#### Essay: Why I Should Receive the 2026 Ward's ACE Young Producer Scholarship

Hi, I am Lydia Clark and I am 9 years old and in 3rd grade, Mr. Grote is my teacher. He is the best! I love school I. I really like math and reading. I love to read the most though. Chapter books are awesome. Harry Potter is my favorite and I just finished the 4th one and am so excited to start the 5th one! I am an animal lover and if I could ride my horse everyday I would. I live in Malad Idaho and I love it. I love my family and doing sports as well. This is my second year doing 4-H and I love it! Last year I did Horse 4-H and baking. This year I get to do a lamb and It is my first time showing a lamb and I am excited to learn more about them, and how to raise them for 4-H. This will be a new thing for me and I am really glad to have the opportunity to try this this year. I know I can do my best and be the best care giver to my lamb. I am so happy to have the chance to see if I can get

a scholarship. My goal is to give it my all and also is to learn the cost break down of raising and showing a lamb, and also calculating the cost of profit at the end after subtracting all the expenses. I am so excited to be trying something new and would love to earn a scholarship to help me achieve my goals. I feel like this would really help me for future goals too. And I am hoping to learn lots and also learn from the others in my group too. Please consider voting for me and helping me with my goals. Thanks, Lydia Clark
