Where the Little Fish Play

CARMICHAEL, CA (MPG) - Seeing a dry-suited man face-down in the shallows, American River hikers could be excused their alarm.

The snorkeler is Tyler Brownell, one of a biological team surveying salmonid habitat in the river. "I often get startled reactions," Truett told this reporter. "And dogs go crazy at the sight of me."

Employed by Cramer Fish Sciences, Truett and fellow technicians partner with the Sacramento Water Forum. They identify

places where small-fry salmonids shelter to prepare for their migration to the Pacific Ocean. Because the American River has been greatly altered – first by gold diggers, then by dams – Chinooks and steelhead face reproductive challenges.

Over the last 18 years, Water Forum contractors have poured many tons of gravel into the shallows to rebuild lost spawning beds. Project locations have included Nimbus Basin (Gold River), Sailor and Sacramento Bars (Fair Oaks), Ancil Hoffman Park (Carmichael) and River Bend (Rancho Cordova).

State Water Project Allocation Increases Heading into Summer

California Department of Water Resources News Release

SACRAMENTO, CA (MPG) - May 15, the Department of Water Resources (DWR) announced an increase to the State Water Project (SWP) allocation for 2026. The allocation is now 45% of requested supplies, up from the previous allocation of 30% announced on Jan. 29. The allocation establishes how much water the State plans to deliver to the 29 public water agencies served by the SWP, which provides water to 27 million Californians and 750,000 acres of farmland.

In the spring, SWP allocations are based on current hydrological conditions, existing reservoir storage, and remaining snowpack. While California saw record heat in March and early snowmelt, consistent rainstorms in April provided critical runoff through the system that allowed DWR to capture more water and meet environmental regulations without using stored water. Currently, the SWP's largest reservoir, Lake Oroville, is at 99% of capacity. Statewide, reservoirs are 117% of average for this time of year.

The challenge remains that California's snowpack, the state's frozen reservoir, is essentially gone. As of today, the statewide snowpack is just 12% of average. The snowpack peaked in mid-Feb. and has since melted off.

"California's reservoirs are full, but most snowpack melted off weeks ago. We must use this stored water carefully because there's no backfill until next season," said DWR Director Karla Nemeth.

The SWP utilized real-time operational flexibility to benefit water users and the environment despite the fact that so much of this year's precipitation came as rain instead of snow. Water managers at Lake Oroville coordinated closely with the U.S. Army Corps of Engineers to capture as much water as possible while still providing flood protection to downstream communities. These flexible operations, coupled with the improved runoff in the system resulted in an additional 400,000 acre-feet of storage in Lake Oroville. This puts the SWP in a better position to provide water supply to contractors this year while maintaining

Is There a Hero in the House?

Story and photo by Susan Maxwell Skinner

CARMICHAEL, CA (MPG) - Sacramento musician and restaurant owner Joe Gilman was recently named a "Jazz Hero" by the Jazz Journalists Association. The international writers group advocates for the preservation and visibility of jazz.

Carmichael resident Dr. Gilman (63) is a famed pianist and former teacher for American River College and Sacramento State University.

Upon his retirement, he and his Thai-born wife Kai took over a small Folsom Boulevard eatery. Adding live music to the menu, the couple created one of the hottest performance venues in Sacramento.

Jazz Journalists Association representative Joe Wirt presented the Journalists' award before a packed Twin Lotus Thai restaurant.

"What Joe has achieved here for jazz and for musicians is incredible," said Wirt. "His venue levels the playing field for a huge variety of artists. His work is

multi-dimensional. Most of our award winners are leading musicians. But they don't also run restaurants that support other artists. And he's an Energizer bunny. Where else does a promoter and manager actually play piano with his performers and wait tables?"

The Jazz Hero accepted his honor and returned to refilling water glasses for Saturday night patrons. His award came as a surprise. "I'm familiar with the Jazz Journalists Association and the incredible artists they recognize," he noted. "But I'd no idea how they came to know what we're doing here."

"I'm grateful and honored," Gilman continued. "It's incredibly affirming to have our work recognized in this way. The award has given me a renewed sense of purpose."

Additional projects have carved out hospitable backwaters, where baby fish are protected from predators and strong currents while they grow big enough for their big swim.

“Habitat for adult and juvenile salmon is limited in the American River,” explained Water Forum program manager Erica Bishop. “Snorkel surveys focus on gathering information about juveniles.”

To identify small-fry hangouts, the Cramer snorkeling team has been fish-counting since salmon eggs began hatching in February. Surveys will end in June and resume next February. Data will indicate fish numbers, what youngsters are eating and where they congregate.

“Along with other physical analysis, Cramer’s data tells us where restoration efforts might be most effective,” said Bishop.

“Our future projects might include new side channels, floodplain lowering and revegetation. The juveniles like to gather in shallows where water moves slower; where they can feed

and grow. Vegetation is important. Plants provide shade and bring bugs for little fish to eat.”

“We perform post-project monitoring,” Bishop explained. “All the way from Nimbus Basin to River Bend Park, we’re seeing juveniles in habitats we’ve restored. We know our projects are effective.”

“We’re excited to have best available data -- specifically from this river

-- to use in ways that benefit a species. Salmon lived their cycle for millions of years, then humans made changes contributing to their decline. The Water Forum’s mission is to improve their chances of success.”

NatureFest Returns June 7 at Effie Yeaw Nature Center

Effie Yeaw Nature Center News Release

CARMICHAEL, CA (MPG) - The Effie Yeaw Nature Center will host its annual NatureFest from 10 a.m. to 3 p.m. Sunday, June 7 in Carmichael, inviting families and community members to explore nature through hands-on activities, live animal experiences and interactive exhibits.

This year’s event is part of the Nature Center’s 50th anniversary celebration — marking five decades of connecting people with nature, culture and community.

Held along the American River Parkway, NatureFest is one of the Nature Center’s largest community events, offering a full day of educational programming and outdoor exploration.

Visitors can expect live animal shows and ambassador presentations, educational exhibits and environmental demonstrations, science and nature themed games, investigations, and hands-on activities, cultural and environmental education booths, nature-inspired crafts and activities for children and food trucks and local vendors.

New this year, attendees can take part in the Acorn Cup, a friendly, bracket-style competition to crown the Nature Center’s favorite animal or plant. Kicking off at NatureFest, visitors will vote for their top picks from 50 featured species — one for each year of the Nature Center’s history. The competition will continue throughout the summer with head-to-head matchups, inviting the community to follow along and vote as their favorites advance.

NatureFest brings together local organizations, businesses, and educators to share information about conservation, wildlife, and sustainable practices in an engaging, family-friendly setting.

“NatureFest reflects what the Nature Center has been about for 50 years — creating opportunities for people to connect with the natural world in meaningful, hands-on ways,” said Rachael Cowan, interim executive director. “Whether it’s a child seeing a live animal up close or a family discovering something new together, those moments build curiosity and a lasting connection to nature.”

The event is hosted by the American River Natural History Association, the 501c3 nonprofit that operates Effie Yeaw Nature Center and its expansive educational programs. Proceeds help provide nature-based learning opportunities for thousands of children and families each year.

Tickets are available in advance, with admission priced at \$10 for adults, \$5 for children ages 4-12, and free for children ages 3 and under.

NatureFest will take place rain or shine at the Effie Yeaw Nature Center, located at 2850 San Lorenzo Way in Carmichael.

Organizations and businesses interested in participating as a vendor or exhibitor are encouraged to apply online by May 15. Space is limited, and priority is given to those offering nature-related products, services or educational activities. Contact Jaclyn Teofilo at jaclynt@sacnaturecenter.net for any questions.

For more information or to purchase tickets, visit <https://www.effieyeawnature.org/nature-fest-2026>.

About the Effie Yeaw Nature Center
Celebrating its 50th anniversary in 2026, the Effie Yeaw Nature Center is where people of all ages and backgrounds connect with nature and with each other. As a community hub for environmental education along the American River Parkway, the Center sparks curiosity, nurtures stewardship, and shares the natural history and living cultural heritage of the land.

Jimboy’s Tacos Announces Passing of Karen Knudson-Freeman, President

Jimboy’s Tacos News Release

SACRAMENTO, CA (MPG) - Jimboy’s Tacos, a family-owned and managed business 70-plus years strong, is saddened to announce the passing of Karen Knudson-Freeman, daughter of founder Jim “Jimboy” Knudson and mother to current CEO Erik Freeman. Karen (aged 68) passed away peacefully in Oregon on April 20 while surrounded by family.

From a very young age, Karen had a passion for and was involved in the family business. Over the years, she served in various roles including vice-president, president and CEO of Jimboy’s Tacos. She was particularly focused on quality control and menu item development, up until the last year and a half while dealing with health-related issues.

“Karen was a remarkable person who had a deep love and faith in her Lord and Savior, Jesus Christ,” said Erik Freeman, CEO of

Jimboy’s Tacos. “That faith, love and grace was an inspiration and could be felt by everyone who truly knew her, and even by those who simply met her. To know her, was to love her. Karen is greatly missed; our loss is beyond words. We are grateful for all the time we had with her, the memories we shared, and the love and lessons she taught us through how she lived her life,” added Freeman.

Karen loved to create new recipes and was focused on R&D the last few years of her life, her latest creation being the Chili Burrito which was inspired by her parents’ World Winning Chili recipe. Karen’s criteria on whether an item made the Jimboy’s menu was “is it craveable?” – just like the ground beef taco that was created by her dad and became Jimboy’s signature menu item. It will remain as a grounding motto for the company.

With nearly 40 locations located throughout Northern California and Tahoe/Reno, the corporate offices are based in Folsom, California. More information about Jimboy’s Tacos is available at JimboysTacos.com.

Jimboy’s Tacos Company Highlights

In 1954, founder Jim “Jimboy” Knudson introduces the iconic Original Ground Beef Taco™ dusted with Parmesan cheese, in a small trailer alongside Kings Beach in Lake Tahoe, CA.

In 1958, with the overwhelming support of the community, Jimboy’s Tacos put down more permanent

roots in Tahoe, establishing a quaint building nearby.

In 1968, marking one of the first franchising concepts in the nation, “Jimboy” took a leap and expanded beyond the Tahoe area, a bold move that blossomed into a network of approximately 40 locations throughout California and Nevada.

In 1983, “Jimboy” and his wife retired, leaving the family business to their son Scott Knudson.

In 2010, Karen Knudson-Freeman was named as President, succeeding her brother Scott.

In 2019, Erik Freeman, grandson of “Jimboy” and son of Karen, became CEO of the family-run restaurant chain.

In 2024, Jimboy’s Tacos celebrated 70 years of fresh ingredients and a taco that is dusted with a liberal coating of grated parmesan cheese.

About Jimboy’s Tacos

Jimboy’s Tacos began its flavorful journey in 1954 as a humble food trailer in Lake Tahoe, CA, when founder “Jimboy” Knudson introduced his iconic Original Ground Beef Taco™ dusted with Parmesan cheese. Celebrating 70+ years of delicious tradition, Jimboy’s has expanded to nearly 40 locations across California and Nevada. Committed to using fresh, premium ingredients cooked in small batches for maximum flavor, Jimboy’s Tacos invites you to experience a taste of The Original American Taco™. Welcome to the Fold. Don't Step on My 'SpongeBob' Shoes

Artist Skip Lee color coordinates with his award-winning painting "Aspen Grove" at the Sacramento Fine Arts Center.

**Story and photo
by Susan Maxwell Skinner**

CARMICHAEL, CA (MPG) - The Northern California Arts, Inc. Members Show held at the Sacramento Fine Arts Center April 28 through May 16 featured many notable entries including a pair of shoes worn by a prize-winning painter.

Taking a Special Award rosette, a Skip Lee landscape called 'Aspen Grove' was a celebration in blues and golds. As was the artist's attire.

"If I'm dressed like my painting," considered artist Lee (87), "that's just a fluke. But my Sponge Bob shoes – well, they step out on special occasions like this."

On reception night, his lace-ups were as complimented as the exhibits. "I got the shoe-painting idea when my wife and I were in Belgium," he explained. "We saw a store with footwear covered in colorful designs. I thought what fun to try that myself."

Lee found his size 12 bluchers in a Carmichael thrift shop for \$3.

"They were originally hand-made in France, and probably cost hundreds of dollars," he said. "I followed the same

process as for working on a canvas: first, a primer coat; then regular art acrylics. For my design, I went for something bizarre. I had socks with Sponge Bob faces. His expressions are so stupid and delightful, so I tried to capture those."

If cartoon shoes with pink laces are unexpected octogenarian accessories, the Carmichael resident professes to a life-long connection with the bizarre.

"In literary appreciation, I'm less Shakespeare - more Spike Jones and the City Slickers," he laughed.

Beginning painting while a science student at American River College, Lee later graduated from California College of Arts and Crafts in Oakland. During a 50-year career selling newsprint paper, painting was a passionate side-hustle.

Now retired, the Carmichael resident paints wherever and whenever he can. His recent award-winning portrait of High Sierra aspen trees bore a \$900 price tag.

And the shoes? "No, I'll sell my paintings, but I'm not selling my shoes," said the artist. "My Sponge Bobs are part of my character."

Bringing Spanish and American hits to the spring/summer concert season, the David Perez Band takes centerstage in Carmichael Park.

**Story and photo
by Susan Maxwell Skinner**

The third concert in the Carmichael Park summer season on Saturday, May 16 featured the David Perez Band.

Launched in West Texas in the 1960s, the eight-piece ensemble has included five generations of the David Perez family. More than 600 Carmichaelites and visitors enjoyed the two-hour show.

The 2026 concert series continues with May to June Saturday performances. This week's show introduces the eight-piece Outlaws and Angels country band from Grass Valley.

A Symphonic Band Festival will fill the park on Saturday, June 6 and Sunday, June 7. Hitting Carmichael from all over Northern California, a dozen volunteer community bands will present a varied repertoire, from marches to jazz.

All shows are free and dancing is encouraged. Donations to sustain the series are accepted at all events. Food trucks offer refreshment.

Remaining performances are scheduled as follows with 6 p.m. start times unless otherwise stated: Outlaws and Angels (May 23), The Sacramento Symphonic Band Festival (June 6 from 8:30 a.m. to 3:30 pm and June 7 from 8:30 a.m. to 7:30 p.m.), Remedy7 (June 6), Todd Morgan and the Emblems (June 13), Wasted Space (June 20) and Hipper than Hip (June 27).

Concert sponsors include: Sanborn Real Estate, Carmichael Recreation and Park District, Food in the Hood 916, Buck Family Automotive, Supervisor Rich Desmond, KZAP Radio, Carmichael Parks Foundation and Carmichael Kiwanis.

Early Support, Strong Readers

*How The K-2 Reading Difficulties Screener
Guides Student Success*

**San Juan Unified
School District
News Release**

SACRAMENTO REGION, CA (MPG) - Learning to read starts early, and so does the support at San Juan Unified School District.

This year, as part of a new state requirement, San Juan Unified introduced a reading difficulties screener for students in kindergarten through second grade.

Designed to identify early signs of reading difficulties, including risk factors for dyslexia, the screener helps teachers better understand how to support students' literacy. With early support, students can build the foundational skills that help them work toward reading proficiency by third grade.

**A Closer Look At The
Reading Difficulties
Screener**

While the reading difficulties screener is not a test that will affect the student's grades, determine reclassification or provide placement for special education services, it is a tool to support students and provide insight that helps teachers respond to those needs early.

During the screening process, students work with staff to identify letters, sounds, or words and may also read aloud or answer questions about what they hear.

Heather Brandt, a program specialist with San Juan Unified who supports staff across the district with the reading difficulties screener, said the results are used to guide teaching.

"It does not necessarily mean that a student has a learning disability or will have difficulty reading in the future," said Brandt. "The things that happen next are small group instruction or support in the classroom or maybe outside of the

During the screening process, students work with staff to identify letters, sounds, or words and may also read aloud or answer questions about what they hear. Photo courtesy of San Juan Unified

classroom, to teach those skills."

Once students complete the screener, teachers use the results to guide their lessons and decide if a student may need additional support.

Families are also an important part of the process. After the screener, a letter is sent home in their home language with a summary of the results and suggestions to help their child with reading.

**Supporting Multilingual
Students**

The screener is also available in Spanish for students who speak Spanish as their first language. As students complete the Spanish version of the reading difficulties screener, they also must complete the English version.

The results of both screeners help teachers understand whether a student's reading challenges are related to learning English or may be a sign of a reading difficulty.

For newcomer students who have been enrolled in a school in the United States for less than a year, the district uses a different approach to ensure they are supported appropriately.

"It consists of contacting families and conducting a family interview that asks about early language development," shared Amanda Sandberg, a multilingual program specialist in San

Juan Unified. "These students would then take the screener either later that year or the following year."

Questions asked in the interview may include family history of reading challenges or concerns about speech and language, along with identifying the age at which their child started speaking their primary language

Similar to the English and Spanish screener, the family interview will not determine if a student will be reclassified, assigned a grade or be identified for special education.

**Working Together For
Early Learners**

Beyond elevating student support, the screener has also strengthened collaboration among staff.

"It's been something that has created a lot of opportunity for collaborative conversations between teachers and grade levels," said Sandberg. "It allows teams and practitioners to come together to have really productive and engaging conversations around instruction and how they can support their students."

By identifying needs early and working together with educators and families alike, the district aims to ensure every student has the opportunity to become a confident reader. ★

68th Art Fiesta Returns June 6 and 7

**Sacramento Suburban
Kiwanis Club
News Release**

SACRAMENTO, CA (MPG) - The Sacramento Suburban Kiwanis Club will host its 68th Art Fiesta on Saturday, June 6 and Sunday, June 7 at the Scottish Rite Masonic Center in Sacramento.

This two-day, family-friendly event is free to attend and features fine art, emerging student talent and a deep commitment to community, all while kicking off summer with a celebration of creativity and connection.

The artists in the juried arts show will be on site.

This year's Art Fiesta includes an exciting relatively new addition: a student art exhibit showcasing the work of seventh- through 12th-graders from the San Juan Unified School District. These rising artists will have their pieces displayed and some 70 professional painters, photographers, ceramicists, glass and woodworkers, textile artists and jewelers from across the region will offer their work for sale.

The event has supported the Sacramento Suburban Kiwanis Club's mission since 1952, which is committed to changing lives, one community and one child at a time. The Art Fiesta was held at Town & Country Village for more than 50 years and at The Pavilions for 13 years. This year marks the fourth year indoors at the Scottish Rite Masonic Center.

Every dollar raised through the Kiwanis Art Fiesta goes directly into the nonprofit Sacramento Suburban Kiwanis Foundation. Proceeds from the Art Fiesta help fund

Key Clubs (youth leadership programs) and Boys/Girls State, and vital support services, most notably for the Kiwanis Family House, located near UC Davis Medical Center and Shriners Hospital in Sacramento.

Other beneficiaries include River City Food Closet, Stanford House, Opening Doors, Next Move Homeless Services, Sierra Arden Neighborhood Food Closet, Coats for Kids, Crisis Nursery, Wellspring Women's Center, Process Theatre, Sacramento Children's Home and more.

"This event is a perfect blend of art, community and purpose," said Sacramento Suburban Kiwanis Club President

Tom Fleishmann. "By simply showing up, you're making a difference, supporting students, uplifting local artists and helping families in need. Plus, it's a great way to kick off the summer with something truly meaningful and beautiful. The artwork makes a wonderful addition to your home or as a valued gift."

Admission and parking are free for the event, which runs from 10 a.m. to 4 p.m. Saturday, June 6 and 10 a.m. to 3 p.m. Sunday, June 7 at the Scottish Rite Masonic Center, 6151 H St., Sacramento.

Food vendors will be on-site both days.

What Happens After Election Day?

Did you know? Depending on the type of election, we have between 28 and 30 days to certify the election. After the polls close at 8 p.m. on Election Day, the work continues as we diligently process, verify and ensure all eligible ballots are counted. Accuracy takes time.

The Official Canvass: Division 15, Chapter 4.

In this phase we audit and account for all ballots that were issued, voted, and those that were not used. This phase includes, but is not limited to, the following tasks:

Reconcile the number of ballots counted, spoiled, canceled or invalidated due to identifying marks, over-votes, or as

otherwise provided by statute, with the number of votes recorded, including VBM and provisional ballots, by the vote counting system.

Process and count any valid VBM ballots not included in the semi-final election results. These VBM ballots are returned on Election Day to our office, at a Vote Center, to an Official Ballot Drop Box location or timely via USPS.

Receive, confirm, and process Signature Verification Statements.

Count any valid write-in votes. Duplicate any damaged ballots, if necessary.

Reporting final results to the governing board and the Secretary of State, as required.

Conduct the 1% Manual Tally: Division 15, Chapter 4, Article 5.

The 1% manual tally process

validates the tabulation of ballots generated by the electronic voting equipment before certifying election results. Precincts utilized for the 1% manual tally are selected at random by the elections official. For each contest not included in the 1% manual tally, an additional voting precinct with that contest will be selected and tallied. Coming Soon.

Process Conditional Voter Registration (CVR) ballots: California Code of Regulation. Title 2, Division 7, Chapter 1, Article 3.5.

CVR extends the existing 15-day registration deadline in California to eligible voters, allowing them to register and vote provisionally 14 days prior to an election through Election Day. Voters that are not registered must be processed using CVR.

Certify the Election: Division

15, Chapter 4, Article 6.; Division 17.

Once the Official Canvass is complete, we will sign a certificate to certify the election results.

Election materials shall be sealed and retained for 22 months from the date of the election for federal elections and six months from the date of the election for local elections.

Recounts: California Code of Regulation. Title 2, Division 7, Chapter 8.

After we certify the election results, any voter may request for a recount within five (5) calendar days. For more information about recounts, visit: elections.saccounty.gov/content/vre/us/en/recounts.html#gsc.tab=0.

Remote Accessible Voting Available in Sacramento County

Sacramento County Voter Registration and Elections Office News Release

SACRAMENTO COUNTY, CA (MPG) - Voters can request and receive access to the Remote Accessible Vote by Mail (RAVBM) system. The County of Sacramento has selected Democracy Live to provide this service. The RAVBM system allows voters to download and mark their correct ballot privately and independently using their own assistive technology, print their marked ballot and mail it to the Elections Office to be counted.

Watch the video on the RAVBM system at: <https://www.youtube.com/watch?v=54-Xbg5Nbg4>.

All registered voters in Sacramento County are eligible to use this system

pursuant to California Elections Code section 3016.7.

When

Access the service anytime, day or night, starting 29 days before an election.

How

Go online and enter your information in My Voter Portal to obtain your correct ballot. Visit: myvoterportal.saccounty.gov/LookupVoter.

Voters can vote on any computer with internet access and a printer. Email vbm@saccounty.gov or call (916) 875-6155 for help with the RAVBM system.

Practice On Our Demo Site

Voters can now practice using a DEMO version of the RAVBM system. This DEMO site simulates the

RAVBM voting experience, allowing voters to learn how to navigate and use the system in preparation for a real election. Voters can select their language and font size preferences in the top right corner, read and watch instructions on how to mark a ballot, and practice marking and printing a DEMO ballot.

Note: This DEMO version of the RAVBM system is for demonstration purposes only and cannot be used to submit an Official Ballot.

Visit: sites.omniballot.us/06067/demo/app/home?pid=2.

Assistance for Voters with Disabilities

The County of Sacramento Voter Registration and Elections Department has a long-standing commitment to work with voters with

disabilities to help them exercise their right to vote. Voters are encouraged to contact the Voter Registration and Elections Office at 916-875-6451 or voterinfo@saccounty.gov with specific requests for assistance. ★

Kings Korner

By V.G. Harris

How About Ja Morant?

As the June 23 NBA draft approaches, what realistic possibilities are the Sacramento Kings franchise confronted with?

Everyone already knows Sacramento dropped to the 7th overall pick, and although that was disappointing it was not the negative that many Kings fans envisioned it to be. At No. 7 this draft class will have a quality player for Sacramento to add to their roster.

The real question is, will it be a guard as everyone seems to believe it will be? Not necessarily and here is why.

For some time now talk throughout the NBA is the disposition of one Ja Morant. A highly talented point guard that can do it all, but in the past has shown flashes of true immaturity, to the point that the Memphis Grizzlies have all but given up on him.

Twice suspended for his penchant of displaying firearms on social media, Ja has had to learn the hard way. First, suspended for eight games and then again when he didn't learn his lesson for 25 games the second time.

Can Memphis problem child become something the Sacramento Kings have long been looking for? The possibility is real, and if that possibility becomes reality, this 2nd overall pick in the 2019 draft could become an instant game changer in the Kings lineup.

The question is, can Sacramento satisfy the appetite of the Grizzlies, and will the Sacramento fan base come to the realization that everyone deserves a second chance. Many will say he's already gotten that chance and blown it, but he's been with only one organization, and every once in a blue moon, the grass is really greener on the other side.

What a Ja Morant would mean to the Sacramento Kings is opening the floor like never before. Trying to stop his drives to the basket is like trying to rope a whirling dervish.

Morant is almost impossible to guard one-on-one, and that means when other teams double team him, someone is wide open.

Players like Zach Lavine, Keegan Murray and DeMar DeRozan should be licking their lips with the possibilities.

We haven't even talked about the future hall-of-famer Russell Westbrook who might

just be the mentor Ja Morant could benefit from.

There are few point guards in the NBA that can give DeAaron Fox a run for his money when it comes to pure speed, but Ja Morant is right there with him.

How would Domantas Sabonis benefit from this speedster one should ask? Another player with excellent mentoring skills, Domantas, is a nightly example of how to play the game, and if anything, I see his scoring average go up if Morant joins this team.

So. Is this pie in the sky or does this troubled 26-year-old stand a chance at joining the Kings organization? It's real if Scott Perry wants it to be real, and as they say, the proofs in the pudding.

Currently, the kings have an abundance of point guards, and with the exception of an aging Russell Westbrook, Sacramento does not have an NBA quality starting point guard.

That is not to disparage Nique Clifford or Devin Carter who have shown flashes, but the Kings need a floor leader now, and not a point guard project.

Ja Morant, if through with his prior nonsense, could be the comeback player of the year, and be a reclamation project for the Kings that says, we finally got it right!

I don't expect every Kings fan to agree with my assessment, but I'm for accelerating what is being called a complete rebuild with a much faster version that doesn't send all of our players to parts unknown.

No question, Domantas Sabonis is high on Scott Perry's list as a candidate for trade options, and I do not want to see that happen.

Look instead to resigning Russell Westbrook for perhaps his last season is a stellar NBA career, and perhaps team him with the bad boy of the NBA in Ja Morant.

I have said many times before that this team is steeped in NBA talent, but questionable coaching and torrid injuries decimated the process last year.

Let's finally assess the talent we have and actually coach it. Maybe teach pros who to shoot free throws.

Like Rosy the Riveter said, we can do it!

All the best Kings fans and keep the faith! All the best! ★

Newsom's Tightfisted Final Budget Faces a Rough Reception in the Legislature

By Dan Walters, CALMatters.org

Since the turn of the century, California's state budget has been plagued by a boom-and-bust syndrome rooted in its lopsided revenue system and a lack of political discipline.

The budget became increasingly dependent on taxes paid by the state's most affluent residents, whose incomes increasingly came from investments rather than salaries.

Thus state revenues would often spike upwards, only to level off or decline. But governors and legislators would make new spending commitments during the spikes that would become liabilities during the downturns.

It was dubbed "volatility" and it reached an apex four years ago when Gov. Gavin Newsom declared that the state had a \$97.5 billion surplus, having decided that a post-pandemic revenue spike would be permanent.

His administration later acknowledged a \$165 billion error in a four-year revenue projection. But in the meantime he and the Legislature had raised spending, creating deficits that totaled \$125 billion over four years, according to the Legislative Analyst Office. The deficits were papered over with a series of short-term fixes, including loans and accounting gimmicks.

On Thursday, Newsom

unveiled a revised version of his final budget and, without saying so, indicated he had learned a hard lesson about managing volatility.

Although the state is seeing a new tax spike and his budget sees a \$16.5 billion increase in revenues over three years, Newsom's \$349.4 billion 2026-27 budget takes a cautious approach. He says it would not only erase the structural deficit of the past four years, but it would guarantee that his successor would have a balanced first year budget for 2027-28.

"We're cutting deficits but not cutting corners," Newsom said.

The \$246.6 billion general fund portion of the budget relies not only on new revenues, including a \$3.6 billion boost from several relatively minor tax increases, to be balanced, but it is indirectly helped by big reductions in federal aid for healthcare.

Newsom devoted the first minutes of his budget presentation to bragging about California's \$4-trillion-plus economy, saying "we simply have no peers." He also trolled those with "California derangement syndrome" and denounced President Donald Trump as corrupt and incompetent.

However Trump's tightened eligibility for federally subsidized healthcare that could affect hundreds of thousands of Californians also has the effect of reducing the state's healthcare spending, thus helping Newsom draft a balanced budget.

He could have backfilled the lost federal funds, but that probably would have required him to propose a major tax increase of some

kind, which, as a likely 2028 presidential candidate, he is unwilling to do.

However his attitude on healthcare and taxes places Newsom at odds with advocates for poor Californians who would be affected and their allies in the Legislature, many of whom want a tax increase.

Graham Knaus, CEO of the California State Association of Counties, immediately declared that "the governor is proposing to do to counties what he accuses the president of doing to California."

Chris Hoene, of the left-leaning California Budget & Policy Center, which has been beating the drums for tax increases, said, "The governor promoted California's economic dominance while, in the same breath, making it more difficult for Californians with low incomes to access healthcare by reinstating harmful Medi-Cal asset limits, expanding work requirements and increasing Medi-Cal premiums for certain immigrants."

With just a few months remaining in his governorship, Newsom's ability to bend the Legislature to his will is fading, so the question his new budget poses is whether legislators will go along. Or will they insist that the new holes in the state's safety net be plugged and support raising taxes to pay for it?

Social Security Matters

Social Security's "First Year Rule" and Withdrawing from SS

By Russell Gloor, AMAC Certified Social Security Advisor

Dear Rusty: I am 63 years old, and about to apply for my Social Security benefits. I am self-employed but only working part time. I know about Social Security's annual earnings limit but recently I learned I must also be concerned about a monthly earnings limit of \$2,040. My questions are:

1) How do I find out if I will be subject to a monthly earning limit of \$2,040 per month? I thought it was only evaluated annually.

2) If I choose to cancel Social Security within the first year or after, what are the penalties? Would I have to pay them back for the whole amount for the whole time that they paid me? Which makes no sense, since I have been paid into SS since I was 13 years old.

Can you help me understand this? **Signed: Claiming Early and Still Working**

Dear Claiming Early: It can get tricky if you are still working after claiming your Social Security before your SS full retirement age (FRA), especially during your first year collecting. I'm happy to answer your specific questions:

1. There is a special rule which applies during your first year collecting early Social

Security benefits (e.g., before your full retirement age or "FRA," which for you is age 67). What will happen is this: when the IRS provides SSA with your 2026 earnings (in 2027), SSA will review to see if your total 2026 net earnings from self-employment exceeded the 2026 annual limit of \$24,480. If not, no further action is necessary. But if you did exceed the full year 2026 earnings limit, SSA will contact you and ask you to provide them with details about your monthly 2026 net earnings. If you have exceeded the monthly limit in any 2026 month after your SS benefit started, you will not be entitled to SS benefits for that month. Essentially, if you have exceeded the annual limit, you cannot exceed the monthly earnings limit in any remaining month during your first year of collecting. If you exceeded the annual limit, and also any monthly limit, SSA will send you an overpayment notice saying you must repay them for the benefits you were not entitled to receive because you exceeded the monthly earnings limit.

2. You can, within 12 months of applying for Social Security, ask SSA to withdraw your application for SS retirement benefits. They will do that for you, but you will also be required to repay them all SS benefits that they have already paid to (or for) you. This essentially would "wipe the slate clean" and enable your SS benefit to continue growing, allowing you to apply for a larger monthly benefit later. But if you wait longer than 12 months after your first

apply for SS benefits, you can no longer withdraw your application for Social Security. Thereafter, you would be subject to the annual earnings limit (the monthly earnings limit would no longer apply).

FYI, after you reach your FRA, there is no limit on your earnings, and you could choose to suspend your benefit payments and earn Delayed Retirement Credits (DRCs) to get a higher monthly benefit. Also at your FRA, if SSA withheld any of your benefits because you exceeded the earnings limit before reaching your FRA, you would get time credit for the number of months your benefits were withheld. Essentially, they would advance your benefit-start month by the number of months your benefits were withheld, yielding a slightly higher monthly amount after your FRA.

Finally, it's important to know that the contributions you made to Social Security from payroll taxes (FICA/SECA) over your lifetime are not what determines your monthly SS benefit amount. Your monthly SS benefit is based on two main factors: a) your average monthly earnings (indexed for inflation) for the highest earning 35 years over your lifetime as reported to the IRS, and b) the age at which you claim your SS benefits. Your contributions to Social Security while working only provide you with eligibility to collect SS benefits; the contributions aren't put into a separate account for you and are not used to calculate your monthly SS benefit. ★

Justice Ketanji Brown Jackson's Campaign Against the Supreme Court

ly, since time is of the essence. With the state's scheduled May 16 primaries rapidly approaching (now delayed), Louisiana wants to redraw its maps in keeping with the court's decision.

Jackson's dissent quotes a 2019 decision of the court in *Rucho v. Common Cause* for the proposition that courts should not "risk assuming political ... responsibility for a [partisan map-drawing] process that often produces ill will and distrust."

But this was a warning against courts involving themselves in minute questions of partisan gerrymandering. Here, the court has set out a bright-line principle that district lines can't be race-based, but otherwise said that the political authorities are welcome to gerrymander or not.

Jackson also slaps the court for creating "chaos in the State of Louisiana." This is quite rich given the history.

When Louisiana created a congressional map after the 2020 census with just one majority-minority district, it got sued for not sufficiently taking race into account; a judge ordered it to make a second minority district. When Louisiana complied by manufacturing a monstrosity of a district stretching 250 miles to randomly scoop up black voters, it got sued again -- this time, for taking race too much into account -- and the case made it to the Supreme Court.

It is a sign of how weak the Jackson dissent is that the other progressives haven't joined it, not even Sonia Sotomayor. It certainly would have been

much better if this case had been decided sooner, but Alito drops a suggestive footnote in his rejoinder to Jackson. He notes that the constitutional question was "argued and conferenced nearly seven months ago." This implies that the case was effectively decided right after oral arguments in October of last year, and that the dissenters slow-walked it.

Now, Jackson wants more delay -- it serves the partisan interests of Democrats to preserve unconstitutional race-based congressional districts as long as possible.

The reaction to Louisiana v. Callais has been so incandescent on the Left because it believes that unless black voters have black representatives, they are disenfranchised. But this is not how representative democracy works. Were white voters in Georgia disenfranchised in the 2022 Senate race when two African-American candidates, Democrat Raphael Warnock and Republican Herschel Walker, ran against each other? Were the voting rights of Christians in New York City crimped in 2025 because a Muslim man won the mayoral election?

All indications are that a commitment to some version of court-packing will be orthodoxy among 2028 Democratic presidential candidates. They will seek to make the highly isolated and wholly unpersuasive Justice Jackson part of a new court majority imposed by political fiat.

NOTICE TO READERS

California law requires that contractors taking jobs that total \$500 or more (labor and/or materials) be licensed by the Contractors State License Board. State law also requires that contractors include their license numbers on all advertising. Check your contractor's status at www.cslb.ca.gov or 800-321-CSLB (2752). Unlicensed persons taking jobs that total less than \$500 must state in their advertisements that they are not licensed by the Contractors State License Board.

DISCLAIMER

Be wary of out of area companies. Check with the local Better Business Bureau before you send any money for fees or services. Read and understand any contracts before you sign. Shop around for rates.

CARMICHAEL WATER DISTRICT NOTICE OF PUBLIC HEARING

On June 15th, 2026 at 6:00 p.m., the Carmichael Water District (District) will be conducting a public hearing to present the 2025 Urban Water Management Plan (UWMP) and Water Shortage Contingency Plan (WSCP) and the Status of the Districts Vacancies and Recruitments and Retention Efforts in Fiscal Year 2025-2026 at the District office at 7837 Fair Oaks Boulevard, Carmichael, CA, 95608. California law requires water providers to develop the UWMP and WSCP every 5 years, which explains in detail how projected water demands during average and drought years will be met. It also identifies planned future investments in conservation and water supplies. Members of the public are invited to participate in the public hearing and provide public comment on the plans. The Public Draft UWMP and WSCP will be posted on the District's website at www.carmichaelwd.org no later than May 22, 2026 for public review in advance of the public hearing. Public comments may be given during the public comment period at the meeting, and/or submitted in writing via email, hand delivered or can be mailed. Address email comments to Engineering@carmichaelwd.org, and address mailed comments to: CWD – Engineering 7837 Fair Oaks Boulevard Carmichael CA 95608 Written public comments must be received by 4:00pm, Monday June 15, 2026. Upon conclusion of the public hearing, the Board of Directors of the District may revise, modify, and/or adopt the plans. Paper copies of the draft plans are available for viewing at the District's Office and the County library.

RESOLUTION NO. 2026-03

A RESOLUTION DECLARING THE INTENTION TO LEVY ASSESSMENTS FOR FISCAL YEAR 2026-27, PRELIMINARILY APPROVING THE ENGINEER'S REPORT, AND SETTING THE PUBLIC HEARING FOR THE MISSION OAKS RECREATION AND PARK DISTRICT PARKS AND RECREATION MAINTENANCE AND IMPROVEMENT DISTRICT

WHEREAS, the Mission Oaks Recreation and Park District, Parks and Recreation Maintenance and Improvement District was authorized by an assessment ballot proceeding conducted in 2006 and approved by 68.78% of the weighted ballots returned by property owners, and such assessments were levied by the Advisory Board of Directors by Resolution No. 2006-04 passed on May 2, 2006; and

WHEREAS, on April 14, 2026, by Resolution No. 2026-01, the Board ordered the preparation of an Engineer's Report for the Parks and Recreation Maintenance and Improvement District (the "District") for Fiscal Year (FY) 2026-27; and

WHEREAS, pursuant to said Resolution, the Engineer's Report was prepared by Francisco and Associates, Engineer of Work, in accordance with 22565, et. seq., of the Streets and Highways Code (the "Report") and Article XIIIID of the California Constitution; and

WHEREAS, said Engineer's Report was filed with the Secretary of the Board of Directors and the Board of Directors has reviewed the Report and wishes to take certain actions relative to said Report.

NOW, THEREFORE, BE IT RESOLVED, by the Advisory Board of Directors of the Mission Oaks Recreation and Park District ("Board") that:

SECTION 1. The Report for the "Parks and Recreation Maintenance and Improvement District", on file with the Secretary of the Board, has been duly considered by the Board of Directors and is hereby deemed sufficient and approved. The Report shall stand as the Engineer's Report for all subsequent proceedings under, and pursuant to, the foregoing resolution.

SECTION 2. It is the intention of this Board to continue to levy and collect assessments within the District for FY 2026-27. Within the District, the existing and proposed improvements ("Improvements") are generally described as the installation, maintenance and servicing of public facilities, including but not limited to, landscaping, sprinkler systems, park grounds, park facilities, landscape corridors, ground cover, shrubs and trees, street frontages, playground equipment and hardcourt areas, senior and community centers, drainage systems, lighting, fencing, entry monuments, basketball courts, tennis courts, running tracks, swimming pools, other recreational facilities, graffiti removal and repainting, and labor, materials, supplies, utilities and equipment, as applicable, for property owned and maintained by the Mission Oaks Recreation and Park District. Installation means the construction of recreational improvements, including, but not limited to, land preparation, such as grading, leveling, cutting and filling, sod, landscaping, irrigation systems, sidewalks and drainage, lights, playground equipment, play courts, recreational facilities, and public restrooms. Maintenance means the furnishing of services and materials for the ordinary and usual maintenance, operation and servicing of said improvements, including repair, removal, or replacement of all or part of any improvement; providing for the life, growth, health and beauty of landscaping; and cleaning, sandblasting and painting of walls and other improvements to remove or cover graffiti. Servicing means the furnishing of electric current or energy for the operation or lighting of any improvements, and water for irrigation of any landscaping or the maintenance of any other improvements.

SECTION 3. The District consists of the lots and parcels shown on the assessment diagram of the District on file with the Secretary of the Board, and reference is hereby made to such map for further particulars.

SECTION 4. Reference is hereby made to the Report for a full and detailed description of the improvements, the boundaries of the District and the proposed assessments upon assessable lots and parcels of land within the District. The Engineer's Report identifies all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed.

SECTION 5. The maximum assessment is subject to an annual adjustment tied to the Consumer Price Index-U for the San Francisco Bay Area as of December of each succeeding year (the "CPI"), with a maximum annual adjustment not to exceed 3%. Any change in the CPI in excess of 3% shall be cumulatively reserved as the "Unused CPI" and shall be used to increase the maximum authorized assessment rate in years in which the CPI is less than 3%. The maximum

authorized assessment rate is equal to the maximum assessment rate in the first fiscal year the assessment was levied adjusted annually by the minimum of 1) 3% or 2) the change in the CPI plus any Unused CPI as described above.

The change in the CPI from December 2024 to December 2025 was 3.04%. There is an Unused CPI balance available of 2.74% in FY 2026-27. Since the current change in CPI is above 3.00%, the .04% amount over 3.00% will be added to the Unused CPI to be used in years where the CPI is less than 3.00%. Therefore, the Unused CPI will be increased to a balance of 2.78% for FY 2027-28. The maximum assessment rate for FY 2025-26 was \$65.05 which equates the maximum assessment rate for FY 2026-27 to \$67.00 per single-family equivalent benefit unit. The cost estimate in the Engineer's Report proposes an applied assessment rate of \$57.14 for FY 2026-27, which is a 3.04% increase over the FY 2025-26 applied assessment rate and less than the FY 2026-27 maximum assessment rate.

SECTION 6. The public hearing shall be held, before this Board at Mission Oaks Community Center, located at 4701 Gibbons Drive, Carmichael, California 95608 as follows: on Tuesday, June 9, 2026 at the hour of 6:00 p.m. for the purpose of this Board's determination whether the public interest, convenience and necessity require the improvements and this Board's final action upon the Report and the assessments therein. Parties interested in participating in the June 9, 2026, public hearing should visit the District's website at <https://www.morpd.com/advisory-board-meetings> for current information on how to provide public comment. The Secretary of the Board is hereby authorized and directed to cause a notice of the hearing to be given by publishing a notice once, at least ten (10) days prior to the date of the hearing above specified, in a newspaper circulated in the District.

SECTION 7. To get additional information about the assessments or the Assessment District contact: Daniel Barton, District Administrator, Mission Oaks Recreation and Park District; 3344 Mission Avenue, Carmichael, California 95608.

On a Motion by Director Tucker, seconded by Director Todd, the foregoing Resolution was PASSED AND ADOPTED by the Advisory Board of Directors of the Mission Oaks Recreation and Park District of the County of Sacramento, State of California, this 12th day of May 2026 by the following vote, to wit:

Instead of Raising Taxes, California Leaders Should Address Rampant Waste and Fraud

By Assemblyman Josh Hoover

I recently joined a number of my colleagues in calling for a special legislative session dedicated to addressing the rampant waste, fraud and abuse of taxpayer resources that has become all too common in our state government. California families are struggling with the nation's highest cost of living, crushing housing prices and exorbitant taxes. They deserve to know that their hard-earned dollars are being spent responsibly and effectively. Unfortunately, too often that is not the case.

The examples of mismanagement are staggering. Our state has spent \$37 billion on homelessness programs, yet the homeless population has increased by 36,000 individuals statewide since the spending began in 2019. During the pandemic, \$32 billion in unemployment insurance benefits were lost to fraud, including checks sent directly to inmates in California prisons. Taxpayers have shelled out \$1.1 billion for a new building for politicians, the Capitol Annex Project, even as project leaders sign nondisclosure agreements and refuse to share basic cost data with the public. And \$450 million has been poured into a "Next Generation" 911 system that state bureaucrats now admit may never even turn on.

Rather than addressing these failures, the legislative Supermajority has moved in the opposite direction by reducing transparency and accountability. Bills like AB

1608 would halt the release of documents related to California's troubled High-Speed Rail project. AB 1821 would make it more expensive for citizens to file Public Records Act requests. Finally, AB 2624 would effectively criminalize investigative journalism by imposing fines on independent reporters who expose certain types of government fraud.

To make matters worse, after auditors uncovered \$267 million in Medi-Cal fraud involving fake hospice facilities billing the state, the Supermajority's response has been to propose yet another tax increase on corporations to cover rising healthcare costs. This approach is tone deaf. The issue isn't a lack of revenue, it's a lack of willingness to respect taxpayers and root out waste, fraud, and abuse. Instead, they would rather increase costs on businesses that will ultimately be paid by consumers and California families.

We must demand better. A special session focused on waste, fraud, and abuse would allow for thorough investigations, public hearings, and concrete reforms. Californians have a right to transparency in how their money is spent. We should be strengthening public records laws, not weakening them. We should be protecting whistleblowers and journalists who expose wrongdoing, not punishing them.

The people of California work hard and already pay some of the highest taxes in the nation. It is our duty as leaders to ensure every dollar is accounted for and deliver

results. Until we address the systemic waste and fraud plaguing state government, we have no business asking taxpayers for more.

Instead, Sacramento politicians should get serious about getting their own house in order. ★

UC Davis Men's Golf Trio Earns All-Big West Recognition

UC Davis Athletics News Release

DAVIS, CA (MPG) - Three UC Davis men's golfers earned 2025-26 All-Big West recognition, the conference announced May 12. Sophomore Lequan Wang was named to the All-Big West Second Team, while juniors Curtis Da Silva and Ryan Firpo each received Honorable Mention.

Wang, a sophomore from San Mateo, CA, posted the lowest scoring average among the Aggies (71.7) across 32 rounds and closed the regular season ranked No. 362 nationally per Clippd, the highest mark on the UC Davis roster. The Aragon High School graduate recorded two top three individual finishes, taking third at the Bridgestone Collegiate Invitational at 15-under 201 (with 19 birdies, second-most in the tournament) and third at the home El Macero Classic at 4-under 212.

Wang closed fall play with a tie for fourth at the Marquette Intercollegiate after a 3-under second-round 69 and opened The Prestige in a tie for second after a 3-under 68 before the third round was canceled by high winds. He played in all 11 stroke-play events for the Aggies during the regular season after earning All-Big West Honorable Mention as a freshman in 2024-25.

Da Silva, a junior from Monterey CA, earned Honorable Mention after competing in all 11 stroke-play events and posting a 72.9 scoring average across

32 rounds. The Robert Louis Stevenson School graduate opened the season with his first career top 10 by finishing 10th at the Ram Masters Invitational at even-par 210, including a 4-under second-round 66 at Fort Collins Country Club. Da Silva fired 70-68-69 at the Amer Ari Invitational at Mauna Lani Resort to take a tie for 38th at 9-under 207 (the only Aggie under par for the event, with three sub-par rounds) and closed the regular season with a 14th-place finish at 1-under 215 at the 2026 Big West Men's Golf Championship at La Quinta Country Club, one of just

two Aggies under par at the conference event. He also led UC Davis on Day 1 of The Goodwin at Stanford with a 1-under 69.

Firpo, a junior from Davis, CA, received Honorable Mention in his first season at his hometown school. The Davis Senior High School graduate transferred to UC Davis from Fresno State, where he was named the 2023-24 Mountain West Freshman of the Year as a Bulldog. Firpo led the Aggies at the home El Macero Classic with a tie for 30th at 7-over 223, the same event at which he posted a sixth-place finish as a Fresno State freshman in 2024. He paced UC

Davis at the Windon Memorial Classic with a tie for 55th and an even-par 72 in the final round, opened the spring with a 6-under 66 in round one of the Amer Ari Invitational, and closed at a tie for 35th at the R.E. Lamkin Invitational with a final-round 72 across 10 starts and 28 rounds.

Long Beach State's Alejandro de Castro Piera was named the conference's Golfer of the Year and Cal Poly freshman Rafael Bobo-Lloret was tabbed Freshman of the Year. Long Beach State's Rob Murray earned Coach of the Year honors after leading the 49ers

to a record-setting Big West Championship at La Quinta Country Club. Long Beach State placed five golfers on the All-Big West First Team, joined by UC San Diego's Davis McDowell.

The trio of selections capped a 2025-26 campaign that featured the program's first individual victory since 2023, sophomore Louis Grizot's Silver Title at the Gene Miranda Falcon Invitational, and a 3.43 team GPA in the Winter 2026 academic quarter that set a UC Davis men's golf program record and stood as the highest among all UC Davis men's programs. ★

Beavers Run Out of Gas, Fall to Feather River

The 2026 season has come to a close as the American River College baseball team lost in the regional championship game to Feather River 19-8 on May 3 in Quincy. Photo courtesy of American River College

American River College News Release

SACRAMENTO REGION, CA (MPG) - The 2026 season has come to a close as the

American River College baseball team lost in the regional championship game to Feather River 19-8 on May 3 in Quincy. After putting a thumping on the Golden Eagles in the first game, then falling 4-2

in the second game, everything was on the line that morning.

The game was moved up to 10 a.m. to try and beat an incoming thunderstorm. After the Beavers failed to score in the top of the first, Feather River wasted no time jumping on freshman RHP Ayden Dringenberg (Oakmont), who had thrown three innings on Friday to secure the win over Monterey Peninsula College. The Golden Eagles got three runs in the first inning, then one in the second.

The Beavers came back with three runs in the third inning, with 2B Lance Sabatke (River City) driving in a run with a single to center. But the ARC pitchers just couldn't keep Feather River off the board, as the Golden Eagles scored in six of their eight innings at bat, with all but the second inning being multiple run innings. After ARC closed the gap to 4-3, FRC scored four in the third and two in the fourth to go up 10-3.

The Beavers answered back with a run thanks to an RBI double by Sabatke. RHP Nathan Gahn (Bear Creek) held Feather River scoreless in the fifth and the Beavers got two runs in the top of the

sixth to make the score 10-6. But Feather River just kept adding on and got the two runs back in the bottom of the sixth. In the seventh ARC clawed back, scoring a pair of runs to make the score 12-8 thanks to a sacrifice fly by 3B Luke Haney (Oak Ridge) and an RBI single by SS Bryce Sabatke (River City). The Beavers threatened in the eighth with runners at first and second with one out but 1B Jose Vega (Highlands) hit into an inning ending double play to squash the threat. It was one of two double plays the Beavers hit into on the day. With the game still within reach going into the bottom of the eighth Feather River put the game away for good, scoring seven runs to make the final score 19-8.

The American River College baseball staff would like to thank everyone who supported the team this season and we are looking forward to January and the start of the 2027 season. And a big congratulations to the players on the 2026 team for a fine season, and to the sophomores who will be moving on...thank you for your dedication and hard work. Once a Beaver, always a Beaver! ★

Murillo Sixth Addition to Men's Soccer Roster

Sacramento State Athletics News Release

SACRAMENTO REGION, CA (MPG) - Sacramento State head men's soccer coach Michael Linenberger added a sixth commitment for the 2026 campaign, welcoming local product James Murillo to the roster in time for the upcoming campaign.

"We are excited to add James to our roster," Linenberger said. "We work hard to keep good local talent at home, and James has had a lot of college success already. We expect him to challenge for a starting role in our back line this coming fall."

A native of Elk Grove, CA, Murillo joins the Hornets' sideline after prepping at Elk Grove HS and spending last season at nearby Folsom Lake

College as a center back for the Falcons. In his first collegiate campaign, he was named the team's Defensive Player of the Year, added Big 8 Conference First Team honors, and was selected to the California Community College Athletic Association's all-regional squad.

He appeared in 21 matches as a sophomore at Folsom Lake, helping lead the Falcons to a conference title with an 8-1-1 record (13-6-2 overall) and adding his first career goal — and game-winning score — in a 1-0 victory over Cosumnes River College on Oct. 7. That helped his case for Big 8 Conference Player of the Month honors.

As a true freshman in 2024, he started 17 matches and appeared in 1,453 minutes at Jessup

University, attempting one shot.

Prior to his time at Jessup, Murillo competed with Sacramento United SC from the U9 all the way up to the U19 level, earning a selection to the MLS NEXT All-Star game. He also competed with the Sacramento Gold semi-pro club in the NPSL and with FC Folsom in the UPSL, helping the latter to a spot in the national finals.

Murillo is the latest addition to the Sacramento State roster for 2026, joining previous commitments from defender Mateus Romualdo (Snow College), midfielder Henry Hedden (Monte Vista HS), goalkeeper AJ Bengds (UNC Asheville), forward Jakub Kozlowski (Palomar College) and defender Cameron Martino (Clovis East HS). ★

Remember

It's a special day we all need to remember. It's Memorial Day, a day that gives us pause to honor those men and women who have given their lives for us so that we can have the freedoms that we sometimes take for granted. It was a great price to pay and one we should never forget. It is for military personnel who died serving the United States, and is celebrated on the last Monday of May. It was initially known as Decoration Day. The name refers to the tradition of adding ornaments to the final resting place of fallen soldiers like flags and flower in national cemeteries. People sometimes confuse this day with Veteran's Day which celebrates everyone, including survivors.

Honoring soldiers who died in battle is an ancient practice. Thousands of years ago, Greeks remembered the fallen in annual festivals and decorated graves with flowers. It was 1882 when the term **Memorial Day** first came about. This name became more common than Decoration Day after the Second World War. Federal law made it official in 1967. Actually, the end of May is not a random choice. Historians think it is a strategic date that ensures flowers across the country are in full bloom.

According to estimates, about 655,000 Americans died throughout the Civil War. The 4-year war claimed the lives of almost 700,000 soldiers. It is by far the highest casualty count for any war in American history, even surpassing the death tolls of World War I or World War II. National cemeteries

became the resting place of Union soldiers, and other cemeteries sprung up across the country. It was a grieving nation who wanted to remember the ones they lost. The first celebration was in Boalsburg Pennsylvania. They decorated their cemetery as early as October of 1864. Carbonate Illinois and Petersburg Virginia were also pioneers in this endeavor. In 1866, it was four women who honored the fallen of the Union and Confederate in Columbus Mississippi. After the deadliest battle of the Civil War President Lincoln praised the sacrifices made in the name of equality. Commemoration became even more widespread following his assassination.

The National Moment of Remembrance was created in the year 2000 after a survey revealed that only 28% of Americans knew the essence of **Memorial Day**. Even more, the younger generation mostly believed it was the reopening of parks and swimming pools. That fact really disturbed me. Please take a moment on this important day to share with your family and friends what this day really means and how important it is that we remember. And I urge all Americans to observe a moment of silence, local time 3 PM, on Memorial Day. This one minute pause aims to honor those who have died to give us the parades, picnics and celebration we can enjoy every day. Perhaps sharing this story will help those younger to understand what an important day it is for us all! **GOD BLESS ALL THOSE SOULS FOR THEIR SACRIFICES.** ★

State Water Project Allocation Increases Heading into Summer

robust carryover storage to meet water supply and environmental needs should next year be dry.

Each year, DWR provides an initial SWP allocation in December based on available water storage, projected water supply and water demands. Allocations are updated monthly as snowpack, rainfall and runoff data is analyzed, with a final allocation typically determined near the end of the season

in May or June. This season, the initial allocation was 10% on Dec. 1, updated to 30% percent on Jan. 29, and increased to 45% today.

Helix Electric Joins \$390 Million Sacramento Airport Project

Helix Electric News Release

SACRAMENTO REGION, CA (MPG) - Helix Electric (Helix), a leading electrical contractor with over 3,000 employees and over \$1 billion in annual revenue, joins in the construction of a new six-story, 5,500-space parking garage at Sacramento International Airport (SMF), located west of Terminal B.

The project, part of the airport's \$1.3 billion SMForward capital improvement program, is on track to open in late 2026 and will significantly expand parking capacity for the region's fastest-growing airport. Helix serves as the managing electrical contractor on the project, working in coordination with general contractor Otto Construction.

"Projects like this don't happen without the right people and the right partners," said Casey Long, chief operating officer for Helix Electric. "We are grateful to Otto Construction for bringing their best to this job every single day, and we are confident the workers on this site are building something Sacramento families will rely on for generations of travel ahead."

The new garage replaces the existing Hourly B Lot and adds 5,500 close-in parking spaces for passengers and visitors at SMF. The structure features a parking guidance system, electric vehicle charging

stations on every level, solar panel readiness and public art integrated into its perforated metal panels.

"When Sacramento residents head to the airport, this garage will be part of their experience for decades to come, and that matters to us," said Matt Liefer, operations manager for Helix Electric. "This project expands what Helix Electric can offer in Northern California and reinforces our commitment to delivering work that leaves a lasting, positive mark on the communities we build in."

The Terminal B Parking Garage 2 is one of six projects under the SMForward program subject to the county's CWTA. Otto Construction, a Sacramento-based, woman-owned firm, serves as the design-build general contractor and previously constructed SMF's Terminal A parking garage in 2004. The total project budget is \$390 million.

Mercy San Juan First in California to Enroll Patient in Groundbreaking Stroke Clinical Trial

Dignity Health California News Release

CARMICHAEL, CA (MPG) - Dignity Health Mercy San Juan Medical Center, a recognized leader in advanced neurological care, proudly announces it has enrolled California's first patient in a pivotal Phase 3 clinical trial. This global study is evaluating a promising new neuroprotective treatment for ischemic stroke, with Mercy San Juan joining an exclusive group as the ninth enrollment in the U.S. and 28th worldwide. This achievement represents a significant leap forward, offering new hope for stroke patients in the Sacramento region and beyond.

has been an elusive goal. This study represents a critical step towards a potential new therapy that could profoundly improve the lives of stroke survivors, directly impacting their ability to regain function and independence."

The trial focuses on a potential first-in-class neuroprotective medication from Pharmazz, designed to safeguard brain tissue and improve outcomes for patients following an ischemic stroke. As the most common type of stroke, an ischemic event occurs when a blood vessel supplying the brain is blocked, leading to a critical deprivation of oxygen and nutrients. Stroke remains a leading cause of adult disability globally. By investigating, researchers aim to determine if the drug can help mitigate brain damage and significantly enhance neurological recovery.

Mercy San Juan's leadership in stroke care has been consistently validated; it was certified by The Joint Commission in 2014 as the first Comprehensive Stroke Center north of the Bay Area.

This elite designation, part of the Dignity Health Neurological Institute's extensive capabilities, recognizes its ability to treat even the most complex stroke cases, providing 24/7 access to an unparalleled suite of services including: a dedicated neurocritical care unit for complex stroke patients; high-volume neurointerventional radiology services for intricate cerebrovascular conditions like brain aneurysms and stroke; advanced imaging capabilities, including 3-Tesla MRI, biplane angiography, and CT perfusion, available around the clock; a dedicated vascular neurology service that extends beyond hospitalization; and active participation in cutting-edge stroke research, continually translating discoveries into

patient care.

"This milestone builds directly on our decade of leadership as a Comprehensive Stroke Center," added Austin Manning, president and CEO of Mercy San Juan. "Our participation in this global trial underscores our unwavering commitment to bringing the most advanced, potentially life-saving treatments to our community. Patients at Mercy San Juan receive a unique level of comprehensive care, and this innovative trial reinforces our mission to deliver exceptional, compassionate care and drive medical progress."

The Phase 3 trial, known as RESPECT-ETB, plans to enroll more than 500 patients across multiple sites in the U.S., Germany, Spain, and the UK.

Mercy San Juan is a Joint Commission Certified Comprehensive Stroke Center. Under the umbrella of CommonSpirit Health, the second largest health care system in the U.S., Mercy San Juan leverages the CommonSpirit National Neuroscience Collaborative to actively participate in leading-edge research, including launching multiple CommonSpirit hospitals in the Pharmazz trial. ★
