average in Second Snow Survey**

California Department of Water Resources News Release

SACRAMENTO, CA (MPG) - The Department of Water Resources (DWR) Jan. 31 conducted the second snow survey of the season at Phillips Station. The manual survey recorded 22.5 inches of snow depth and a snow water equivalent of 8 inches, which is 46 percent of average for this location. The snow water equivalent measures the amount of water contained in the snowpack and is a key component of Department of Water Resource's water supply forecast. Statewide, the snowpack is 65 percent of average for this date.

On Jan. 1, the statewide snow-

pack was 108 percent of average after a series of large storms in November and December boosted snow totals in the Northern Sierra, but significant regional differences kept the Central Sierra just below average and the Southern Sierra well below average. An excessively dry January has pushed the Northern Sierra back to near average, the Central Sierra to 58 percent of average, and has led the Southern Sierra Nevada to fall to under 50 percent of average.

"Despite a good start to the snowpack in the Northern Sierra in November and December, we can look back as recently as 2013 and 2021 to show how quickly conditions can change for the drier," said Department of Water Resources Director Karla Nemeth. "California missed out on critical snow-building storms in January which has pushed the state down below average for this time of year. While we are excited to see some storm activity in the coming days, sustained periods of no precipitation can dry the state out very quickly. For each day it's not snowing or

raining, we are not keeping up with what we need."

DWR's electronic readings from 130 stations placed throughout the Sierra Nevada indicate that the statewide snowpack's snow water equivalent is 10.5 inches, or 65 percent of average for this date. While forecasts show storm activity may pick up in February, California has seen several years in recent history with large early season snow totals, only for predominantly dry conditions to dominate the rest of the season.

California has effectively managed its reservoirs to keep storage above average for this time of year. Lake Oroville, the State Water Project's largest reservoir, is currently at 126 percent of average for this time of year. San Luis Reservoir, which is jointly operated by the U.S. Bureau of Reclamation, is at 101 percent of average for this time of year. Reservoirs in Southern California are also near or above their historical averages.

Measuring California's snowpack is a key component that guides how California's water supplies are managed. The data and measurements collected help inform water supply and snowmelt runoff forecasts, known as Bulletin 120, that help water managers plan for how much water will eventually reach state reservoirs in the spring and summer. This information is also a key piece in calculating State Water Project allocation forecasts each month.

Despite some recent rain, Southern California is still well below average for yearly precipitation. To prepare for any weather the region may see the rest of the season, Department of Water Resources has deployed over 30 Watershed Protection Specialists to assist with the Watershed and Debris Flow Task Force organized by the California Office of **Emergency Services (CalOES).** Members of this task force, including Department of Water Resources, CalOES, CAL FIRE and over 400 members of the California Conservation Corps. have been working around the clock to protect watersheds around burn scars, place materials to mitigate the risk of debris flows and ensure regional infrastructure including debris flow basins are prepared for incoming storm activity.

On average, California's snowpack supplies about 30 percent of California's water needs. Its natural ability to store water is why California's snowpack is often referred to as California's "frozen reservoir." Data from these snow surveys and forecasts produced by Department of Water Resources's Snow Surveys and Water Supply Forecasting Unit are important factors in determining how Department of Water Resources manages the state's water resources.

Department of Water Resources conducts four or five media-oriented snow surveys at Phillips Station each winter near the first of each month, January through April and, if necessary, May. The next survey is tentatively scheduled for Feb. 28. ★

## **Delta Stewardship Council Dismisses Appeals**

#### California Department of Water Resources News Release

**SACRAMENTO, CA (MPG)** - On Jan. 23, the Delta Stewardship Council affirmed that the Department of Water Resources' (DWR) planned geotechnical investigations are not a "Covered Action" under the Delta Reform Act. Therefore, the Delta Stewardship Council dismissed all appeals on the grounds that it does not have jurisdiction over these planned geotechnical activities.

To come to that conclusion, the Delta

Stewardship Council considered whether project proponents can consider portions of a project in the Delta Plan consistency process. In consideration of the scope of the 2024-2026 Proposed Geotechnical Activities, the Delta Stewardship Council found that Department of Water Resources was able to consider geotechnical activities independently from the Delta Conveyance Project.

Although the 2024-2026 Proposed Geotechnical Activities are not a Covered Action, the activities are important. They are expected to yield important data about soil properties and water quality. This data, in turn, will inform the planning and design of the Delta Conveyance Project as well as the extensive list of future funding and permitting decisions that are required before Department of Water Resources could implement the Delta Conveyance Project.

Department of Water Resources staff appreciate the time and effort that the Delta Stewardship Council put into the hearing process and agrees with its conclusion. Based on the Delta Stewardship Council decision, the Department of Water Resources hopes to proceed with this important data collection work in the near future.

As noted by the Delta Stewardship Council, the determination only applies to the 2024-2026 Proposed Geotechnical Activities. Department of Water Resources acknowledges that it will need to continue working toward the development and submission of a future certification of consistency for the Delta Conveyance Project.
