## City Opens Applications for Youth Advisory Commission

By Thomas J. Sullivan

**CITRUS HEIGHTS, CA (MPG)** - The City of Citrus Heights is accepting applications through Friday, June 26 for a new Youth Advisory Commission.

The Youth Advisory Commission (YAC) will serve as an advisory body to the Citrus Heights City Council by giving valuable feedback on City projects and services which impact young people, according to Marisa Brown, city communications officer.

In February, the Citrus Heights City Council unanimously approved a recommendation to create a Youth Advisory Commission which will consist of 13 youth members.

Commissioners must commit to a one-year term (September through May) and may be reappointed for one additional consecutive term, for a maximum of two years, according to the city.

Attendance at monthly meetings and periodic City Council sessions is required to maintain active participation in the Youth Advisory Commission.

Interested students who are entering grades eight through 12 from public schools, charter schools, private schools, or who are homeschooled, and reside in the City of Citrus Heights are now eligible to apply.

"Citrus Heights is genuinely committed to creating real opportunities for young people to have a voice in shaping their community," said Citrus Heights Mayor MariJane Lopez-Taff in describing why eligible students should apply.

"The Youth Advisory Commission is more than a leadership experience. It's a chance for students (in grades eight through 12) to share their ideas, learn how local government works and to help directly influence programs and services that impact their daily lives," she said.

"I encourage students who passionately care about their community and want to make a real difference to apply and to become a part of this important work," said Lopez-Taff.

Members of the new Youth Advisory Commission will advise the City Council and staff on specific policies.

## Veterans Community Center Observes Memorial Day

Story and photo by Thomas J. Sullivan

**CITRUS HEIGHTS, CA (MPG)** - The city of Citrus Heights took time to honor and remember its fallen veterans on Memorial Day 2026 in a variety of public ceremonies, gatherings and a free concert.

The Veterans Community Center, at 7401 Auburn Blvd., held its annual free Memorial Day Concert from noon to 1 p.m. May 25 on the grounds of the center.

Before the concert began, attending veterans and their guests were given a commemorative keepsake

red and white striped pin featuring two poppies in remembrance of the famed World War I poem, "In Flanders Fields" which was read by Michelle Grant, the daughter of a Korean War era U.S. Navy veteran, who is the center's general manager.

The all-volunteer Ben Ali Shrine Band, under the baton of director Ron Wainright, presented a concert of patriotic music and popular favorites, accepting donations in support of the Northern California Shriners Center.

The Veterans Community Center was originally built in 1862 and opened as Sylvan School before serving as a community center for more

than 40 years.

Earlier that morning, the historic Sylvan Cemetery at 7401 Auburn Blvd. also honored fallen veterans who served and died in action in the annual ceremony held at the cemetery's gazebo, with Citrus Heights City Manager Ash Feeney providing opening remarks.

The Veterans Community Center is open from 9 a.m. to 1 p.m. Monday through Friday. For a complete full list of weekly and monthly activities each month, visit online veteranscommunitycenterch.com or email info@veteranscommunityctr.org. ★

# Sweet Haven Bakery Relocates

By Thomas J. Sullivan

**CITRUS HEIGHTS, CA (MPG)** - Life's too short for bad cake. That's the motto of Sweet Haven Bakery, best known for the past two years for its unique creations of cookies, cupcakes and specialty wedding cakes in Citrus Heights, and now relocated to Fair Oaks, marking a new chapter for the family-run business.

On April 4, the family-owned Sweet Haven Bakery moved from the Marketplace at Birdcage in Citrus Heights to its new suite in the Sunrise Center at 5346 Sunrise Blvd., at the corner of Sunrise Boulevard and Madison in Fair Oaks.

Trina and Colin Claycomb, and their son Haven said the move to Fair Oaks will allow the bakery to better serve its customers and make way for future expansion within the space with the addition of a commercial kitchen on the premises. Currently, its baked goods are produced in an off-site commercial kitchen, said Trina Claycomb.

Haven has been baking since age 14, and as a young adult is balancing commercial baking duties, producing specialty cakes to order with college classes, she said.

"Our regular customers have followed us and we're looking to build recognition here on the corner," she said.

The family moved interior furnishings and décor to the new space and painted the walls with a familiar pink color which customers had come to know. A second counter was added where coffee is now served.

Popular bakery items include cupcakes, cookie

sandwiches and brownies. Sweet Haven also takes custom cake orders.

"We offer vegan options in everything we make," said Trina Claycomb.

The Claycombs sought to find a permanent location and began looking for a new retail space two months ago. Their new location is in a high-traffic area, and they look forward to attracting first-time drive-by customers not yet familiar with Sweet Haven to stop in and give them a try.

Each bakery treat at Sweet Haven is made with love and a personal touch, Trina said. At the front counter a display case full of "crave worthy" seasonal rotating flavors easily invites customers to come back for more.

Haven wasn't readily available for an interview, busy attending to custom wedding cake orders and attending school, she said. Proud mom Trina was happy to oblige, describing the passion and creativity Haven brings to his work.

The store is decidedly a family affair with husband and wife Rane and Grace Claycomb offering their signature drinks at the Ka Pua shop within the store

named in celebration of the beauty of island flowers and nature.

Customers are also invited to enjoy their sweet cupcakes and cookies with a selection of fresh Hawaiian-themed coffees, including an Island Latte flavored with macadamia nut and coconut, Melia Matcha with homemade strawberry puree and Poni Ala, a delicious honey lavender latte.

Classic coffee drinks are also served and sparkling monomans, non-caffeinated refreshers are featured.

The Sweet Haven Bakery is located in Sunrise Center at 5346 Sunrise Blvd., at the corner of Sunrise Boulevard and Madison in Fair Oaks.

Store hours are Wednesday through Saturday from 11 am to 5 pm. The Sweet Haven Bakery is closed on Sunday, Monday and Tuesday.

# Greenback Treasures Feels Competition

Story and photo by Thomas J. Sullivan

**CITRUS HEIGHTS, CA (MPG)** - Step into Greenback Treasures, a retail thrift and gift boutique at 7680 Greenback Lane, and you'll be certain to find something special around just about every corner.

"We have individually themed rooms, with many unique, hand-picked estate finds," said its owner, Joe Perez. "Each is its own experience."

Sustaining a small business model like Greenback Treasures in a very competitive retail thrift market hasn't been easy, Perez said.

The number of larger sized thrift stores in the city of Citrus Heights continues to grow steadily, with a new retail store, Pacific Thrift on the corner of Greenback Lane and San Juan Avenue now advertised as "coming soon."

In all, Perez said he counts 10 similar stores which are now doing business in Citrus Heights.

"At Greenback Treasures we have seen the shift," he said. "While the big-box giants use your donations and revenue to cover their massive monthly rents and overhead, we've kept our focus where it belongs: on the quality items at a lower price, and the customers we serve," he said.

Greenback Treasures, on the corner of Patterson Lane and Greenback Lane, across from the Renaissance Apartments, opened in early December 2023 in a space that locals may remember as Swanson's Cleaners and most recently was home to The Building Pros, a construction firm which he owned.

Owner Joe Perez said he's working with his landlord to refresh the parking lot and to improve exterior signage around the store.

Perez decided to start a different business venture, and with his wife, remodeled the interior, repainted its office spaces and filled the 2,500-foot commercial building with fresh inventory.

Featured display spaces include home decor, audio, vintage musical instruments, jewelry, shoes, pop culture memorabilia and lighting. Three rooms have been set aside for children's toys and clothing, a men's "man cave" and women's clothing.

A used and antique furniture section was recently expanded in the rear of the store. A seasonal holiday room is regularly featured.

"We have a sales staff that knows what its repeat customers tend to be looking for that keeps our prices fair," said owner Joe Perez.

Inventory changes frequently as Perez works a network of sources to add new merchandise regularly. The store also accepts donations, he said.

"Greenback Treasures is proud of our Google ratings and our status as the authentic, No. 1-rated local boutique thrift shop that Citrus Heights helped us

build," Perez said. Perez said he's working with his landlord to refresh the parking lot and to improve exterior signage around the store. Customers enter the store through a gazebo entrance and clothing racks and merchandise are displayed outside the store.

"As new, corporate 'big box' thrift warehouses move into Citrus Heights, many are also trying to 'curate' their massive spaces to mimic the boutique shops within Greenback Treasures which we've built," Perez said. "But as any treasure hunter knows, a 25,000-square-foot warehouse just can't be a boutique, no matter how many glass cases they might add," he said.

Perez said he's especially grateful to our regular customers for their ongoing support and for the new relationships he's built with those who have shopped Greenback Treasures for the very first time.

"Their reaction when they walk into the front lobby of our store and then realize there's so much more inside wherever they look is always surprising to me," Perez said. "That feeling leaves me optimistic that Greenback Treasures will continue to be successful," Perez said.

Greenback Treasures is located at 7680 Greenback Lane in Citrus Heights. Call 916-595-7471 for more information or email [greenbacktreasures@gmail.com](mailto:greenbacktreasures@gmail.com).

Greenback Treasures is open weekdays from 11 a.m. to 6 p.m., Saturdays from 11 a.m. to 6 p.m. and Sundays from 11 a.m. to 4 p.m. The business is closed on Mondays. ★

Sacramento County, was designed to provide patients with faster access to psychiatric care while easing pressure on overcrowded emergency rooms.

"Patients go to the ER in crisis," Croning said. "They come to us within about three hours, and they get appropriate care very quickly."

Before the CSU opened, psychiatric patients could remain in emergency rooms for more than a day waiting for an inpatient bed, according to Croning. He said some patients waited up to 33 hours.

"A patient in crisis does not want to sit in the ER miserable for a day waiting for a bed," he said.

The CSU is located next to Mercy San Juan's emergency department and serves adults 18 and older who have first been medically cleared in the ER. The facility is not intended for long-term care, but rather short-term stabilization and treatment.

Patients are evaluated by psychiatrists, nurses and social workers, with additional support from peer navigators and security staff. Croning said about half of patients treated at the CSU are stabilized and able to return home within 24 hours, while others are transferred to inpatient psychiatric facilities for continued care.

"We've seen over 11,000 patients since we opened in 2019," Croning said.

The unit operates around the clock

with behavioral health-trained nurses and psychiatric staff, including on-site and telemedicine psychiatrists. Croning said the goal is to begin treatment immediately so patients can stabilize faster.

Croning also addressed challenges tied to homelessness and repeat psychiatric emergencies during a question-and-answer session following his presentation.

"We have a constant flow of homeless patients," he said. "We get them stabilized and back on their medication."

He said staff work with local facilities, therapists and pharmacies to connect patients with housing resources, follow-up appointments and medication supplies before discharge.

When asked whether the CSU tracks repeat visits, Croning said some patients do return regularly because of ongoing mental health instability and limited resources in the community.

"There's a certain number, like 15% to 20%, who come back on a regular basis," he said.

Croning said the CSU model is helping hospitals respond more efficiently to behavioral health emergencies while improving care for patients.

"Units like mine can decompress yours and give quality care quickly to patients," he said.

The next ACCESS Citrus Heights Luncheon is scheduled for June 16 and will feature the leadership team from Sac Metro Fire. ★

# CSAA Birdcage Office Celebrates Grand Opening

**Story and photos by Thomas J. Sullivan**

**CITRUS HEIGHTS, CA (MPG)** - The MarketPlace in Birdcage branch office of the California State Automobile Association (CSAA) in Citrus Heights celebrated the completion of a recent five-month remodel on Saturday, May 17, inviting the local community to see its fresh, new modern look.

Families and community members eagerly explored the renovated local branch, located between Cold Stone Ice Cream and Barnes and Noble Booksellers, met local AAA representatives and learned more about available services.

The special grand opening family event held from 10 a.m. to 2 p.m. featured a variety of informative booths in the parking lot, free car seat inspections and a complimentary lunch.

At 12:30 p.m., Citrus Heights Mayor Mari-Jane Lopez-Taff and Sacramento County Supervisor Rosario Dawson joined with local CSAA staff to cut a commemorative red ribbon celebrating the official grand re-opening of the Citrus Heights branch office.

Interior construction began last December. CSAA members who arrived to pay their bills, renew DMV registration or arrange their travel plans have watched as individual customer service and spaces within the Citrus Heights branch office were temporarily moved as interior walls were repainted, a new lobby took shape and new more spacious customer service agent cubicles were built.

The expanded front lobby area features comfortable new seating, a refreshment area and new large wall-mounted display screens providing helpful information for CSAA products and travel services while customers wait.

The Citrus Heights CSAA branch has featured DMV services, allowing residents to renew registrations, apply for and replace license plates and handle transfer of ownership paperwork without the hassle of visiting a crowded government office.

DMV services have been moved up towards the front lobby where a new white front counter features a colorful blue cutout of an automobile overhead.

"This new remodeled branch takes the Member experience to a whole new level, while staying in our current Citrus Heights location," said Doug Johnson, spokesperson for AAA Northern California who was present for the grand reopening ceremony.

The CSAA Birdcage office opened 20 years ago and employs a staff of 23, according to Jennifer Casenave, its member services branch director.

The upgraded Citrus Heights facility brings streamlined California DMV services, travel planning and insurance

options to the community, all in a refreshed, welcoming environment, she said.

"This elevated presence comes with a fresh, modern look and significant upgrades to essential services highlighting the quality of AAA products and services the community has

come to expect."

According to CSAA, the remodeled Citrus Heights branch "embodies the organization's commitment to being a one-stop destination for members' diverse needs."

For those planning their next adventure, local AAA travel advisors also provide personalized guidance, access to mapping tools and the TripTik travel planning app, discounted attraction tickets, passport photos and international driving permits.

Beyond travel and vehicle services, the Citrus Heights branch offers comprehensive insurance coverage through AAA Insurance, including auto, home and life policies, according to staff.

This recent Citrus Heights branch renovation is part of AAA Northern California's larger strategy to enhance the member experience across the region. # Baseball Trio Lands on WAC Postseason Honor Roll

## Sacramento State Athletics News Release

**SACRAMENTO REGION, CA (MPG)** - Sacramento State senior right-hander Ethan Lay and junior outfielder Erick Dessens were named to the first team while freshman outfielder Sam Harry picked up second-team honors on May 19 as the Western Athletic Conference released its 2026 postseason honor roll according to a vote of the league's head coaches prior to first pitch of this year's league tournament.

All three players were honored by the WAC coaches for the first time in their respective careers.

The first-team awards for both Lay and Dessens gave the Hornets multiple first-team honorees for the second straight season (they had four in 2025) and the 11th time since 2012. Meanwhile, Harry becomes the first Sacramento State freshman to make the all-league team since both JP Smith and Wehiwa Aloy — who was also the WAC Freshman of the Year — in 2023.

Harry also becomes only the 10th Hornet freshman to earn all-league honors since 2006, joining first-teamers Chris Lewis (2013 Freshman of the Year), Sutter McLoughlin (2013), Parker Brhms (2017), JP Smith (2023), and second-teamers Jesse Darrah (2009), Rhys Hoskins (2012 Freshman of the Year), Sam Long (2014 Freshman of

Lay enters the WAC Tournament with a 4-3 record and a 3.57 ERA in 14 starts this season having struck out 85 batters in 80.2 innings while walking only 13 and holding opponents to a .255 average. One of 43 semifinalists for the College Baseball Foundation's National Pitcher of the Year award and a two-time WAC Pitcher of the Week in 2026, Lay leads the league in innings pitched and fewest walks allowed while standing second in strikeouts and fourth in both ERA and

average against.

Nationally, he also ranks No. 16 in the country in strikeout-to-walk ratio (6.54) and fewest walks per nine (1.45), while standing among the top 100 pitchers in the nation in strikeouts (No. 79) and WHIP (No. 97).

Dessens helped power the Hornet offense during the regular season to the tune of a .362 average and a .991 OPS, scoring 48 runs scored, collecting 16 doubles, and slugging 10 home runs while driving in 60. The WAC Player of the Week on April 6, Dessens has racked up 84 hits

— which are two shy of breaking into the school's single-season top 10 and ranks No. 9 in the NCAA — and stands among the league's top 10 in seven different offensive categories.

His RBI total for the year has him in a tie for 10th with three other Hornet greats on the school's single-season list while his 16 doubles are three back and his 25 multi-hit games are one shy of a spot in those respective top 10's.

Harry enters the postseason ranked third on the team with a .326 average, slugging .487 on the year with a .408 on-base

percentage as Sacramento State's lead-off threat atop the order. He has scored a team-high 52 runs, collected a team-high 17 doubles as part of his 73 hits this year, and driven in 34. His 52 runs are four shy of a seven-way tie for 10th on the school's single-season chart, while his 17 doubles are two back of a spot in the top 10.

He ranks among the top 10 in the WAC in doubles, hits and runs scored, entering the conference tournament on an eight-game hitting streak, batting .361 with nine runs scored, four doubles, and six RBI in that stretch. ★

# Board Votes to Sit Two on Homelessness Task Force

## Sacramento County News Release

**SACRAMENTO REGION, CA (MPG)** - At its May 19 meeting, the Sacramento County Board of Supervisors appointed two supervisors to an ad hoc Planning Task Force that will formally advance a new regional homelessness governance structure after months of collaboration with partners in the community, presentations and briefings that ultimately aligned the County, the City of Sacramento and the region's Continuum of Care (CoC) around a single framework.

The action marks a significant turning point in a long-running debate over how homelessness policy should be organized in the region given there is no mandate from the state or federal government.

For more than two years, Sacramento County, city governments and Sacramento Steps Forward, the nonprofit organization that administers the CoC, have been discussing how to better coordinate responses to homelessness amid rising unhoused populations, increasingly complicated and reduced funding streams and mounting pressure from state leaders for regional cooperation. In July 2025, Senator Ashby introduced legislation, SB 802, to formally create a mandated Joint Powers Authority (JPA) that attempts to require the County and its incorporated cities to pool funding and spending authority into a separate entity.

On Dec. 9, 2025, the Sacramento County Board of Supervisors approved the staff recommendation for a new homeless partnership model intended to create a more unified

regional governance structure, while maintaining local control of critical land use and budgetary decisions for locally generated funding. The proposal creates a single governing board that would serve dual roles: acting as the federally required CoC Board while also functioning as an advisory body to local jurisdictions on homelessness issues outside the scope of the CoC, including shelter operations, encampment response, housing coordination and related policy matters.

County leaders propose the structure would improve regional coordination, strengthen accountability and position Sacramento County and its cities more competitively for state and federal homelessness funding opportunities.

After a significant amount of shared staff

work to more closely align what the Board of Supervisors approved to what the city council requested, the Sacramento City Council ultimately adopted a governance framework closely aligned with the County's original recommended structure rather than pursuing a separate JPA structure. Shortly afterward, the CoC Board also agreed to participate in the framework. With the County, City of Sacramento and CoC now aligned around the same governance model as well as support from other cities in the County throughout this process, the region can move forward with meaningful discussions of next steps.

Next steps include amending the CoC bylaws and determining the size and distribution of seats on the future governing board. That process will be handled by a newly

created Planning Task Force.

Under the proposed structure, the task force will include two representatives from the Sacramento County Board of Supervisors, two representatives from the Sacramento City Council, one representative from each of the County's other incorporated city councils, and one or two representatives from the CoC Board. The Board of Supervisors' action Tuesday specifically focused on appointing the County's two representatives to participate in the task force.

The Board voted to seat Supervisors Patrick Kennedy and Rich Desmond to the task force – both whom currently sit on the existing CoC Board. Once the bylaws are developed for the new Governing Body, the Board of Supervisors will appoint permanent members to that body. Existing staff from the Department of Homeless Services and Housing will provide administrative and policy support for the planning process as participating jurisdictions work through the details of the new governance model.

Once implemented, the newly created structure will represent one of the most significant reorganizations of homelessness governance in Sacramento County in recent years. Supporters are hopeful the unified framework will create a more coordinated regional response by consolidating leadership, aligning policy priorities across jurisdictions and incorporating both elected officials and community stakeholders into a single collaborative structure focused on addressing homelessness across the County.

# 5 Over 50 Award Winners Named

## Sacramento County News Release

**SACRAMENTO REGION, CA (MPG)** - Whether it's raising money for families in need, helping travelers navigate the airport, or building new homes, there are dozens of ways volunteers in Sacramento County make a difference in our community.

This year, Sacramento County's Adult and Aging Commission is celebrating five compassionate individuals who, instead of slowing down as they aged, decided to get involved and make a difference where they live. To celebrate these individuals, the commission is awarding them with the 2026 5 Over 50 Award. To win, each volunteer must be over the age of 50 and must be nominated by at least two people who see the standout work they are doing.

Thank you to this year's winners.

The winner representing district one is Antonia Lopez. When Antonia's mom was diagnosed with Alzheimer's Disease, she decided to educate herself about the illness and find ways to help older adults. She learned about the Hart Senior Center and began taking her mother. Antonia herself soon became a volunteer at the Hart Center, helping develop programs and activities for Spanish-speaking older adults.

Antonia stays busy finding ways to help and educate others. She has spent more than 15 years advancing the health, independence and quality of life of older adults in Sacramento County, coordinating quarterly health education programs in partnership with the UC Davis Alzheimer's Research Center and the POINTER Study, while also reducing barriers to care through screenings, adaptive equipment, and Paratransit passes for 24 members.

Antonia says she's especially

**The Sacramento County 2026 5 Over 50 award recipients are Antonia Lopez (District 1), Shirley Fong (District 2), Jodi Sato-King (District 3), Ed Valencia (District 4) and Dave King (District 5).** Photo courtesy of Sacramento County

grateful to the Hart Center and UC Davis for the compassion they show for seniors like herself.

"I do it as a service for others, but really, it's a service for me. It keeps me able to do the kind of things that I can do to contribute," Antonia said of her volunteer work.

The winner representing district two is Shirley Fong. Shirley has been one of Habitat for Humanity of Greater Sacramento's most passionate volunteers - contributing nearly 5,000 hours in support of affordable homeownership, housing stability and community revitalization.

Shirley remembers seeing Jimmy Carter commercials about volunteering for Habitat for Humanity. She'd never done home renovation projects, but that didn't stop her. She's now learned more about landscaping and painting and even installed flooring in new homes.

"I like working with the homeowners; they're really fun and interesting, and we get to

know each other pretty well," said Shirley.

Lately, Shirley is helping families in Citrus Heights build new homes, but she has helped construct homes all across the County.

The winner in district three is Jodi Sato-King. Jodi led the effort to help create a more accessible space at Sailor Bar while protecting the nature that calls the American River home.

Through her collaboration with Regional Parks staff and Supervisor Rich Desmond, Friends of Sailor Bar raised more than \$30,000 to install 19 accessible benches and tables, mobilized volunteers to restore vegetation at the Turtle Pond, and partnered with state and regional agencies to remove a rock dam to improve salmon migration. Jodi is especially grateful to the parks staff and Parks Department Director Liz Bellas for collaborating with Friends of Sailor Bar to create a more welcoming space for community members

to enjoy.

"When we come together and we use our skills and our passion, to be able to enrich this community – especially at Sailor Bar – by making it more accessible and educating people to respect and enjoy nature, that is so rewarding," said Jodi.

Jodi says the friends she's made through her volunteer work keep her going and make her feel connected to the community. Jodi continues to collaborate with Sacramento County's Parks Department and hopes to find ways to keep improving our parks through the partnership with the department.

Ed Valencia is the winner for district four. Ed, a lifelong Rio Linda resident, has dedicated more than four decades to community service, beginning in the 1970's when he joined the Lions Club of Rio Linda. He has since served in numerous leadership roles—including President and Secretary—while leading long-standing projects such as Ruby's

Baskets Christmas Program to support families in need.

Ed believes in pouring love back into the community he grew up in. All the money raised by the Lions Club of Rio Linda helps residents in Rio Linda.

"Any money we raise in the community, has to go back into the community so we try to help out however we can," said Ed.

In district five, Dave King took home the award. Dave, has served as a dedicated Sacramento International Airport (SMF) Ambassador since 2017, becoming a standout veteran volunteer known for his calm personality, reliability and exceptional ability to welcome and assist travelers at both Terminal A and Terminal B. Since becoming an ambassador, Dave has encouraged several people he knows to join the program.

"It looked like it would be fun [to be an SMF Ambassador] and it has turned out to be a whole lot of fun. My friends who come and join enjoy it for the same reason I do – because it's a positive environment," said Dave.

Dave finds other ways to give back outside of helping travelers. He also regularly donates blood. Dave says he enjoys helping others now that's he retired because it's a rewarding way to use his time.

Sacramento County's 5 Over 50 Volunteer Award winners represent the importance of staying active, finding your passion and helping others. Each winner helps make Sacramento County a great place to live.

The winners also remind us that we can all work together to make a difference in our community. You don't have to be over the age of 50 or retired to give back – learn how you can get involved and volunteer in a variety of ways at [saccounty.gov](https://saccounty.gov).

# Drivers Encouraged to Embrace Safe Driving This Summer

## AAA Mountain West Group News Release

**SACRAMENTO REGION, CA (MPG)** - Memorial Day marks the beginning of the summer driving season, a time when teens gain more independence behind the wheel, families hit the road for vacations and celebrations bring more drivers onto the nation's roadways. To encourage safer choices during this high-travel period, AAA is urging drivers to commit to "100 Days of Safe Driving" between Memorial Day and Labor Day.

This message comes at a critical time as an AAA review of national

crash data shows that more than 30% of fatal crashes involving teen drivers and nearly one-third of all impaired-driving fatalities occur between Memorial Day and Labor Day. By making smart choices behind the wheel, drivers can help make summer roads safer for everyone.

In 2024 alone, the most recent year of complete crash data, 2,636 people were killed in crashes involving a teen driver. One-third of those deaths, 825, happened in the 100 days between Memorial Day and Labor Day.

"The '100 Days of Safe Driving' campaign is about encouraging

drivers to make simple choices behind the wheel that can help save lives," said Doug Johnson, spokesperson for AAA Mountain West Group. "By staying focused, slowing down, wearing your seatbelt, and making plans for a safe ride home, every driver can ensure all road users make it home safe this summer."

AAA encourages teens to use the summer months as an opportunity to build safe driving habits through the following actions:

Limiting distractions. Put away cellphones, keep your eyes on the road, limit the number of passengers in your vehicle.

Obey posted speed limits. Speeding is the leading factor in fatal teen crashes during the summer.

Wear Your Seatbelt. Ensure you and your passengers are fastened before driving.

Never drive impaired or drowsy. Alcohol, illegal and prescription substances seriously impair someone's ability to drive. Drowsy driving is nearly as dangerous as driving under the influence.

Slow down, move over. With a record number of travelers on the road this holiday weekend, AAA reminds drivers to put safety first, Slow Down Move Over for all stopped vehicles on the roadside.

Parents also play an important role by setting expectations early and modeling safe behavior behind the wheel.

Take advantage of AAA Driver Training Resources for essential tools teen drivers need to safely prepare for navigating the road.

Summer celebrations and travel can also increase the risk of impaired driving. According to AAA crash data analysis, nearly one in three summertime traffic deaths involves an impaired driver. AAA, in partnership with Mothers Against Drunk Driving, reminds everyone to arrange a safe ride home before going out. ★

## Consider the Talent

Well Kings fans, the playoff world of basketball goes on whether the Sacramento Kings are a part of the conversation or not. The vast majority of the supposed basketball experts have been predicting an OKC repeat and with Shai Gilgeous-Alexander recently garnishing the MVP award for last season, I imagine most people believe the same thing.

As it turns out, the San Antonio Spurs may have something to say about that outcome, as their series is knotted at two-games apiece, and in the last contest they held the potent offensive of OKC to an amazing 82 points for the game.

A stifling defense swarmed the Thunder for 48 minutes and never allowed the defending champions a chance to ever make this game a contest.

But given the overwhelming prediction that OKC would virtually boat race any and all competition to the finish, how did this happen.

Obviously, 7-foot-4 Victor Wembanyama hasn't been listening to ESPN or reading the papers, because he is completely unaware that the Spurs were supposed to be nothing but be a good tune up for the championship series.

Wembanyama has given the Thunder plenty to be concerned about, and at this juncture this seven-game series could go either way.

The New York Knicks have the east coast on fire with enthusiasm as going back to the regular season they have won 16 of their last 20 games, and a surprising eight games in a row in the playoffs.

A shut down defense simply took Cleveland out of their recent series and put an exclamation mark on a 130-93 thrashing of the Cavaliers to complete a 4-0 series sweep.

Experts have been emphatically saying that teams with small guards are a thing of the past and should not be considered a serious threat to the longer teams like the Thunder others that count on expansive wing spans to shut down opposing threats.

Apparently that news never got to Jalen Brunson who generously listed at six-foot-two has been a one-man wrecking crew and virtually unstoppable since the playoffs began.

Two things should be of great interest

to Sacramento Kings fans that are waiting patiently for the 2026 draft to begin.

Number one, the dominance of the population heavy cities such as Los Angeles, San Francisco and others has finally come into question, as San Antonio, Oklahoma City, Memphis, Indianapolis and others have given rise to the notion that smaller cities can compete and bring championships to their cities as well.

Number two, as stated teams with a smaller back court are not precluded from championship contention, and both of these truisms should make Sacramento Kings fans sit up and take notice.

The outcome of this year's championship series may play a part in which direction the Sacramento Kings go, and who they decide to draft.

I have long been a proponent of building this team around Domantas Sabonis, and I haven't changed my mind. Take stock in what you already have on a team laden with talent and make the necessary tweaks without putting a team together that no one recognizes.

The city of Sacramento is about to find out the true identity of GM Scott Perry, and whether he has the ability to recognize talent when he sees it.

Too many years have passed that left quality players undrafted or simply went to other teams because the Kings passed them by. This needs to stop and I can think of no better time than right now.

Whether the New York Knicks face San Antonio or the Oklahoma City Thunder, the Sacramento fan base will have an opportunity to see how a team with a smaller back court can stand the test of a bigger and longer one.

There is considerable interest in this off season for the Kings, and I've heard virtually every opinion imaginable from fans that have followed the Kings for years.

This fan base has passion, and now they need the front office to demonstrate the ability to draft and make trades that will fill Golden One Arena every night.

Every reason for optimism, so renew those season tickets Kings fans and let's keep the support high!

*All the best!* ★

## Education is Vital and Costs California Billions, So Why Aren't Candidates Talking About It?

By Dan Walters, CALMatters.org

The single largest item in Gov. Gavin Newsom's recently proposed budget — and arguably its most important — is the \$91 billion (plus \$60 billion in local and federal funds) it would spend to educate the state's nearly 6 million students, from transitional kindergarten through high school.

How well they are educated, prepared for higher education or the job market, will be a big factor determining whether California's economy, and thus its socioeconomic whole, succeeds or fails.

Not surprisingly, given the amounts spent on education and its importance, it ranks very high in the Capitol's annual give-and-take over the budget. That's certainly true this year, as Newsom's last budget shorts the state constitution's mandatory allocation for schools by a few billion dollars, with a promise to make it up later, which drew opposition from school officials throughout the state.

Education perennially ranks very high in surveys of voters' priorities. The school lobbies, including the very powerful California Teachers Association, will use that as they press the Legislature to raise their share of the revenue stream. With the high stakes of

education financing and its place in Californians' hopes for a prosperous future, one might think that those who aspire to succeed Newsom would happily volunteer their intentions.

That would be especially helpful given that Newsom, as a parting gesture, wants to all but eliminate the elective office of state superintendent of public instruction and vest nearly all education oversight in the governor's office.

If that rearrangement of duties is enacted, the next governor would be a virtual czar of the nation's largest public education system.

However, the silence about this among the leading candidates for governor is deafening. They are more than happy to exchange personal insults during debates and in campaign ads, and to hold forth on such issues as gas prices, housing and homelessness. But they leave a vacuum when it comes to how, or if, they would change the school system.

Only one candidate, San Jose Mayor Matt Mahan, repeatedly brings up this issue during debates, noting that he is a former teacher. The other candidates' blackout is compounded by the eagerness of debate mediators to interrogate the candidates on other issues while failing to bring up education.

A new study by Stanford University's Educational Opportunity Project verifies other data indicating that California's public schools are falling well short of the academic achievement needed for the state's future.

The study catalogued 2025 reading and math test scores throughout the nation

and found that, almost everywhere, achievement is lower than it was 10 years earlier — reading is down in 83% of local school systems and math is lower in 70%.

Most disturbingly, not only is California not immune from the trend but it is one of the states with the greatest declines. Only eight states and the District of Columbia experienced deeper declines in reading than California.

The New York Times, in reporting on the study, created a website that allows readers to find out specific results in individual school systems.

It reveals, for instance, that while Los Angeles Unified, the nation's second largest system, showed fractional gains in reading and math, Oakland Unified experienced declines in both and San Diego fell in reading and gained in math.

After years, even decades, of ignoring its deficiencies in those foundational skills, California has lately done something that it should have done long ago — embracing phonics in teaching reading. Also, legislation to diagnose and treat deficiencies in math is moving in the Capitol.

The next governor needs to build on those and other efforts to restore California's public schools to their former glory. The people vying for that job should tell us if and how they intend to do what's necessary.

## Social Security Matters Help! SSA Says I'm Not Eligible for Benefits

By Russell Gloor, AMAC Certified Social Security Advisor

**Dear Rusty:** Help!! The Social Security Administration says I didn't pay enough into my Social Security account, despite being a business owner and paying taxes. What can I do?" **Signed: Self-employed American**

**Dear Self-employed:** For all potential SS beneficiaries, it is very important to know how Social Security determines if you are eligible for retirement benefits: Everyone (including the self-employed) must have earned at least 40 "quarter credits" contributing to the SS program, which is usually about 10 years' worth of earnings.

You can earn up to four "quarter credits" per year, depending on your earnings, including your net earnings from self-employment. For example, this year (2026) you will get one "quarter credit" for each \$1,890 of

earnings, up to four credits maximum for the year. As a self-employed business owner, only your net earnings are counted (e.g., after all your reported business deductions are taken). The SSA gets your earnings information from the IRS, so SSA goes by whatever information you submitted in the self-employment income tax returns you submitted to the IRS over the years. If you don't have at least 40 "quarter credits" over your lifetime, you won't be eligible for Social Security retirement benefits.

The best way to further investigate this is to create your personal "my Social Security" online account at [www.ssa.gov/myaccount](http://www.ssa.gov/myaccount). When you have done that, you will be able to see how many quarter credits you currently have (apparently less than 40) and determine how much more you must earn to be eligible for SS retirement benefits. For example, if you have 36 or more credits now, you could likely work just another year, or part of a year, to be eligible for SS benefits next year. Knowing how many "credits" you now have will tell you how much more in annual net earnings from self-employment you must have

to become eligible for SS benefits.

When you create your online SS account, you will also be able to see your entire lifetime record of your earnings reported to Social Security, and you should review that record to make sure that your lifetime earnings have been correctly reported to Social Security. If there are any discrepancies in your lifetime earnings record, they can be corrected by using form SSA-7008. You can find additional guidance on this at the following SSA web link: [www.ssa.gov/pubs/EN-05-10081.pdf](http://www.ssa.gov/pubs/EN-05-10081.pdf)

## Our Screen Culture Increasingly Can't Read

ten how to teach them. We decided to jettison a common-sensical, tried-and-true method of reading instruction -- phonics -- for faddish theories that haven't worked. It is notable that states showing improvement between 2022-2025 embraced phonics, which now goes under the rubric "the science of reading."

It also can't be a coincidence that these harrowing trends are playing out against the backdrop of ubiquitous screens in schools. Schools are starting to ban mobile phones, but the screen that they take away with one hand, they give with the other. According to a New York Times survey, 80% of teachers say that students at their schools have a device assigned to them; it was only a third in 2019. More than 80% said that kids get devices ... by kindergarten.

It would have been comparable recklessness if schools had decided at the outset of the television age that every schoolchild needed a personal TV. Parents struggle to get their kids off devices at home, and then send them to school, where they read "To Kill a Mockingbird" on an iPad.

Now, books haven't disappeared from classrooms, but they aren't nearly as prevalent as they should be. A new study by the Rand Corporation found that most English teachers assigned at least one full book during the school year, although 9% didn't assign any, and roughly two-thirds assigned between only one to four.

Engaging with a whole book in print is so important because not all reading is equal. One analysis found that "digital reading does improve comprehension skills, but the beneficial effect is between six and seven times smaller than that of print reading." So, too, reading a book is better than reading a series of extended passages; it requires more attention and greater immersion.

As education expert Robert Pondiscio of the American Enterprise Institute points out, it's a mistake to think of reading as solely a technical skill, since reading comprehension also depends on what the great educational theorist E.D. Hirsch called "cultural literacy," the basic facts about history, civics, art and the like that form our common knowledge. To our great detriment, schools have downgraded this, too.

The worst-case scenario is that we have become a screen culture that is only capable of producing screen kids. A report last year in the journal *iScience* found that reading for pleasure steadily declined from 2003 to 2023. On top of evidence that reading also fell from the 1940s to 2003, this makes for an 80-year decline.

The poet and essayist Joseph Brodsky said, "There are worse crimes than burning books. One of them is not reading them." And not being capable of reading them is even worse than that.

**WHEREAS**, the Board of Directors (the "Board") of the Orangevale Recreation and Park District, County of Sacramento, State of California, has previously ordered through Resolution 92-06-51 the formation of an assessment district pursuant to the provisions of the Landscaping and Lighting Act of 1972 for the purpose of financing certain park and recreation improvements and refurbishments as specified in the District's updated Master Plan and for the purpose of funding maintenance operations of the District; and

**WHEREAS**, the Board, through Resolution 92-06-51, has ordered that the park and recreation improvements specified in the Engineer's Report dated March 26, 1992, be constructed, and has estimated that the cost of such proposed park and recreation improvements is greater than can be raised from a single annual assessment, and has ordered that the estimated costs of these improvements be raised by an assessment levied and collected in annual installments over a period of 20 years, commencing in fiscal year 1992-93 and ending in fiscal year 2012-13 and then continued from year to year as necessary to fund other capital, maintenance and other needs;

**NOW, THEREFORE, BE IT RESOLVED**, by the Board of Directors of the Orangevale Recreation and Park District, County of Sacramento, State of California, that:

- On July 17, 1991, by its Resolution No. 816, this Board ordered the formation of and levied the first assessment within the Orangevale Recreation and Park District Maintenance Assessment District 1991 (the "Assessment District") pursuant to the provisions of the Landscaping and Lighting Act of 1972.
- On February 19, 2026 this Board adopted Resolution No. 26-02-753, A Resolution Directing Preparation of the 2026-27 Annual Report for the Orangevale Recreation and Park District Maintenance Assessment District. Pursuant to this resolution, SCI Consulting Group, the Engineer of Work, prepared a report in accordance with Article XIII D of the California Constitution and Section 22565, *et seq.*, of the California Streets and Highways Code (the "Report"). The Report has been made, filed with the Clerk of the Board and duly considered by the Board and is hereby deemed sufficient and preliminarily approved. The Report shall stand as the Engineer's Report for all subsequent proceedings under and pursuant to the foregoing resolution.
- It is the intention of this Board to levy and collect assessments within the Assessment District for fiscal year 2026-27. Within the Assessment District, the existing and proposed improvements, and any substantial changes proposed to be made to the existing improvements, are generally described as installation, maintenance and servicing of public recreational facilities and improvements, including, but not limited to, turf and play areas, landscaping, ground cover, shrubs and trees, irrigation systems, drainage systems, lighting, fencing, entry monuments, basketball courts, tennis courts, gymnasium, running tracks, swimming pools, other recreational facilities, security patrols to protect the Improvements, graffiti removal and repainting, and labor, materials, supplies, utilities and equipment, as applicable, at each of the locations owned, operated or maintained by the Orangevale Recreation and Park District.
- The Assessment District consists of the lots and parcels shown on the boundary map of the Assessment District on file with the Clerk of the Board of the Orangevale Recreation and Park District, and reference is hereby made to such map for further particulars.
- Reference is hereby made to the Engineer's Report for a full and detailed description of the improvements, the boundaries of the Assessment District and the proposed assessments upon assessable lots and parcels of land within the Assessment District. The Engineer's Report identifies all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed.
- The assessments are not proposed to increase from the previous year's assessments. The Board of Directors declares its intent to levy and collect assessments for the fiscal year 2026-27 within said district at an assessment rate of \$3.50 per month or \$42.00 per year per single family residential parcel, apartment unit and/or condominium; a lower rate of \$3.08 per month or \$36.96 per year per each mobile home unit or per one-quarter acre parcel devoted to commercial use; and a rate of \$1.40 per month or \$16.80 per year per one-quarter acre for parcels devoted to industrial or mini storage use, all as set forth in the benefit chart included in the Engineer's Report.
- Notice is hereby given that on June 18, 2026, at the hour of 6:30 p.m. at the District offices of the Orangevale Recreation and Park District, 6826 Hazel Avenue, California 95662, the Board will hold a public hearing to consider the ordering of the improvements and the levy of the proposed assessments.
