

Upton seniors boogie night away at 2nd annual Senior Soirée

By Upton Senior Center

The Upton Senior Center was full of disco fever on April 24 as seniors came together for the 2nd Annual Senior Soirée. The event took place from 5–8 p.m. in the Great Room at the Upton Community Center and guests enjoyed a groovy evening of music, dancing, great food, and plenty of laughs.

This year's disco theme brought out everyone's fun side, with many seniors decked out in colorful 70's-inspired outfits, from tie-dye and bell bottoms to sparkles and platform shoes. The room was filled with energy as guests danced to favorite hits played by fantastic DJ, Ron Auger Productions.

"It was such a fun night," said Sue Briggs, an Upton resident. "The music was great, everyone was dancing, and it was

wonderful seeing so many people dressed up and having a good time."

The evening included hors d'oeuvres, a delicious dinner from the Country

Club Souper, and desserts topped off with a chocolate fountain that quickly

Sustainable Upton new community sensor network tracks local air quality

Nipmuc students get hands-on experience with data

By Laurie Wodin
Sustainable Upton

There are few things more important to our health than the air we breathe, and now Upton residents are taking the first steps towards monitoring local air quality.

Nearly two years ago, the Upton Board of Health, in partnership with Sustainable Upton, received a grant from the Massachusetts Department of Environmental Protection for 10 Purple Air monitors. This means we are now part of a global effort to monitor air quality, and that Upton's real-time air quality levels are now publicly available on the PurpleAir map. This map shows readings from monitors across the world and provides students at Nipmuc Regional High School with

hands-on experience handling data relevant to their daily lives.

The effort started in October 2023, when local resident Peter Friedland was concerned about smoke coming from North American wildfires and asked the Board of Health about purchasing an air quality monitor. Upton's first monitor was installed at Nipmuc by Chris Carron, town and schools IT Tech, who continued to oversee all monitors in public buildings. Wondering if any other locals had the same concerns, Peter began working with Sustainable Upton to make this information available to the community. Together, they reached out to MassDEP and contacted Allison Langone, Community Monitoring Supervisor, who offered indispensable help interpreting

the data. In May 2024, longtime Board of Health Administrator Diane Tiernan received a MassDEP grant for 10 monitors, naming Sustainable Upton as partners and installers. At this time, Keenan Segenchuk, a recent local graduate from WPI with his B.S. in Computer Science, joined the team. With our newly acquired tech expertise, Sustainable Upton began installing the new monitors, analyzing data, and designing a website to inform citizens on this hyper-local data.

Recently, we launched Upton-Air.com [be sure to use the dash to reach the correct website]. There, you can check current and historic air quality data for all 10 air monitor locations in Upton, sign up to be notified when air pollution exceeds a

specified level, or find more information about health risks and local air quality trends.

Currently, we report the concentration of very small airborne particulates in the air (PM2.5 readings), but we hope to monitor other types of air pollution in the future. These small particulates include emissions and wildfire smoke, but also natural pollution like dust and pollen. We've found that air pollution is a little higher around main roads and in low-laying land where it's harder for pollution to dissipate. For instance, the average PM2.5 readings at Oxcart farm, Rockwood Mead-

ows, and Touchstone School are around 5.8 micrograms per cubic meter, whereas the stoplight by Kiwanis Beach and the Community Center average 17% and 34% higher, respectively. We are happy to report that Upton's average air quality lies firmly within the "good" range, though there are days where people with sensitive respiratory systems may want to avoid outside activity.

MassDEP is currently offering a new grant round for air quality monitors, and any town may apply a <https://www.mass.gov/how-to/apply-for-a-massdep-air-sensor-grant>.

Letter to the Editor:

On behalf of the Upton Historical Society, I would like to express our sincere gratitude to the many local businesses and organizations that generously supported Upton Historical Society's Antique Appraisal Day held on May 2. Thanks to their contributions, our raffle featured an exciting array of prizes and helped make the event both enjoyable for attendees and successful in raising important funds to preserve and promote Upton's rich history.

We are especially grateful for the support of regional attractions such as the New England Botanic Garden, Southwick's

Zoo, and the Boston Red Sox. Our local restaurants also played a major role with generous contributions from Morgan's Harbor to Hill Seafood Market, 110 Grill, Upper Crust & Co., Maya, Red Rock, Dairy Queen, and Main St. Pizza.

In addition, we deeply appreciate the generosity of local service providers including Upton Dental Care, MGM Auto Repair, Hair Affair, Shear Excitement, Ray's Automotive, and Black Door Yoga. Retail and grocery businesses such as Target, Koopman Lumber, White Belle, Trader Joe's, Shaw's, Price Chopper, and

Dunkin' also contributed to the success of the event.

We would also like to recognize the unique items donated by Petal & Crumb, Red Barn Roasters, and Jack's Abby Craft Lagers, which added to the excitement of the raffle.

The generosity of these sponsors truly reflects the strength and spirit of our community. Their support enables the Upton Historical Society to continue its mission of preserving and sharing our town's history for future generations.

We encourage residents to support these businesses as a way of thanking them for their

ongoing commitment to our community.

Sincerely, Barry Lynn Sponsorship Chairman Upton Historical Society

Thriving after gray divorce

Mark Freeman, CEPA

FINANCIAL FOCUS®
Provided by Edward Jones

There's a growing trend of divorce among those ages 50 and older, often called "gray divorce." While finding yourself in this situation can feel overwhelming, it also can be an opportunity to reclaim your independence and create a life that reflects your dreams and values.

Today, one-third (36%) of divorcing adults are 50 or older (The Journals of Gerontology, 2022) and 77% of women who experienced gray divorce remain single 10 years after divorce ("Repartnering following gray divorce," 2019). While that might sound surprising, many women view this as a time to focus on goals, dreams and well-being without compromise.

Of course, there are financial realities to consider. Women older than 50 often experience a 45% drop in their standard of living after divorce (compared to 21% for men), and household income can fall by 23% to 40% in the first year ("The Economic Consequences of Gray Divorce for Women and Men," 2020). So, building financial confidence isn't just important; it's empowering.

If you are 50 or older and recently divorced, take the following steps with your financial

advisor. You don't have to do it all at once; small steps can help lead to greater financial security over time.

- 1. Find a financial advisor who truly listens.** If you've ever felt unheard or dismissed, don't settle. Your future deserves someone who respects your voice.
- 2. Get clear on your finances.** List your assets, debts, income and expenses to understand your financial situation — the first step toward taking control.
- 3. Create a flexible plan.** Include your current needs, short-term goals and retirement aspirations. Instead of feeling intimidated, you can let a financial advisor help make this simple and manageable.
- 4. Learn about money.** Read, attend workshops and join online communities focused

on women and finance. Every bit of knowledge adds confidence.

- 5. Build an emergency fund.** Work toward having three to six months of living expenses in a low-risk, liquid account. This may take gradual, consistent contributions, but ultimately, this cushion can help provide a sense of security as you navigate your new circumstances.
- 6. Review insurance and your employer benefits.** Make sure your medical insurance coverage is adequate. Consider long-term care insurance to help preserve your retirement assets.
- 7. Estate planning.** Work with an attorney to review beneficiary designations on bank and brokerage accounts while updating your will, powers of attorney and, as needed, a revocable living trust.

8. Social Security. If you were married 10 years or longer, understand your rights to Social Security benefits from your ex-spouse.

Rather than being the end, gray divorce can represent a new chapter. The future is yours to shape, and it can be as bold, bright and fulfilling as you want it to be.

Summer Reading Program Begins! – June 15, all day

It's the Annual Summer Reading Program! This year's theme is Plant a Seed, Read! Register online or at the circulation desk, and be sure to visit the library to pick up your packet of materials. Keep reading and join us for special events throughout the summer. Our program begins June 15 and ends Aug. 8. This program is for all ages.

Kickoff Event: Mini Golf at the Library! – June 15 at 4 p.m., ages 5 to adult

Join us for mini golf inside the library after it closes for the day! One Up Games will be on-site to run an indoor mini golf course for the Kickoff Event for our Annual Summer Reading Program. Please register each child and adult who will be golfing. Registration is required. Time slots are in 15-minute increments, so choose a time that's best for your group. Library services will not

be available during this event, but you are welcome to come early and socialize while waiting for your start time. This program will be welcoming children ages 5 and up, including teens, adults, and senior citizens. *This program is generously sponsored by The Friends of the Upton Town Library!*

FRIENDS OF THE LIBRARY NEWS

Reading with Friends

Come join the Friends of the Library for Reading with Friends! Reading with Friends is a quiet reading group where you can bring your own book, have some refreshments and chat with other readers, then spread out and read on your own in our lovely library. Upcoming dates for this are June 25, July 30 and August 27.

Museum Passes

Looking for something fun to do this summer? Come check out the museum passes, sponsored by the Friends of the Library. We have an assortment of 10 passes, offering discounted admissions to all sorts of great area attractions!

Book Donations

Thanks to all who supported the Friends' spring book sale- it was one of our best ever! Don't forget to check out our ongoing book sale shelves, located to the right just inside the main library doors. Donations of books in good, saleable condition are accepted all year round.

CHILDREN'S & YOUNG ADULT EVENTS

Read Around the Town: Kelly's Family Farm – June 17 at 10 a.m., ages 3+

Join us for a storytime at Kelly's Farmstand in Upton! Workers will join us for stories, songs, and rhymes all about plants. Learn all about your favorite fruits and veggies and what happens at the farm stand. Kelly's is located at 146 Milford St. in Upton. This is an outdoor event, so please bring your own chairs or blankets. Registration required.

Summer StoryWalk Begins – June 20, all day, ages 3+

Stop by the VFW Playground anytime it's open to enjoy the library's Summer StoryWalk,

"And Then Comes Summer" by Tom Brenner. A StoryWalk is a self-guided picture book activity, put together with separate story page panels that families can enjoy one at a time with their children. This babysitting course is taught by an instructor from the Massachusetts 4-H Foundation. Participants will learn the responsibilities of babysitting, as well as the skills needed to become good babysitters. The course will help develop confidence in handling situations that may occur when babysitting. Upon completion of this course, youth will receive a Babysitters' ID card and a Certificate of Completion. This course is held over the course of two afternoons; participants must attend both sessions. The cost of this course is \$50. A check made out to UMASS must be brought on the first day of class.

Hands on Nature: Our Pollinators! - June 24 at 6 p.m., ages 5 to 12

Join Heather Simpson from Hands on Nature, as we learn about the fabulous pollinators of New England! Discover the wonderful things our butterflies, bees, and hummingbirds do to help our planet thrive. Learn who our pollinators are and how they help our planet. Includes pollinator activity! This is a lecture style program with a short activity at the end. Registration required.

Vegetable Tote Stamping - June 29 at 1 p.m., ages 3 to 12

Join us for a story and craft about veggies! We will be stamping vegetable prints on tote bags, using fabric paint and cut up vegetables for this activity. This activity may get a little messy! Caregivers should attend this program with their child and plan on assisting them. Registration required.

NEW! Family Music & Movement - July 6 at 9:15, ages birth to 5

We are bringing a new music

program to the library! Join us as we change our format and time to welcome Brenda Lau from Apple Tree Arts! This program features the Musikgarten curriculum, with instruction that is just right for each age level—from your baby who benefits from a live music environment, right up through preschool-age children who delight in exploring dramatic play in a musical context. Singing, moving, and exploring rhythm instruments are all a part of this event. Registration required.

NEW! Parody Playhouse - July 11 at 10 a.m., ages birth to 6

We are bringing a quarterly Saturday music program to the library! Join us for our first session as we welcome Erica Leigh from Parody Playhouse for a morning of musical fun! Ideal for kids up to age 6, Parody Playhouse's performance will include kid-friendly versions of popular songs that help teach kids important social-emotional skills. Put on your dancing shoes and get ready for a show that combines music, education, and hands-on fun! Registration required.

DIY Insect Habitats - July 7 at 10 a.m., ages 3 to 12

What kinds of structures make good habitats for our buggy friends? Find out and create your own at this insect-themed event. Adults must attend and assist their children with this building project. Registration required.

Mass Audubon: Life Under a Log - July 8 at 6 p.m., ages 5 to 12

Mass Audubon visits the library for an informational event about "Life Under a Log"! We will meet specimens such as beetles and worms, all while learning about the importance of decomposition in our local ecosystem. This is a lecture-style event. Registration required.

Summer cleanout is greener with *Affordable Junk Removal*

There are plenty of reasons to call a junk removal service. Maybe walking through your basement has gotten difficult or there is no more room in the attic? Perhaps you are planning to move, and you need to de-clutter before your open house?

Figuring out who to call can be challenging. If you contact one of the big haulers, they route you to a phone center where they've never even heard of your town, plus their pricing seems vague and full of extra fees. No wonder you've let the stuff pile up—it's too much of a hassle to get rid of it!

Or you can call Affordable Junk Removal and let a local small business with deep community roots take care of everything.

Jay Schadler started his business in 2005. Back then, it was just him and a beat-up pickup truck taking small jobs and working nights and weekends when he could. As the years rolled on, his business grew, but his commitment to customer service never wavered. Now he's got a staff of ten, along with eight trucks, servicing eastern and central Massachusetts and northern Rhode Island.

Affordable Junk Removal specializes in house and estate cleanouts. If your garage, attic, or office is overflowing with stuff, take back your space and let the pros do the heavy lifting.

Jay and his team have handled it all. They've dismantled above-ground pools,

hauled away ancient hot tubs, taken down old fencing, and stripped away worn carpeting. They'll come for a single item, or they'll clean out an entire house. And they can take almost anything. They can't accept hazardous materials, brush, dirt, or concrete, but everything else is fair game for them to take away.

Not everything ends up in a landfill—not if Jay can help it. He first tries to either recycle or donate items. Only after he tries to repurpose items do they end up at the transfer station.

Working with Affordable Junk Removal is simple. First, you can load stuff yourself if you want by renting a 15-cubic-yard dumpster for a week and chucking up to a ton of your unwanted stuff. If you need to get rid of more weight, then Jay prorates that tonnage—you never pay for what you don't use.

If you don't want to be bothered with the dumpster, they've also got a driveway special where they'll take away a truck-load of your unwanted things if you pile it up. Or if you don't want to lift a finger, then you can point at the items, and the team will fill up their truck and haul away your unwanted things. However you do it, you're left with more space and more peace of mind.

Jay and his team beat the big waste haulers on both price and customer service. When you

Business spotlight

call Affordable Junk Removal, you aren't connected to an anonymous call center. Your phone call goes right to Jay.

And speaking of pricing, Jay is upfront about it. His website shows the truck sizes and prices, so you can save time knowing your costs before you call for an appointment. There aren't any hidden costs or surprise fees with Affordable Junk Removal.

Affordable Junk Removal is fully licensed and fully insured, and they'll treat your property with care and respect.

They also have a thriving commercial business, working with contractors and roofers to clear away debris and keep the job site clean. They can even handle commercial and residential emergencies with same-day service.

Jay and his family are deeply

involved in the community. He and his wife, Christine, run the Corner Market restaurant in Holliston. It's not uncommon for someone to reach Jay at the restaurant, order a sandwich, and then schedule a junk removal appointment. Yes, the local small business really can

handle everything!

Contact Affordable Junk Removal and Dumpster Rental and let a local small business take care of everything for you. Call Jay Schadler at 774-287-1133 or visit us online at AffordableJunkRemoval.com.

A new era of hope for patients with dry macular degeneration

By ROGER M. KALDAWY, M.D.
MILFORD FRANKLIN EYE CENTER

For decades, patients diagnosed with dry age-related macular degeneration (AMD) have often faced a frustrating and discouraging reality: there were very limited treatment options available. Unlike wet macular degeneration, which can often be treated with injections, dry AMD — which accounts for approximately 90% of all AMD cases — historically offered little beyond observation, monitoring, nutritional supplements, and lifestyle recommendations. Many patients were told to simply “watch and wait” as their central vision slowly declined over time. Today, however, that reality is beginning to change dramatically.

A groundbreaking FDA-authorized technology known as Photobiomodulation (PBM) therapy is bringing new hope to patients living with dry AMD. Delivered through the Valeda Light Delivery System, PBM

therapy represents one of the most exciting innovations in retina care in many years. For the first time, patients with dry AMD may now have access to a treatment shown in clinical studies to improve visual function and potentially slow disease progression.

Photobiomodulation works by using specific wavelengths of light to stimulate retinal cells and improve cellular function deep within the retina. Scientific research has shown that PBM may enhance mitochondrial activity, reduce inflammation, improve blood flow, and decrease oxidative stress — all factors believed to contribute to the progression of macular degeneration. By improving the health and metabolism of retinal cells, PBM helps support the retina’s ability to function more effectively.

The FDA authorization of the Valeda system followed extensive scientific investigation and multiple clinical trials. The

landmark LIGHTSITE studies generated tremendous excitement among retina specialists and ophthalmologists worldwide. In these studies, patients treated with PBM demonstrated measurable improvements in visual acuity, contrast sensitivity, and overall retinal function compared to untreated patients. Many patients gained letters on standardized vision testing, and some maintained these improvements over extended follow-up periods. Researchers also observed signs suggesting slower progression of retinal damage in treated eyes.

For patients who have spent years hearing that “nothing can be done” for dry AMD, these findings are incredibly meaningful. PBM therapy is changing the conversation surrounding dry macular degeneration and offering patients genuine optimism for the future.

One of the most remarkable aspects of PBM therapy is its excellent safety profile. The

treatment is completely non-invasive, painless, and comfortable. There are no injections into the eye, no surgery, no needles, and no recovery time. Patients simply sit comfortably during a series of light therapy sessions that take only minutes to perform. Clinical studies have demonstrated virtually no significant side effects or safety concerns associated with treatment. This makes PBM one of the safest and most patient-friendly technologies currently available in retinal care.

Patients often ask who may qualify for treatment. In general, the best candidates are individuals with early to intermediate dry AMD who are beginning to experience symptoms such as blurry central vision, difficulty reading, trouble driving at night, decreased contrast sensitivity, or distortion in vision. Patients with drusen deposits or non-central geographic atrophy may particularly benefit from evaluation. Determining candidacy requires a comprehensive retinal examination and advanced retinal imaging performed by an experienced eye specialist.

Milford Franklin Eye Center is proud to be among the very first centers in Massachusetts — and among the earliest centers in the United States — to offer this revolutionary FDA-authorized technology. In fact, MFEC is the fourth center in Massachusetts to acquire the Valeda PBM system. Remarkably, many major hospitals and eye centers in Boston still do

not yet offer this breakthrough treatment. Milford Franklin Eye Center has always remained committed to bringing the most advanced and innovative technologies directly to the communities we serve so patients can receive world-class care closer to home.

This commitment to innovation reflects the core mission of MFEC: providing exceptional eye care using the latest advancements in medicine while maintaining the personalized attention and compassion of a community-based practice. Our goal has always been to empower local patients with access to the same cutting-edge technology available at leading centers across the country, without requiring long-distance travel for specialized care.

Patients diagnosed with dry AMD are strongly encouraged to contact our office for an evaluation, consultation, or second opinion regarding PBM therapy. Many optometrists and ophthalmologists may not yet offer this technology or may not yet be familiar with the newest treatment advances available for dry macular degeneration. PBM therapy represents a true revolution in eye care because it offers something patients with dry AMD have rarely had before: hope for preserving — and in some cases improving — vision.

Milford Franklin Eye Center is also proud to provide on-site

Local resident takes the helm at Postal Center USA in Whitinsville

WHITINSVILLE — Akansha Jain, a proud resident of Upton since 2019, has acquired Postal Center USA at 1225 Providence Rd., Whitinsville — and she's ready to make her mark on the community she calls home.

"We love this neighborhood," says Jain, who lives with her husband and two children — a 12-year-old daughter at Miscoe Hill Middle School and an 8-year-old son at Memorial Elementary. "We wanted to grow our roots here and be a part of something meaningful. Owning this store felt like the perfect way to do that."

Postal Center USA has long been a go-to resource for residents across Northbridge, Upton, Grafton, Milford, and surrounding towns. Under Jain's ownership, the center continues to offer comprehensive shipping services through FedEx, UPS, USPS, and DHL, along with

Amazon return drop-offs, copying, faxing, document scanning, secure shredding, and mailbox rentals.

Jain has wasted no time putting her stamp on the business. The store has undergone a modern upgrade, now featuring self-checkout capabilities to make visits faster and more convenient. The welcoming, family-friendly atmosphere reflects her vision for the space.

A firm believer in investing in the local community, Jain has already hired three employees from the neighborhood and is actively looking to grow her team. "We employ local talent and we're always looking for good people," she says.

Postal Center USA is open Monday through Friday, 9 a.m.-5 p.m., and Saturday, 9 a.m.-12 p.m. Visit the store at 1225 Providence Road, Whitinsville, or online at www.postalcenter01588.com.

Upton Men's Club awards \$1,000 to Upton Police comfort dog program

By Bob Drainville
Upton Men's Club

Here at the Upton Men's Club, our core mission has always been simple: service to the community. Whether we are hosting senior dinners, organizing the town's Fireworks Festival, or funding local scholarships, we are always looking for ways to make Upton an even better place to live. That is why we are incredibly proud to announce our recent \$1,000 donation to the Upton Police Association to support K9 Koda and the department's Comfort Dog Program!

Recently, the Upton Police Department reached out to us to share the incredible impact of their Comfort Dog Program. This initiative is specifically designed to strengthen community relationships, support mental health, and provide essential emotional assistance during times of crisis.

Koda isn't just a friendly face at the station; he is a vital re-

(L to R): Upton Police Chief Nicholas Palmieri, Officer Ciara O'Connor, K9 Koda, Upton Men's Club Members; Bob Drainville, Brad Webster, Nate Hahn, and Matt Ronzio.

source for our town. As the department shared with us, Koda offers reassurance and a calming presence during difficult situations, including traumatic incidents, school visits, community outreach events, and interactions with individuals experiencing acute stress.

Because the Comfort Dog Program is primarily funded by donations, community support is essential for Koda's ongoing care. Our \$1,000 grant will go

directly toward maintaining and growing this program, helping to cover necessary expenses such as food, medical care, equipment, and specialized training. We are honored to help sustain an initiative that directly benefits individuals of all ages across Upton.

For more information about upcoming events, membership, and how you can help us make a difference, visit www.uptonmenclub.org.

Upton Historical Society to host Westboro Speedway remembrance event

July 14 program to feature special guests, race car

At the July event, guests will see an original race car once owned by Connie Lajoie and driven by Tucker Summers. Photo source: Upton Historical Society

The Upton Historical Society will host a special program, “Remembrances of Westboro Speedway, from an Upton Perspective,” on Tues., July 14, at 6:30 p.m. at the Upton Community Center, 9 Milford St., Upton.

The event will celebrate the lives and racing careers of George “Tucker” Summers and his son, Ricky Summers, both well-known champion drivers on the local racing circuit.

The evening’s program

will feature members of the Summers family, the sons of a former owner of Westboro Speedway, and former pit crew members sharing memories and stories from the speedway’s racing days.

Also featured across the parking lot at the VFW Car Show will be an original race car once owned by Connie Lajoie and driven by Tucker Summers, displayed in its original racing condition.

‘Wanderings with Wayne’ on June 18

World hiker will also share remembrance of 2nd Lt. Richard Rand

The Upton Historical Society will present a special community event, Wanderings with Wayne – World Hiker, on Thurs., June 18, at 6:30 p.m. at Upton Town Hall.

The evening will feature acclaimed world traveler and Upton native Wayne Garland, who will share stories and reflections from his global hiking journeys, bringing audiences along on a vivid exploration of

landscapes, cultures, and personal discovery gathered from trails across the world.

Interwoven with the presentation will be a meaningful remembrance of 2nd Lt. Richard Rand of Upton, who lost his life during the Vietnam War. His service and sacrifice will be honored as part of the program, connecting local history with broader global experiences, and paying tribute to

a member of the community whose legacy continues to be remembered.

This event is designed not only to inspire through travel storytelling, but also to ground those stories in reflection on history, service, and the individuals from Upton whose lives have shaped the town’s story.

The program is open to the public.

Nipmuc Class of 1966 to hold 60th Reunion June 20

The Nipmuc Regional High School Class of 1966 will hold its 60th Reunion on Sat., June 20, at 6 p.m. at Red Rock Grill and Bar, 66 West Main St. in Upton.

The class held its 55th there and had such a great time, they decided to go there again for their 60th. Outdoors, casual, and like last time, everyone orders for themselves off the menu

and pays their food and drinks.

Although we are individually ordering and paying off the menu, the owners of Red Rock would like a count so they can make appropriate accommodations for staff, space requirements, etc. If you're attending, please email the number in your party to Larrypearson48@gmail.com.

Upton Heritage Day to be held Sept. 26

Upton Heritage Day will be held on Sept. 26, from 9 a.m. to 2 p.m. on the Town Common. Vendors, crafters, artisans,

businesses, and entertainers interested in participating should contact uptonhistoricalsociety@hotmail.com or 508-529-6600.

OBITUARY

Mary-Elizabeth Houskeeper

Mary-Elizabeth "Meg" Houskeeper, 94, of Upton and formerly of West Hartford, Connecticut, died peacefully at home on Mother's Day, Sunday, May 10, 2026, surrounded by her family. She was the wife of the late Robert M. Houskeeper, who passed away in 2020. Their life together began after meeting at a USO dance while Bob was stationed at Stewart Air Force Base in Newburgh, and she loved him dearly throughout their 64 yearlong marriage and the years following his death.

Born in Ridgewood, New Jersey, she was the daughter of the late George and Mary (Hastings) Gordon. Meg grew up in Newburgh, New York, in a multi-generational home. She was raised by her mother and her grandparents, James and Isabella Hastings, along with her Uncle Charlie who lived next door. She was especially close to her grandfather, James.

During the Depression, Meg's family rented out rooms in their home. This experience sparked her lifelong interest in people; she spent much of her childhood on the family stoop talking to the various renters coming and going. She truly enjoyed learning about others and could strike up a meaningful conversation with anyone she met.

Meg graduated at the top of her class from Mount Saint Mary Academy ("The Mount") and earned her de-

gree in Library Science from SUNY Geneseo. She worked as a school librarian in Sunbury, Pennsylvania, and later for many years at the Smith and Charter Oak Elementary schools in West Hartford where she made many lifelong friends, three of which would visit her every year through the remainder of her life despite having moved to Massachusetts.

She was a voracious reader of espionage novels and historical biographies, but she was most passionate about her own family history. As the family historian and a proud member of the Daughters of the American Revolution (DAR), she made sure the stories of the family's ancestors were passed down to her children and grandchildren. In her free time, she tended to her "English gardens", intentionally wild and chaotic flower beds where she loved seeing what would pop up each spring. She was also a talented knitter, making many blankets, hats, hoodies and other handmade clothing for her family over the years.

Meg was an only child, but she leaves behind a large family. She is survived by her children: Marshall Houskeeper and his wife Jean, of Upton; James Houskeeper and his wife Lynn, of Bolton; Mary Rivera and her husband German, of Upton; and her former son-in-law Michael Donelan, of Newport, Tennessee.

She was the grandmother

of eight: Rebecca Flaeter and her husband Joe, Sarah Leacu, Ashley Donelan and her wife Jill, Bridgette Donelan, Patrick Donelan, Katie Houskeeper, Susie Houskeeper, and Hope Rivera. She was the great-grandmother of six: Benjamin, Abby, and William Flaeter; George and Julia Leacu; and Mary Mae Donelan. She was predeceased by two great-grandchildren, Alexander and Bradley Leacu.

Her funeral service and burial in Lakeview Cemetery, Upton, took place on Tuesday, May 19.

In lieu of flowers, donations may be made to the West Hartford Public Library Foundation (www.westhartfordlibrary.org/library-foundation)

*Mother: I love you...
Child: How much do you love me?
Mother: Down to the monsters, and up to the sky!*

*Child: Does the sky ever end?
Mother: No, it keeps going, and going, and going...*

Funeral arrangements are under the care of the Pickering & Son Upton Funeral Home.

Upton's Fransen one of two BVT Superintendent's Scholars

Blackstone Valley Regional Vocational Technical High School (BVT) seniors Justin Fransen of Upton and Evan Griffin of Hopedale were recently honored as the school's 2026 Worcester County Superintendents' Association (WCSA) Scholar Award recipients at the WCSA's annual recognition luncheon.

They are also recipients of the Massachusetts Association of School Superintendents (M.A.S.S.) Award of Academic Excellence. The honor, commonly known as the Superintendent's Scholar Award, is presented annually

to two seniors who exemplify the school's commitment to cutting-edge career technical training and rigorous academics. Evan Griffin is the class valedictorian, and Justin Fransen is the salutatorian.

Both students demonstrate exceptional academic achievement and strong contributions to their school community.

Justin Fransen

Justin Fransen is a distinguished student in the Engineering & Robotics program at BVT. He was named a Commended Student in the 2026 National Merit Scholarship

Program, serves as captain of the varsity lacrosse team, and is a member of the National Honor Society and the math team. He has competed annually in SkillsUSA, advancing to the National Leadership and Skills Conference Championships in 2024, where he placed sixth, and earning a gold medal in Mechatronics in 2025.

He is also a John & Abigail Adams Scholarship recipient and has earned Commendation List honors every term of his high school career. Through BVT's cooperative education program, he is employed at Primetals in Sutton, where he applies his mechanical engineering skills.

Justin plans to pursue both a bachelor's and a master's degree in electrical engineering to further advance his technical expertise.

Evan Griffin

Evan Griffin excels in the Information Technology program at BVT, earning more than 10 industry certifications. He serves as captain of the varsity

golf team and is a member of the National Honor Society and National Technical Honor Society. He also helped establish and grow the school's chess club.

He earned a silver medal in Internetworking at the 2025 SkillsUSA State Leadership & Skills Conference. A John & Abigail Adams Scholarship recipient, Evan has achieved Commendation List honors every term. He also volunteers with Project Just

Because and Learning First Charter Public School.

Evan plans to continue his career and technical education by pursuing a degree in computer science or cybersecurity at a four-year university.

"Evan and Justin demonstrate an extraordinary commitment to their career and technical education," said Principal Michele Denise. "We are proud to have them represent BVT and look forward to their continued success."

What's Cooking with Betsy and Dona

Fri., June 26, at 12:30 p.m.

This month we will be featuring a guest chef, our very own Hala Megalaa who is originally from Cairo Egypt and will be demonstrating and giving us an opportunity to taste some of her favorite foods from Egypt. We will be serving Haftah, (seasoned beef meat rolls), tahini dressing, Egyptian bread, chicken kabobs, Greek salad with lemon and olive oil dressing and white cake for dessert. Her presentation will be tasty and not at all spicy.

History Series: Mendon's Role in the Revolution: Beyond the Battlefield

Tues., July 30, at 2 p.m.

Our June event will highlight Mendon's Role in the Revolution: Beyond the Battlefield. The American Revolution wasn't fought only on distant battlefields. Here in Mendon, ideas, decisions, and actions helped shape the path to independence. From the bold Mendon Resolves to the safeguarding of munitions and the leadership of local citizens, this presentation uncovers the important role the town played in a pivotal moment in history. To register, stop

by the center or call at 508-478-6175 ext. 3.

Calling all Readers...

Senior Center library volunteer Barbara Lawson asks, if anyone has books with a copyright date of 2022—2026 that you are done with, please drop them off at the senior center. This will help keep the shelves refreshed by adding to the selections available. Next time you come in, why not take a moment to see if there's a book or puzzle you might enjoy? After hours, visit our Little Library at the senior center gazebo.

Having trouble making ends meet?

The Mendon Food Pantry, located at the Senior Center, is open to Mendon residents in need one Friday per month by appointment. Deliveries for orders are also available for residents with ambulatory or transportation issues. Upcoming dates are July 3 and Aug. 7. For more information or to make an appointment call Amy Wilson Kent at 508-478-6175, ext. 1.

Medicare Savings Programs

Apply to Medicare Savings Programs (MSPs) now to save thousands a year on Medicare costs. What are Medicare Savings Programs? Medicare Savings Programs (MSPs) will pay for some or all of Medicare premiums, deductibles, copay-

ments, and co-insurance. Depending on your income, MSPs will pay for your Medicare Part A & B premiums and cost sharing, or Medicare Part B premium, as well as lower your prescription costs. This is not an insurance plan. There is no asset limit. Who qualifies? Medicare beneficiaries who meet the following monthly income limits: at or below \$2,993 (individual); at or below \$4,058 (couple). Ask the Assessors Senior Means Tested Real Estate Tax Exemption (Circuit Breaker)

Applications are available at the Assessor's Office in Town

Hall for the Senior Means Tested Real Estate Tax Credit derived from qualifying for the 2025 Mass State Income Tax Filing Circuit Breaker Tax Credit. The deadline for submitting the applications is Sept. 30, 2026.

Any Mendon resident aged 65 or older as of Jan. 1, 2025, who has applied for and received the Circuit Breaker Income Tax Credit when they filed their calendar year 2025 State Income Tax return is eligible to apply for this exemption. It does not replace any existing senior exemptions but will be given as an additional exemption. As with all property tax exemptions, applicants' financial information is kept completely confidential.

It is the Board of Assessors' goal to have this exemption factored into the third and fourth quarter tax bills that are mailed in late December each year. If you have any questions about the new exemption, please contact Principal Assessor Sherrie Bates at 508-473-2738 or assessor@mendonma.gov or Taxation Aid Committee Chair Kevin Rudden.

Nipmuc Softball succeeds despite tough slate

NRHS battle-tested after several close losses

By Chris Villani

At the start of the season, Nipmuc head softball coach Stephanie DeBaggis predicted her team would finish around .500 and play a lot of close games - that is exactly how the season turned out.

“The girls had such great success last year, and most of them are young so they might have thought it was going to be a little bit easier,” DeBaggis said. “I had to reinforce to them that we are in a new league and we also searched for a lot of difficult opponents.”

She added, “We wanted to see better teams and better pitching, that was our big goal.”

Nipmuc lost seven games this spring by either one or two runs, strengthening the notion they can compete with anybody. The team played in a brand new league after previously competing in the Dual Valley Conference (DVC) and DeBaggis said they have benefitted from having a tougher schedule.

“When you play some power-

Nipmuc seniors Savannah Carr, Sierra Lopes, and Kira DeBaggis were the driving forces behind the softball team's offense. Courtesy photo

Senior Kira DeBaggis finished the regular season batting over .400 and approaching 100 career hits. She hit six home runs, and led the team in RBIs. Carr also hit well over .300, as did fellow senior Sierra Lopes. The trio did well to step up after Nipmuc graduated three seniors from a team that put together a long playoff run last year.

“My three seniors this year never had to be in charge before, but they figured it out,” DeBaggis said.

In addition to the seniors, sophomore Teagan Bykowski has stepped up behind the plate, her coach said.

DeBaggis said that Nipmuc started the year with the goal of being in every game and not letting mistakes disrupt their focus. She said they have done well to achieve those objectives, even if it meant a few more losses.

“As fun as the DVC was, we had an inflated record at times because some of the teams were not as strong,” DeBaggis said, adding that this year has still been enjoyable.

“They are having a good time, my team really loves each other,” she said. “There are only 12 of us, and they do a good job picking one another up.”

houses and lose 1-0, 3-2, or 3-1, those are still successes,” DeBaggis said.

Several players put together standout campaigns. Senior

Savannah Carr and sophomore Charlotte Leitch handled most of the pitching duties and both of them turned in stellar performances throughout the spring.

Stellar season for Nipmuc Girls LAX

Nipmuc racked up 16 wins in regular season

By Chris Villani

The Nipmuc girls lacrosse team put together a 16-2 regular season on the strength of experienced veterans and talented younger players.

Head coach Grace Merten had to use several eighth-grade players on last year's squad, and the crop of freshmen this year was experienced and ready to take on bigger roles.

"I knew we were going to be good," Merten said. "It was a matter of the younger girls figuring out their place on the team and becoming more confident. But they adjusted very well." She added, "They are confident now, and it shows."

The young players have had the benefit of following the example of the more experienced members of the team.

"For almost every senior, we have a freshman who plays the same position and has been mentored by their older teammate," Merten said. "It just kind of happened naturally because they play the same position."

One of those seniors, Jayden Lilburn, is committed to play lacrosse in college. She was the team's leading scorer this year, and Merten said she won an "insane amount" of draw controls.

Senior defender Maddie Weibe and senior attack Riley Collura were two more highly important players. Merten praised Weibe for her

leadership and said Collura was the team's primary assist player this year, feeding her teammates for scoring opportunities.

Junior Ana Tengler is another strong defensive player who played a big role this spring in front of goalie Charlotte Corbin, another junior who drew high praise from her coach. "Part of the reason we have had the success we had is because of her," Merten said.

Merten said the team started to gel after scoring some wins over powerhouses like Wayland and Dover-Sherborn, the latter of which won three state titles in a row.

"We told them they had a ton of potential, and I think they knew it, but it can be tough to really believe until you see the outcome of that potential," Merten said. "We started winning those games and they realized they had the ability to go far. We realized the potential that we have."

Coming into the year, Nipmuc had never made it two rounds in the postseason, and that goal was still top of mind for Merten and her team as the tournament began.

But she emphasized that the team likes to focus on the process of becoming better.

"We like to set small goals," she said. "And, every time we achieve them, we set another one."
