typically being about a third the size and focusing on grocery, pharmacy and pet supplies. A Walmart Super Center is located at 7010 Auburn Blvd. in Stock Ranch in Citrus Heights.

Much of the initial construction work is being performed at night with the interior walls of the store already repainted from yellow to white.

According to local store management, customers shouldn't be inconvenienced by the ongoing renovations as they shop. No changes to daily business operations or online grocery ordering is planned, said store staff.

A fenced-off portion of the main parking lot in front of the retail grocery store is set aside by the general contractor for its equipment trailers. Blue banner signage placed by Walmart announces a new look which is coming soon.

The renovation project is being performed by the Northern California office of Tri State General Contractors, based in Shingle Springs, CA. Incorporated in 2008, Tri State General Contractors specializes in retail and commercial construction.

In all, Walmart stores across the country are slated for remodels as the retail giant has announced plans to refresh more than 650 stores this year.

According to a recent Walmart press release, this calendar year will bring "new and bolder signage, new displays, expanded department and expanded online pickup and delivery areas" to this Citrus Heights grocery store and others across the nation.

The Citrus Heights Walmart pharmacy will also get a rebrand to have wider aisles, private checkout areas and private screening rooms, according to the retailer.

Additionally, Walmart states the remodels will focus on "sustainability, including more energy-efficient equipment, lighting and lower impact refrigerants."

When the remodeled Citrus Heights Walmart Neighborhood Market is completed, customers will walk into "a brighter, more inviting space better designed around how they shop today", according to the company.

While some renovation updates vary by location to meet the specific needs of the community, Walmart announced that most stores will feature expanded aisles and reconfigured layouts that create more space and make it easier to navigate.

Walmart Neighborhood Grocery is located at 6197 Sunrise Blvd. in the MarketPlace at Birdcage at Citrus Heights. Call 916-560-0031 for store hours and information. ★

The initial Annual Percentage Rate (APR) is currently 6.75% for a new Home Equity Line of Credit (HELOC), and is fixed for the first 5 years of the loan which is called the draw period. After the initial 5 year period, the APR can change once based on the value of an Index and Margin. The Index is the weekly average yield on U.S. Treasury Securities adjusted to a constant maturity of 10 years and the margin is 3.50%. The current APR for repayment period is 7.75%. The maximum APR that can apply any time during your HELOC is 15%. A qualifying transaction consists of the following conditions: (1) the initial APR assumes a maximum HELOC of \$200,000, and a total maximum Loan-to-Value (LTV) of 70% including the new HELOC and any existing 1st Deed of Trust loan on your residence; (2) your residence securing the HELOC must be a single-family home that you occupy as your primary residence; (3) if the 1st Deed of Trust loan is with a lender other than El Dorado Savings Bank, that loan may not exceed \$300,000, have a total maximum Loan to Value (LTV) of 65% and may not be a revolving line of credit. Additional property restrictions and requirements apply. All loans are subject to a current appraisal or property evaluation, which typically range from \$100 to \$1,000. This cost will be disclosed in your commitment letter and paid at loan closing. Property insurance is required and flood insurance may be required. Rates, APR, terms and conditions are subject to change without notice. Other conditions apply. A \$525 early closure fee will be assessed if the line of credit is closed within three years from the date of opening. An annual fee of \$85 will be assessed on the first anniversary of the HELOC and annually thereafter during the draw period. Ask for a copy of our "Fixed Rate Home Equity Line of Credit Disclosure Notice" for additional important information. Other HELOC loans are available under different terms.

# It's Time to Fix Broken Public Safety Laws That Endanger Children

Josh Hoover

By Assemblyman  
Josh Hoover

I was shocked and horrified this past month when California's Board of Parole Hearings recommended the release of serial child sex predators David Funston and Gregory Vogelsang back into our community.

In 1999, Funston was convicted of 16 counts of child molestation and kidnapping after terrorizing multiple young victims across the Sacramento

region. He received 20 years in prison plus three consecutive life terms. At his sentencing, the judge called him "the monster parents feared the most" and said, "there is no man on the face of the earth who deserves this sentence more."

In the same year, Vogelsang was convicted on dozens of counts of sexually assaulting at least five young boys in Citrus Heights, including a child as young as 3 years old. He was sentenced to 355 years to life in prison. Neither of these sexually violent predators were ever supposed to see the light of day.

However, in 2017 Legislative Democrats passed AB 1448 establishing the Elderly Parole Program that allowed inmates over age 60 to be considered for release after serving only 25 years. Three years later Governor Gavin Newsom signed AB 3234, which lowered the age of eligibility to 50 and time served

to only 20 years. The Parole Board's ability to release Funston and Vogelsang was a deliberate choice by Sacramento politicians, who placed the interests of criminals over the interests of public safety.

Thanks to the swift action of the Placer County District Attorney, Funston was immediately detained after leaving state prison. He now faces new charges stemming from the sexual assault of a young child in Roseville in 1996. Vogelsang's parole was also delayed thanks to an organized effort by the public to oppose his release.

These are both important, albeit short-term, victories for public safety, but it should never have made it to this point. Governor Newsom and the Legislature bear responsibility to ensure Funston, Vogelsang, and other predators never get the chance to re-victimize our children.

The first step is fixing the

broken policies that enabled this. I have introduced legislation that would give the Governor authority to deny parole in violent felony cases—the same power he already holds in murder cases. I have also coauthored a bill with Senator Roger Niello to exclude sex offenses involving children and other serious crimes from the Elderly Parole Program entirely.

The second step is accountability for the Newsom-appointed Parole Board. The Governor should remove every member who voted to free Funston and Vogelsang. Prior to his release, Funston himself even admitted that he remains attracted to female children and outlined his need for an "urge control plan." In no world should a monster like him be deemed safe for release.

Every child in California should feel safe playing in local parks or walking to school. Yet the Supermajority has repeatedly

passed policies that endanger families and weaken protections. We can no longer tolerate this reckless approach to public safety.

The time for reform is now. I urge my colleagues to change the law without delay. Governor Newsom must also hold the Parole Board accountable and prioritize the safety of our communities. California's children deserve nothing less.

## California Farm Bureau Celebrates Passage of Farm Bill

### California Farm Bureau News Release

**CALIFORNIA (MPG)** - California Farm Bureau President Shannon Douglass commented recently on the House Agriculture Committee's bipartisan passage of H.R. 7567, the Farm, Food, and National Security Act of 2026. She said:

"California Farm Bureau applauds the House Agriculture Committee's bipartisan passage of the Farm, Food, and National Security Act of 2026. We greatly appreciate Chairman G.T. Thompson's ongoing dedication to advancing the farm bill process and including key provisions that will modernize farm policy, increase certainty and enhance the competitiveness of California farms and ranches. We especially thank California Reps. Jim Costa and Adam Gray for their support of the bill and their ongoing support for California

farmers and ranchers.

"Farmers and ranchers have been without certainty of a new farm bill since it first expired in 2023, and have been grappling with low commodity prices, rising supply costs, inflation and uncertain international trade dynamics. While there is still more work to be done, passage of the Farm, Food, and National Security Act would provide California producers with assurance of a full five-year farm bill, thus strengthening America's rural communities. We urge House leaders to move swiftly and bring H.R. 7567 to a vote on the floor."

The California Farm Bureau works to protect family farms and ranches as part of a nationwide network representing more than 5 million Farm Bureau members. Learn more at [www.cfbf.com](http://www.cfbf.com) or follow @cafarmbureau on Instagram, LinkedIn, X or Facebook. ★

# Wilton Ranch, Republic FC to Build Region's Largest Sports Venue

## Sacramento Republic FC News Release

**SACRAMENTO, CA (MPG)** - Wilton Rancheria and Sacramento Republic FC have announced that Republic Stadium at The Railyards will be constructed as a 20,000-plus seat soccer-first venue, forgoing the original plans to grow through phased expansion. The decision reflects the collective ambition of the club, its tribal ownership, and the Sacramento community – a commitment to build something worthy of the passion this region has long shown for its Indomitable Club.

The announcement builds on the momentum of the stadium's groundbreaking in August 2025 – the furthest the project had advanced in more than a decade. As construction became a reality, so did the scale of opportunity and Wilton Rancheria's ability to deliver a stadium that meets the full vision from day one.

"With this stadium, Wilton Rancheria is reclaiming our space and matching the ambition of the region," said Jesus Tarango, Chairman of Wilton Rancheria. "As a Tribe of firsts, we're proud to deliver a 20,000-plus seat, soccer-first stadium – the largest professional sports and entertainment venue in the region – and a home where community comes

together and our collective future takes shape."

"Building bigger is a catalytic investment in the long-term transformation of downtown Sacramento," said Chris Franklin, COO for Wilton Rancheria. "Wilton Rancheria is bringing the capital, vision, and execution needed to turn this site into a destination that drives economic impact, community connection, and sustained growth for the entire region."

"For years, we have known what our fans deserve and what this region is capable of supporting. The response to groundbreaking removed any

remaining doubt," said Republic FC Managing Partner Kevin Nagle. "A 20,000-seat Republic Stadium – with a roof over every seat, safe standing for our supporters and world-class amenities throughout – is not an overreach. It is exactly the venue Sacramento has earned, and we are proud to deliver it."

Republic Stadium is designed to set a new standard for the soccer and outdoor entertainment experience in Sacramento. In addition to an expanded capacity, various investments in fan experience and comfort will be elements of a world-class venue. The most prominent feature, as requested

by fans, will be the overhead canopy that will provide coverage for every seat. The four massive trusses weighing 3,800 tons – three times the tonnage of the Tower Bridge – across the top of the canopy will become distinct additions to Sacramento's skyline and be recognizable across sports. The open-air design, featuring perforated cladding and open corner terraces, will allow natural airflow and help fans take advantage of Sacramento's signature evening cooling, keeping the environment comfortable throughout the summer season.

Preparation work on the site was completed in late 2025.

Before the end of April, essential public infrastructure work including streets, utility work, and storm drains, will begin ahead of stadium foundations and then vertical construction. With the addition of the canopy structure and associated investments, construction will continue through 2027, with Republic Stadium on track to open in 2028 as the permanent home of the Indomitable Club and a premier destination for major soccer competitions, concerts and landmark events in Northern California. Republic Stadium will serve as the catalyst for a new Sacramento neighborhood – one that doubles the footprint of downtown, revitalizes a site that has sat vacant for half a century, and restores a connection to the ancestral home of Wilton Rancheria.

Fans interested in securing their place in Republic Stadium are encouraged to visit 20KStadium.com for information on deposit options and priority seating. Further announcements on stadium milestones, community programming, and additional development details will follow in the months ahead. Season Ticket Members and depositors will be among the first to check out the features and amenities of the stadium at the club's experience center that will open later this year. ★

# Women's Soccer Adds Braun

## Sacramento State Athletics News Release

**SACRAMENTO, CA (MPG)** - Janae Braun, who served as a volunteer assistant with the Sacramento State women's soccer program in 2025, has been added as a full-time assistant coach for the Hornets beginning with the 2026 campaign Head Coach Tim Strader announced on March 25.

"Janae brings a wealth of high-level experience, both as a professional player with international experience and as a coach, having gained valuable experience as a member of a successful Division I program," Strader said. "I am excited to begin this journey with her as I know the immeasurable impact she will have on our student-athletes' holistic development. Her passion, knowledge of the game and ability to genuinely connect with people instantly set her apart."

Braun (née Gonzalez) joined the Sacramento State sideline after spending two years as an assistant coach at her alma mater, UC Davis, from 2023-25 before being named interim head coach following the 2024 campaign during a coaching transition. She also served in the same capacity with the Hornets following the 2025 campaign prior to Strader's arrival in March of 2026.

"When assembling our coaching staff, it was my top priority to find coaches that are invested into mentoring student-athletes, have an ability to build quality relationships, while also understanding championship standards, and this is exactly what Janae is as a coach," Strader said. "We have big goals as a program, and I know the significant role she will have in helping us achieve them in the years to come."

In her first season with the Aggies, Braun helped guide UC Davis to a second-place finish in the competitive Big West Conference for the second straight season while mentoring five all-conference

selections as the team went on to finish 10-7-2 overall and 6-2-2 in league play.

A year later, the Aggies finished 13-5-2 overall and duplicated their effort in league play in 2024, posting the most wins in school history since the 1998 team finished 13-6-1 overall.

She also has experience coaching at the club level, serving as head coach of two ECNL Davis Legacy Soccer Club youth teams from 2021-24, and was also an assistant varsity high school coach at Davis HS from 2018-19, helping the Blue Devils to a CIF Sac-Joaquin section title and a second-place finish at NorCal

Regionals.

As a student-athlete, Braun was a two-year letter winner for the Aggies in 2018-19 after spending her first two collegiate seasons at Santa Clara in 2015-16. A two-time Big West All-Academic selection, she earned All-Big West first team honors during her senior year after leading all Aggies in points (13), shots (34), and goals (six).

While with the Broncos, she was a West Coast Conference All-Freshman Team selection and a two-time WCC All-Academic Team honoree, finishing with four career goals and helping Santa Clara

to an NCAA "Sweet 16" berth in 2015 and a spot in the "Elite 8" in 2016.

She also brings with her an extensive international and professional playing resume, including stints as a member of the U17 Mexican Women's National Team which she helped win the 2013 CONCACAF crown while leading the team in goals (three) and assists (four) as only a junior in high school.

Braun also represented Mexico in the 2014 U17 Women's World Cup, where she was the team's leading scorer, netting goals in wins over Colombia and China during the group stage. Her goal against Colombia that put Mexico up, 3-0, was selected as the best goal of the U17 Women's World Cup by a public vote on FIFA.com.

Her international playing experience continued after graduating from UC Davis, where she signed a professional contract with Club América Femenil, an organization that competes in Liga BBVA MX Femenil, the highest division of women's soccer in Mexico. She also had a stint playing for Mazatlán F.C.

Following her pro career in Mexico, Braun has continued to have a successful career for the California Storm of the Women's Professional Soccer League, where she has been a vital piece, serving as a co-captain. Her highlights include helping the Storm secure the WPSL's Jerry Zaneli Cup in 2022 and the WPSL PAC North Championship in 2023, a year in which she also was named MVP.

## Board Approves Amendment to Fireworks Ordinance

### Sacramento County News Release

**SACRAMENTO COUNTY, CA (MPG)**

- The Sacramento County Board of Supervisors approved amendments to the County's fireworks ordinance during its March 24 meeting, significantly strengthening penalties for the use of illegal fireworks and the unauthorized use of "safe and sane" fireworks.

The ordinance update follows Board direction from November 2025 to increase enforcement measures and better protect neighborhoods, parks and public spaces from the dangers associated with illegal fireworks.

Under the previous ordinance, violators faced escalating fines of \$1,000 for a first violation, \$2,500 for a second violation, and \$5,000 for each additional violation. A fine of \$10,000 was imposed for violations occurring within the American River Parkway, as well as any park or school property.

The amended ordinance introduces a more stringent approach by applying fines for each individual illegal

In Sacramento County, "safe and sane" fireworks are only permitted between 9 a.m. and 10 p.m., from June 28 through July 4. Use outside of these dates and times is prohibited and now subject to enhanced penalties under the updated ordinance.

The amended ordinance will return to the Board for final approval on April 7 and will go into effect on May 7 ahead of the summer season when fireworks activity typically increases.

Sacramento County encourages residents to celebrate responsibly and to report illegal fireworks activity to 916-874-5115 to help keep neighborhoods safe. ★

Participants will strengthen core operational areas such as financial management, leadership development, fundraising, communications and program sustainability, while building relationships with other nonprofit leaders and public partners working to address these critical challenges.

The initiative builds on regional research, including the Sacramento State Institute for Social Research's 2024 Community-Based Organization Landscape Study, which identified opportunities to strengthen nonprofit infrastructure and coordination across the region. By investing in the organizations

closest to community needs, Sacramento County aims to foster a more resilient and connected nonprofit ecosystem.

Eligible applicants include established, mid-sized nonprofit organizations whose core mission and programs focus on homelessness services or food security in Sacramento County. Ideal applicants have active programs, experienced staff and a commitment to strengthening their internal systems to expand their community impact.

**SACRAMENTO COUNTY, CA (MPG)** - Sacramento International Airport (SMF)

continues to elevate the traveler experience with the grand opening of Maggie Café, Centro Cocina Mexicana and New Helvetia Brewing Co. in Terminal A. Located in the

former Iron Horse Tavern space, these three Sacramento favorites reflect the airport's commitment to showcasing local businesses and delivering a more modern, high-quality dining program.

Each concept brings a distinct taste of the region. Maggie Café highlights seasonal, farm-to-table cuisine inspired by the Central Valley's agricultural abundance. As new concepts continue to come online, SMF is strengthening its role as a gateway to the Sacramento region and giving passengers an authentic sense of place from the moment they arrive. ★

# Kings Korner

By V.G. Harris

## Look to the Draft!

With a total of six games to go, the Sacramento Kings have only three teams in the NBA with a worse winning record. That would be the Indiana Pacers and the Washington Wizards with 17 wins apiece, and the team that beat them Sunday, the Brooklyn Nets.

So, what does that mean for the Sactown boys exactly? It means that barring some unforeseen event, the Sacramento Kings are likely poised to qualify for one of the top selections in the upcoming NBA draft. And thankfully, we can finally put a stop to the conversation of tanking!

A professional and storied organization such as the NBA should never have to resort to finding a remedial method to combatting something as pernicious and utterly distasteful as actually trying to lose a contest.

I can't imagine what commissioner Adam Silver must be thinking, and David Stern must be turning over in his grave. Already significant fines have been metered out to teams that have shown evidence of intentionally losing games, and this needs to come to a stop once and for all.

No fan or season ticket holder ever buys a ticket to see his/her hometown team try to lose a game, and if this isn't stamped out now, the NBA will surely be in a world of hurt.

I was gratified to see the Philadelphia Nets put their best effort forward in Sunday night's game with nothing to play for but the gratification of a win.

Sacramento, with eight healthy players to suit up had an abysmal shooting night, scoring just 99 points while shooting 36/84 from the field.

With 19 wins for the season and only six games remaining, one thing is abundantly obvious. The Sacramento Kings will in all likelihood garnish one of the cherished high draft picks in the upcoming lottery.

Nothing is ever cast in stone, but the handwriting is on the wall, and it remains to be seen what acumen Scott Perry really has when it comes to assessing talent. Critical doesn't even begin to describe the importance of having the ability to pick players with the talent to succeed in the NBA, but soon we will see what this relatively new Sacramento GM is going to bring to the table.

Whether big man A.J. Dybantsa becomes available or possibly Cameron Boozer, either of these talented big men could change the landscape of the Kings team.

Yes, we know Rome wasn't built in a day, and I'm not expecting miracles, but sometimes the ping pong balls bounce your way, and just maybe this is the year.

Without a doubt this year's draft will take on monumental interest with the fan base in Sacramento, so let's continue watching the rookies perform and put this season of hurt in the rear-view mirror.

The question is, did we learn anything this year, because I certainly did.

The Kings problems are not relegated to the players alone, and serious question marks rest with regards to the coaching staff of the Sacramento organization. What if anything can be done will loom large as the Kings formulate their team, hopefully build around Domantas Sabonis, and present to the team and the fans a leadership base that has totally changed direction.

This can happen, whether it's getting better at what you do, or whether ownership has to step in and make sweeping changes, going into next season with a staff incapable of teaching players how to shoot free throws or play some semblance of defense, is simply unacceptable.

I would hesitate to guess what Vivek Ranadive is going to do, but the upcoming draft will probably determine which direction his decisions will take him.

So, what's the good news? Good news is the Kings are poised to add an impact player in the draft, and there is abundant talent on this team that has been utterly devastated by injuries all year.

If there is anything positive about a 19-win season, it has been giving the Kings an opportunity to overhaul their roster from top to bottom while picking up castoff former first-round draft picks and giving them a thorough look. Former No. 7 pick in the 2020 NBA Draft, Killian Hayes has already signed a two-year contract.

A good draft, a healthy team, and 2026 can be filled with optimism, and that relates to wins!

*All the best Kings fans!* ★

## Newsom May Spend \$19 Million to Sugarcoat California's Stalled Economy

By Dan Walters,  
CALMatters.org

California hasn't had a truly balanced state budget for four or maybe five years, and the current one continues to overspend its revenues.

Nevertheless, Gov. Gavin Newsom wants to spend \$19 million on a marketing campaign to portray California as having a vibrant economy, to counter "myths driven by misinformation and political rhetoric."

"California and its business climate have been falsely and maliciously maligned for years, and the state has a right to tell the true story — California is a great place to live, work, invest and visit," Newsom spokesperson Tara Gallegos told the Los Angeles Times. "Setting the record straight will benefit every business, worker and resident of this state."

The solicitation of contractors for the campaign quotes a passage from Newsom's State of the State speech: "California has never been about perfection. It's about persistence. The courage of our convictions and the strength to embody them. That's the California Way."

It appears to be a \$19 million contribution from California taxpayers to Newsom's forthcoming campaign for the presidency. The state is

a target of ceaseless social media and internet criticism, some of it far-fetched but, unfortunately, much of it is deserved, such as its seemingly intractable homelessness crisis. Being from California would be one of the hurdles Newsom faces if he seeks the presidency.

The marketing campaign will attempt to put a positive spin on California's economy and business climate, echoing how Newsom typically responds when interviewers ask about corporate migrations and loss of population to other states. He cites California's having the globe's 4th largest economy were it a nation.

The hard fact, however, is that California's economy isn't doing so well these days, and it cannot be dismissed, as Newsom often does, as something dreamed up by political foes.

Take, for instance, a report that the Legislature's budget analyst, Gabe Petek, issued in 2024, describing California's economy as "sluggish."

"California's economy has been in an extended slowdown for the better part of two years, characterized by a soft labor market and weak consumer spending," Petek said, adding, "Outside of government and health care, the state has added no jobs in a year and a half. Similarly, the number of Californians who are unemployed is 25 percent higher than during the strong labor markets of 2019 and 2022. Consumer spending (measured by inflation-adjusted retail sales and taxable sales) has continued to decline throughout 2024."

This week, the California Center for Jobs & the Economy, an offshoot of the California Business

Roundtable, issued a report that mirrors and builds on what Petek said.

"California's economy in 2025 presents a troubling paradox," the detailed report declares. "While the state continues to rank among the largest economies in the world, the underlying data reveals an economy that is no longer delivering broad-based growth, opportunity, or stability."

"Rather than expanding," the report continues, "California's economy is increasingly defined by stagnation in job creation, erosion in its private sector base, and mounting structural challenges tied to affordability and competitiveness. Many of the state's headline strengths — particularly in technology — are masking deeper weaknesses across the broader economy. The data show an economy that has largely stalled since the pandemic recovery, with employment barely returning to pre-2020 levels, private sector job losses accelerating, and consumer activity weakening in real terms."

Newsom obviously wants to spin fables after he's out of office and on the presidential campaign trail.

He'll have plenty of time to spin fables after he's out of office and on the presidential campaign trail.

## Social Security Matters

*I'll be 70 on New Year's Day.*

*When Should I Apply for Social Security?*

By Russell Gloor,  
AMAC Certified Social Security Advisor

**Dear Rusty:** I was born on January 1st, 1958, so I believe Social Security considers me to be 70 as of December 2027. I'm planning on filing when I turn 70 to maximize the payment. I'm not sure if I should start in December, with the first payment in January 2028. Or should I start in January with the first payment in February 2028? I know I can start anytime, however I don't want to file before the maximum payment, even by one month. **Signed: Wanting Maximum Benefit**

**Dear Wanting:** You are correct that if your birth date is January 1, 1958, you are entitled to your full age 70 benefit in December 2027. So, if you claim your SS benefit

to start in December 2027 you will get your maximum benefit amount and you will receive that payment in January 2028 (on the 2nd Wednesday). Basically, anyone born on the first of any month is considered to have been born in the previous month for SS benefit purposes.

You can apply for your benefits up to 4 months prior to your birthday month, and SS usually suggests applying about 3 months in advance to give them time to process your application. When you complete the application, you will specify the month you wish your benefits to start, so applying early does not present a problem. You can either call SSA at 1.800.772.1213 to make an appointment to apply over the phone, or you can apply online at [www.ssa.gov/apply](http://www.ssa.gov/apply).

The one thing you might want to do is put the following in the "Remarks" section of your application for SS benefits: "I do not wish to receive any retroactive Social Security benefits. I want my benefits

to become effective with the first month of my age 70 eligibility (December 2027 because I was born on the first of January)."

Including that remark will ensure that your benefit will be the full maximum amount you are entitled to at 70 years of age, without any reduction. And I congratulate you on choosing a strategy which maximizes your monthly benefit and will likely provide you with the most in cumulative lifetime Social Security benefits.

## The Israel Hoax

we've heard now suggests anything other than that he genuinely relishes killing Iran's leaders and destroying its weapons.

Temperamentally, Trump loves exercising power, always wants to do it on his own authority and seeks to preserve his options. It shouldn't be surprising, then, that as commander in chief of the world's most proficient military, he's been drawn to using and threatening force.

Israel didn't talk Trump into conducting his Venezuela raid, or menacing Denmark over Greenland, or looking to Cuba as his next potential target.

One argument, based on a distortion of remarks made by Secretary of State Marco Rubio, is that Israel forced Trump's hand; it was going to attack Iran no matter what, and we knew U.S. personnel would be hit by Iran in response and would be particularly vulnerable if we didn't hit Iran as well.

Check and mate, Bibi Netanyahu.

The idea, though, that Trump was too sheepish to stay Netanyahu's hand if the Israeli prime minister was about to launch a military operation that Trump opposed and was going to jeopardize American lives is preposterous.

Trump has been happy to say "no" to Netanyahu before. He pressured the Israeli leader into turning back planes at the end of the 12 Day War last June.

By alleging that Israel forced the U.S. into war, the isolationists think they are making a harsh criti-

cism of the Jewish state, but they are really damning Trump. What worse offense can a president of the United States commit than subjugating his own nation to a foreign power? It's a treasonous act that deserves impeachment and removal.

This is exactly why the Russian obsessives so delighted in believing that Trump was a tool of the Kremlin.

Most of the right-wing dissenters blanch at following their own logic. An alternative tack -- seen in intelligence official Joe Kent's resignation letter -- is to argue that Trump was fooled. Kent said there was "a misinformation campaign" that created an echo chamber "to deceive" the president.

This argument is still a stinging condemnation. It paints Trump as an easily manipulated naif, and on a consequential matter of war and peace. In reality, there was no broad-ranging media drumbeat for war and no wave of popular support. This, again, emphasizes how the decision was Trump's, and his alone.

The Russian hoax was, in part, driven by the left's shock at Trump's victory in 2016. Likewise, the isolationists are having trouble processing the fact that the president whom they invested so much in launched a major Middle Eastern war. But Trump was not owned by this faction of the right, any more than he is owned by Israel.

# Gaines Supports California's Disabled Veterans Through Senate Bill 888

**Senator Ted Gaines (Ret.)**  
**News Release**

**SACRAMENTO, CA** - Senator Ted Gaines (Ret.), Vice Chair of the

State Board of Equalization, submitted a letter of support for Senate Bill 888 (Seyarto, R), legislation that would exclude service-connected disability compensation from the definition of "household income" when determining eligibility for the low-income exclusion under the Disabled Veterans' Property Tax Exemption (Revenue and Taxation Code Section 205.5).  
"Our state has a moral obligation to honor the sacrifices of

those who served by ensuring that tax policies do not undermine their financial security. SB 888 is a practical, targeted step toward that goal and aligns with California's commitment to supporting veterans and military families."  
SB 888 proposes to remove this barrier and enable more qualifying veterans and their surviving spouses to benefit from the exemption, helping them afford to stay in their homes and maintain stability in their communities.

In his support letter to Senator Seyarto and members of the Legislature, BOE Vice Chair Gaines states, "I applaud Senator Seyarto for his leadership on this important issue. This commonsense reform recognizes that disability payments are earned for injuries sustained in service to our country, not discretionary or supplemental income. Including these benefits in the income calculation unfairly penalizes disabled veterans, many of whom rely primarily

on Social Security and VA disability payments to make ends meet."  
Senator Ted Gaines (Ret.) was elected to represent the Board of Equalization's First District. He is a leading taxpayer advocate, defender of Prop. 13, and is committed to providing trustworthy and transparent representation for nearly ten million constituents in 34 counties of northern, eastern, and southern California. # Defendant Convicted of Stabbing Murder

**Sacramento County District Attorney News Release**

**SACRAMENTO, CA (MPG)** - Arturo Hernandez was convicted by a jury of the second-degree murder of Anthony Freas. The jury also found true the allegation that Hernandez personally used a weapon.

Hernandez was estranged from his wife when she began dating the victim. When Hernandez learned of their relationship, he got angry. One night, Hernandez tried reaching the wife by phone, but she did not respond. The wife had

fallen asleep with the victim at her apartment. While the pair slept, Hernandez entered her apartment without permission and went to her bedroom. As the victim slept, Hernandez stabbed him multiple times, killing him. Hernandez

then fled the apartment and escaped to Mexico, where he hid for approximately five years before being taken into custody and extradited back to Sacramento for trial.  
Hernandez faces a maximum sentence of 16 years to life in prison. Sentencing is set for April 17 at 9 a.m. in Department 24 before the Honorable Alyson Lewis. ★
