Council Approves Parks MOU with Cosumnes CSD

By John McCallum

ELK GROVE, CA (MPG) - City Council members voted 4-0 – Vice Mayor Darren Suen had an excused absence – at their July 22 meeting to approve an amended and restated Memorandum of Understanding (MOU) with the Cosumnes Community Services District providing greater clarity over the roles and responsibilities each entity has for park development in Elk Grove.

The biggest change in the MOU, established in 2015, deals with park development and maintenance funding. While Elk Grove would still collect and manage park impact fees, those monies would instead be transferred to the District on a quarterly basis instead of the current arrangement where the District submits payment requests to the city for tasks completed.

The change will lead immediately to over \$53.92 million being transferred from city park accounts to the District, minus amounts needed to meet existing city obligations. The transfer does not include a \$6 million balance for Laguna Ridge parks and the nearly \$3.45 million Supplemental Parks Administration balance.

Elk Grove City Manager Jason Behrmann said the change is part of an effort started in 2025 to improve government efficiency and maximize taxpayer value while accelerating delivery of parks, especially to areas experiencing new development.

“The reality is there’s no good reason why the city needs to hold onto those funds,” Behrmann said.

He added that the arrangement is the same type of agreement the city has had with Cosumnes Fire Department for several years.

“We don’t see any reason why we wouldn’t do the same thing for parks,” he added.

Under the amended MOU Elk Grove would still coordinate land use authority and entitlements and work with the District on park locations. The District would own all parks except Rain Garden and District56, design and construct new park facilities and maintain those

ACC Care Center Earns Prestigious 5-Star Overall Rating from Centers for Medicare & Medicaid Services

ACC Senior Services News Release

SACRAMENTO, CA (MPG) - ACC Senior Services is proud to announce that the ACC Care Center has earned the highest possible 5-Star Overall Rating from the Centers for Medicare & Medicaid Services (CMS), a distinction that recognizes excellence in quality of care, staffing and health inspections.

According to the CMS official release, the updated Five-Star Quality Ratings appear on the Medicare Care Compare website on or around July 29. ACC Senior Services is pleased to share this achievement with its residents, families, employees and the greater Sacramento community. “This achievement reflects the unwavering dedication, compassion and professionalism of every member of our Care Center team,” said Interim President & CEO of ACC Senior Services Jill Hays. “This recognition reinforces our commitment to clinical excellence, person-centered care, and continuous improvement.” “We are incredibly proud of our entire Care

Center Team and grateful for the trust our residents and families place in us every day,” said Heidi Wheeler, administrator of ACC Care Center.

The CMS Five-Star Quality Rating System – one of the nation’s most trusted measures of nursing home quality – assists families to make informed decisions when choosing care for their loved ones. Facilities are evaluated across three key areas: health inspections, staffing levels and quality measures. An overall 5-Star rating signifies that ACC Care Center performs well above average in delivering skilled nursing and rehabilitation services, placing it among the nation’s highest-performing skilled nursing facilities.

“Achieving five stars represents more than a rating. It reflects the trust we build, the lives we touch, and the excellent care we deliver every day,” said Director of Nursing at ACC Care Center Kristy Moore.

Located in Sacramento’s Pocket neighborhood, ACC Care Center has served the community for 39 years, providing skilled nursing,

short-term rehabilitation and long-term custodial care in a culturally welcoming environment. ACC Senior Services has served older adults and their families throughout the greater Sacramento region for more than 50 years, remaining committed to its mission of enriching lives through compassionate care and innovative programs.

ACC Senior Services remains committed to continuously enhancing the quality of care and services it provides while fostering a welcoming, compassionate environment where older adults can real and thrive.

About ACC Senior Services
ACC Senior Services is a community-based 502(c)3 nonprofit organization dedicated to enriching the lives of older adults through high-quality programs, senior housing, and care services.

Serving the greater Sacramento region for over 53 years, ACC provides a continuum of care that promotes independence, wellness, and community connection. ★

Council Approves Parks MOU with Cosumnes CSD

once they are built. Another new item in the amended MOU has the District assume responsibility for naming and providing signage for the parks. MOU updates also require park master plan and 65% and 100% plan reviews be done by the city and allows flexibility for developers to incorporate their own “turnkey” parks into development plans.

Councilmember Kevin Spease noted the city and District were “at odds” with each other in the past over developments, conflicts that at times led to impasses and lawsuits. The MOU was “not a perfect” solution but has helped to create moves towards a better partnership.

“That history is important,” he added.

Also at the July 22 meeting, the council received a report on illegal fireworks incidents reported on July 4. According to the report by Code Enforcement Manager Jose Mendez and Police Department Lt. Nathaniel Lange, there were 37 properties in violation of city fireworks ordinances, with a total of 526 aerial fireworks observed, leading to \$259,000 in fines.

The city received a total of 273 non-emergency calls, 116 9-1-1 calls and eight fire calls.

The statistics offered a mixed bag of results. While 9-1-1 and non-emergency

calls decreased over the past three years, 206 and 356 in 2024 and 114 and 329 in 2025 respectively, property violations have increased from 21 in 2024 and 31 in 2025, with fines varying from \$240,000 in 2024 to \$330,000 last year.

Mendez said this is the third year the Police Department has employed drones to help spot illegal fireworks.

The drones increase officer safety while allowing illegal fireworks detection in real time, enabling quicker and more efficient deployment of enforcement units.

Lange said the department flew four drones on the Fourth. Each one had a code enforcement officer partnered with the drone pilot in the department’s Real Time Information Center. Additionally, each of four enforcement “strike teams” in the field had a similar composition.

“It definitely was a collaborative event across the city,” Lange said. “This year, we’ll call it a success as we didn’t have any significant events, significant arrests, injuries, things of that nature.”

Mendes also pointed to another measure of success: the drop in fire calls. In 2024 there were 18 calls, while last year saw seven and this year eight.

“That’s a significant reduction in fires over the last three years,” Mendes said.

Mendes also attributed the success to the city’s fireworks education campaign prior to the holiday. Information on Elk Grove’s fireworks codes was posted on social media accounts where it garnered 166,453 views and was also distributed through 6,152 emails, sent to 65,000 residents through the city newsletter and posted at 10 area dining spots and fireworks stands.

The city also held two amnesty events where individuals could voluntarily bring in illegal fireworks and surrender them “no questions asked.”

“These efforts are intended to increase voluntary compliance and reduce the need for enforcement,” Mendes said.

One of the recommendations to council for dealing with illegal fireworks in 2027 is to increase the educational outreach to landlords. Mendes said a lot of properties contacted this year were occupied by tenants, and the city needs to remind landlords they can be held liable for illegal fireworks as well.

“They (landlords) can be cited for these violations,” he added.

Elk Grove Mayor Bobbie Singh-Allen said it was great to see the decrease in fire calls, something that is always concerning.

“I do want to thank you for all your hard work in keeping our city safe,” she added. ★

personnel through holiday gatherings and other acts of appreciation.

At Elk Grove Animal Services, participants have contributed nearly 400 volunteer hours so far this year, assisting with daily shelter operations. Their work includes washing dishes, doing laundry, organizing donations and completing other behind-the-scenes tasks that help keep the shelter running smoothly.

City officials said the organization’s ongoing commitment has benefited shelter staff, the animals in their care and the broader Elk Grove community. ★

AMBASSADOR
OF THE MONTH

Scot Smith

I have been crazy about magic since I saw my first magician at the age of 8, but it wasn't until I was 37 years old that I decided to become a professional magician. I decided to specialize in magic for kids and families because I wanted to inspire possible future magicians like I was inspired at the age of 8. I also started Purple Penguin Magic which is the home to my magic teaching business. I have had many jobs in my career. I served 7 years in the US Navy as an electronics technician. After leaving the Navy, I have been an Electronics Engineer, a Real Estate Appraiser and an entrepreneur running my own computer business. I learned in all those jobs that my real love (besides magic) was teaching, so I got my teaching credential and became a teacher in the charter school system before retiring in 2020. Since then my focus has been strictly on Magic! I joined the chamber to help promote my businesses, but came to appreciate the opportunities and outreach the chamber offers. I decided to become an ambassador so that I could help with the outreach of the chamber and help other businesses in the Elk Grove area. I have been married for 41 years and have 2 grown kids, and also have 5 grandkids and 1 great-grandchild with another on the way!

MEMORIAL

THOMAS KENT CAPEL • 5/11/1934 – 7/1/2026

Thomas "Tom" Kent Capel passed away peacefully at age 92 on July 1, 2026. Born on May 11, 1934, in Bayard, Iowa, to Jack and Pearl Capel, Tom was the youngest of three boys. In 1950, he moved to Sacramento, where he attended Sacramento City College and began building the life he would proudly call his own.

In 1952, Tom met the love of his life, Joyce Maxine Davis, on a blind date. They married in June 1953 and shared more than 60 wonderful years together while raising their four children: Tom Jr., Debra, Hap, and Chris.

Tom spent over five decades in the floor-covering industry, where hard work, honesty, and dedication earned the respect of everyone who knew him. In 1964, Tom and Joyce settled in Wilton and built the home that remains a place of cherished memories.

A devoted husband, father, grandfather, and community member, Tom coached his three sons in Elk Grove

Little League, served as resident of the Elk Grove Boosters Club, managed Elk Grove Knights Pop Warner football teams, and was a Past Master of the Masonic Lodge. He was always willing to lend a helping hand to anyone in need.

Tom was preceded in death by his parents; his brothers, Jack and Jerry; his beloved wife, Joyce; and his great-grandson, Elijah Abeyta.

He is survived by children Tom Jr. (Diana), Debra Yount (Donnie), Hap (Crystal), and Chris (Cindy), and many beloved grandchildren, great-grandchildren, family members, and friends.

Tom lived by the belief, "A man is only as good as his word." If Tom gave you his word, it was as good as gold. His integrity, hard work, generosity, and love for his family will live on in all who knew him. Dad always said "to think it all started with a blind date."

Services will be at 11 a.m. Aug. 1 at St. Peter's Lutheran Church in Elk Grove.

The Team is Getting Younger

By V.G. Harris

Does anyone remember four years ago when your own Sacramento Kings led the NBA in scoring? I do, and what a magical season of excitement it was!

So, if we don't lead the league in scoring but become a palindrome that plays defensive like it's our mission in life, how happy would that make you?

Yes, Scott Perry like his coach Doug Christie has sounded like a myna bird as it relates to defense, so as we like to say, "the proof is in the pudding."

Put No. 1 on the Sacramento Kings agenda as PLAY BETTER DEFENSE! Then, expect it.

Coaches, the GM, and ownership need to hold players accountable, including the free throw shooting.

Any NBA team that is a cellar dweller in any category needs to take it seriously and make the necessary changes to remedy the problem. Don't settle for just getting a little better, fix the problem!

When high school teams have a higher percentage of success from the same 15' line as your NBA team does, you have a problem.

On to the positive.

Stop listening to the radio talking heads that seem to believe they're suddenly experts when it comes to the Sacramento Kings and are collectively giving this team no chance at finishing on the north side of 30 wins. What utter nonsense.

Yes, the Kings had a good if not excellent draft and apart from Alex Karaban's sprained ankle that limited his action in summer league, the youngsters that are about to make up this year's team acquitted themselves admirably.

What measures need to be taken to put the Kings in a 30-plus game winning season?

Double down on your decision to make Keegan Murray the first-round draft choice he was just four years ago and help him make season No. 5 one to remember.

If Keegan Murray can shoot 41 percent from three-point land in his first year and set a new NBA rookie record for three-pointers, he surely can remedy a career low 27 percent last season and return to the Keegan Murray that brought us to our feet so many times before.

Work with this young man who is now a veteran player and needs to find his way on a team with former all-star Zach Lavine, and first round draft choice Darius Acuff Jr. Surely the three of them will be starting along with Domantas Sabonis and whoever wins the job as the power forward alongside him.

Player chemistry is all important and this year's preseason will help set the table for what portends to be a very interesting if not highly productive 2026-27 NBA season.

Start with Domantas Sabonis and the consistency he brings to the table. For three seasons in a row Domantas led the NBA in rebounds and has been one of highest-ranking double-double leaders in recent memory. He even led the NBA in double-doubles and triple-doubles the same season!

Start appreciating and celebrating what you have, and I'm talking now to the Kings franchise. Your persistence in trying to get rid of the one true leader you have on this team is demeaning and it needs to stop.

Celebrate what this Stevedore brings to the court every night and use his talents as a veteran and all-star and let him serve the youngsters on this team as the true mentor he is.

Much of what we can expect this season will come with the success of Domantas Sabonis and his teammate Zach Lavine.

If Lavine can stay heathy and return to his standard of excellence that made him an all-star, Darius Acuff Jr. and Keegan Murray will benefit greatly from his prowess.

Players like Precious Achiuwa, Emanuel Sharp, Dylan Cardwell, Marquel Sutton, Alex Karaban, Isaiah Stevens and Jonathan Mogbo are waiting for their chance, and the success of our veterans will only accelerate the schooling of these youngsters.

Pick your favorite Kings fans because whether by chance or by luck, Scott Perry has given you a lot to look at, and what you're looking at are legitimate NBA players.

Can Doug Christie build the team chemistry needed to make winners out of a promising young team and silence the naysayers that are ever present before every season starts?

The talent is here Kings fans, so don't be afraid to get a little excited.

All the best! ★

How Crime and the Politics of Crime Rise and Fall in California

By Dan Walters, CALMatters.org

For two decades, beginning in the late 1970s, the most powerful issue in California politics was crime.

Sensational crimes such as the 1993 kidnapping and murder of 12-year-old Polly Klaas fueled anti-crime furor and new laws, including the infamous three strikes measure.

By depicting Democrats as soft on criminals, Republicans dominated elections for president, U.S. Senate and the governorship and made strong gains in the Legislature.

Jerry Brown, the Democratic governor who took office in 1975 as the anti-crime movement was gathering steam, felt the backlash, compelling him to sign a string of tough anti-crime bills that Democratic legislators carried to placate voters.

Brown's opposition to the death penalty was a factor in his failed 1982 bid for a U.S. Senate seat. Voters instead opted for Republican Pete Wilson and elected another Republican, capital punishment advocate George Deukmejian, to succeed Brown as governor. Eight years later, Wilson won the governorship.

In 1986, voters not only re-elected Deukmejian as governor, but they ousted three of Brown's state Supreme Court appointees, including Chief Justice Rose Bird. Bird and Justices Cruz Reynoso and Joseph Grodin had made opposition to the death penalty obvious in their rulings.

Although he had signed bills to put more criminals behind bars, Brown was reluctant to build new prisons to house a sharply rising number of felons. That changed when Deukmejian became governor. In the 16 years of his and Pete Wilson's governorships, the state built dozens of new prisons, as the number of inmates climbed from about 24,000 in 1980 to a peak of 173,000 in 2006.

Crime as a powerful political issue was not as irrational as some critics have contended. The latest report on California crime, released by Attorney General Rob Bonta, confirms that in both absolute and relative terms, the state during the 1980s and 1990s saw sharp increases in criminal behavior, particularly violent crimes such as murder, rape, robbery and aggravated assault.

In 1980, there were 209,903 such crimes reported, more than twice the 1970 total. Violent crimes hit a high water mark of 345,508 in 1992, and homicides a high of 4,005 in 1993. Relatively, violent crimes reached a high of 1,079.8 incidents per 100,000 Californians in 1991.

Crime as a political issue began to taper off in the late 1990s, as did crime as a demonstrable threat.

In 2025, there were 170,397 violent crimes reported — less than half the 1992 record — and the crime rate declined to 431.1 crimes per 100,000 Californians, well under half of the 1991 mark.

Why crime exploded during the 1980s and early

1990s has never been fully explained, although many possibilities have been advanced.

The more recent decline is also something of a mystery. And it's been accompanied by a reversal in criminal justice politics.

Federal courts in 2011 compelled California to reduce its inmate population due to overcrowding. The current population, about 90,000, is scarcely half the peak. And one-by-one, prisons are being closed.

Jerry Brown, who had signed numerous lock-'em-up bills during his first governorship, returned to the position in 2011 and championed more lenient treatment. He sponsored a 2014 ballot measure, Proposition 47, that made it much easier for inmates serving time for offenses deemed nonviolent to gain parole by redefining "nonviolent" to cover some pretty serious offenses.

Other ballot measures and laws enacted by the Legislature and Gov. Gavin Newsom have continued to soften the treatment of lawbreakers.

However, in 2024, voters passed Proposition 36, which tightened up the loose provisions of Prop. 47 and signaled at least a mild backlash, likely driven by a surge of smash-and-grab robberies.

Whether that backlash gains strength or California continues to ease off on punishment is a question that awaits an answer.

Social Security Matters

Should I Claim Spouse Benefits Now, or my Own SS Benefit?

By Russell Gloor, AMAC Certified Social Security Advisor

Dear Rusty: I am writing to get advice on the optimal time to sign up for Social Security benefits. I am a 64-year-old female, and my birthdate is August 1961. My husband is already taking his SS benefits, so I have also wondered if it be advisable to take spousal benefits or full benefits. **Signed: Wondering Spouse**

Dear Wondering: If you take your Social Security benefits at age 64, they will be permanently reduced. And, for information, you cannot take only your spousal benefit; you must take your own SS retirement benefit whenever you claim and, if you are entitled to more as your husband's spouse, you will also get a "spousal boost" to bring your monthly payment up to what you are entitled to as a spouse. If you claim at any time before your SS full retirement age (FRA) of 67, both your own SS retirement amount and your spousal boost amount will be actuarially reduced for claiming early. All of which means that claiming before your FRA (e.g., at 64) will mean your monthly benefit will be less than 50% of your husband's monthly FRA amount.

Now, for clarity, it's

important to know how spouse benefits are calculated: if your FRA entitlement is less than 50% of your husband's FRA entitlement, then you will get a "spousal boost" added to your own SS retirement amount. Note that FRA amounts are always used to calculate spousal amounts, regardless of the age at which benefits are claimed. If your husband waited until age 70 to get a higher monthly benefit, or even if he claimed before his FRA, your spousal amount would still be based on his FRA entitlement. If your FRA benefit is less than half of his FRA entitlement, you will get a spousal boost. If not, you won't.

Assuming you will be entitled to a "spousal boost," the decision you must make is whether to claim early (e.g., now at 64) or wait until you are 67 to get your maximum amount as your husband's spouse. The factors to consider are these:

- Are you still working? If so, claiming before FRA means you will be subject to an annual earnings limit until you reach FRA. The earnings limit for early filers in 2026 is \$24,480 and, if that is exceeded, SS will take away benefits of \$1 for every \$2 you are over the limit (the limit increases a bit yearly). If you substantially exceed the earnings limit by working, you may even be temporarily ineligible for SS benefits until you either reach your FRA or stop working full time.
- Do you expect your husband to predecease you? If so, then your benefit as a

widow will be 100% of the larger amount he is collecting when he passes (provided when that occurs you've reached your FRA and your own SS retirement is less). Depending on timing, that may mean that taking a reduced spouse benefit now, which will be replaced by your larger widow benefit later, is a logical **choice**.

- What is your own life expectancy? If you have health issues or have other reasons to believe you will not achieve "average" life expectancy (average is about 87 for a woman your current age), then claiming your Social Security benefits early is likely a prudent choice.

So, as you can see, you must evaluate your personal circumstances to make this decision. Although we aren't able to say exactly when you should claim your SS benefits, I hope this provides the information you need to make an informed decision.

What did the country ever do to white college graduates to make them feel so disaffected from its economic and political system? The wave of socialist victories in Democratic primaries is being driven by well-educated white voters who are more extreme than the rest of the Democratic coalition.

The latest evidence is a new poll in the closely watched Democratic primary for a Senate seat in Michigan. The AOC-endorsed, Israel-hating insurgent, Abdul El-Sayed, has had momentum, but is now narrowly trailing the establishment candidate, Haley Stevens. According to a Detroit News survey, Stevens is ahead by about seven points, with demographic advantages that are very telling.

Stevens, a goofy white lady, leads El-Sayed by a 3-to-1 margin among black voters. On the other hand, El-Sayed, a person of color or fully vested in the left's Third Worldist agenda, leads among white voters, 51-39%. Stevens, a career apparatchik and politician, leads among non-college-educated voters, 56-34%, whereas El-Sayed, who has been endorsed by the Working Families Party, is ahead with college-educated voters, 48-41.

The respective strengths of the two candidates run against the grain of what you might expect in a race between a conventional Democrat and a radical, yet accord with what we've seen in campaign after campaign.

Socialists may imagine themselves the champions of people of color and of

Workers of the world aren't uniting behind the DSA

workers, but their movement is, by and large, most attractive to caucasian associate professors of sociology who think they haven't achieved the station in life that they deserve.

It's less a proletarian phenomenon than a project of frustrated Ph.D. candidates and medium-level professionals. Because many socialist candidates have immigrant backgrounds, it can be tempting to consider the movement as fundamentally a function of immigration, when that's not true.

A 2021 survey of DSA members found that they were disproportionately white, at 85%, and disproportionately had college degrees (80%) or a higher degree (35%). This leaves them in a similar predicament to pioneering communists and socialists in Europe who talked up the prospect of a worker revolution, and then looked around the room and saw no workers, only intellectuals and activists like themselves.

The good news for DSA-aligned candidates is that college-educated white people are very reliable voters who can make a big difference in the kind of low-turnout primaries where anti-establishment, left-wing candidates thrive. A recent analysis in The New York Times noted that Zohran Mamdani-endorsed socialist Darializa Avila Chevalier defeated Rep. Adriano Espaillat in a marquee New York City congressional primary while winning high-education and higher-income areas; Espaillat, in contrast, won in majority-Hispanic and lower-income areas.

Another Mamdani pick, Brad Lander similarly wiped up in high-income and

high-education areas while crushing Rep. Dan Goldman, whose strong performance in low-income parts of the district didn't save him. Socialistic economics may have appeal to working-class voters in theory, but the DSA couples its economics with extreme views on cultural issues that have very little appeal with non-college-educated voters. Tax the rich? Sure. Transcend the gender binary? No, thanks -- whatever that means.

That the average black Democrat is more moderate and pragmatic than the average white Democrat may prove the ultimate check on whether an AOC-type candidate can claim the big prize of the Democratic presidential nomination in 2028. It's one thing to appeal to the so-called Commie Belt in New York City, the young, highly educated, diverse neighborhoods in Queens and Brooklyn that so strongly backed Zohran Mamdani; it's quite another to win over the older, religious African American voters in, say, South Carolina's I-95 Black Belt.

In the 2020 primaries, Bernie Sanders ran a campaign of great verve and ideological energy, while Joe Biden stumbled from one early setback to another -- yet, black Democrats decided that the former vice president was the safer choice, and that was the end of Sanders. In short, the workers of the world may one day unite, but not behind a socialist vessel for the grievances of ideologically exotic, college-educated white people.

TO POTENTIAL BIDDERS: If
you are considering bidding on
this property lien, you should
understand that there are risks
involved in bidding at a trustee
auction. You will be bidding on
a lien, not on the property itself.
Placing the highest bid at a trustee
auction does not automatical-
ly entitle you to free and clear
ownership of the property. You
should also be aware that the
lien being auctioned off may be a
junior lien. If you are the highest
bidder at the auction, you are
or may be responsible for paying
off all liens senior to the lien be-
ing auctioned off, before you can
receive clear title to the property.
You are encouraged to investi-
gate the existence, priority, and
size of outstanding liens that may
exist on this property by contact-
ing the county recorder's office or
a title insurance company, either
of which may charge you a fee
for this information. If you consult
either of these resources, you
should be aware that the same
lender may hold more than one
mortgage or deed of trust on this
property. Please be advised that
the trustee may require entity or
trust bidders at this trustee's sale
to provide information, documenta-
tion and/or certification of the
vesting instructions and the data
required to be reported pursuant
to FinCEN regulations effective
for transfers of residential real
property to covered transferees
on or after March 1, 2026. The
required information must be
provided to the trustee before
a trustee's deed upon sale will
be issued for covered transfers.

NOTICE OF PREPARATION

The Reserve Specific Plan
Draft Environmental Impact Report

Date: July 31, 2026
To: Public Agencies and Interested Parties
From: City of Elk Grove (City)
Subject: Notice of Preparation of a Draft Environmental Impact Report for The Reserve Specific Plan (PLNG24-047)

The City will prepare a Draft Environmental Impact Report (EIR), compliant with the California Environmental Quality Act (CEQA), for The Reserve Specific Plan (also known as “the Project” and “the proposed Project”). The City has determined that an EIR will be prepared for the proposed Project, and an Initial Study will not be prepared (CEQA Guidelines Section 15063[a]). In accordance with Section 15082 of the CEQA Guidelines, this Notice of Preparation (NOP) provides a Project description, Project location, and the probable environmental effects of the proposed Specific Plan. This NOP will be circulated for a public review and comment period that begins on **July 31, 2026 and ends on August 31, 2026.**

The City is soliciting comments regarding the scope and content of the EIR related to other agencies’ statutory responsibilities in connection with the proposed Project, as well as comments from interested members of the public. The City will rely on responsible and trustee agencies to provide information relevant to the analysis of resources falling within the jurisdiction of such agencies. Specifically, input is requested on:

- (1) Scope of Environmental Analysis – guidance on the scope of analysis for this EIR, including identification of specific issues that will require closer study due to the location, scale, and character of the proposed Project;
- (2) Mitigation Measures – ideas for feasible mitigation, including mitigation that would avoid, eliminate, or reduce potentially significant or significant impacts; and
- (3) Alternatives – suggestions for alternatives to the proposed Project that could potentially reduce or avoid potentially significant or significant impacts.

The City welcomes public input during the review and comment period. If the City has not received a response (or a well-justified request for additional time) from a responsible or trustee agency by the end of the review period, the City may presume that the responsible or trustee agency has no response (CEQA Guidelines Section 15082[b][2]). **Please provide any written comments that you would like the City to consider, along with the name of the appropriate contact person in your agency and their contact information, to the address shown below no later than 5:00 pm on August 31, 2026.**

SCOPING MEETING

CEQA provides for a lead agency to facilitate one or more scoping meetings, which provide additional opportunity for informing the scope and content of an EIR. The City will host a scoping meeting on **Monday, August 24, 2026 at 6:00pm**. The scoping meeting will be held in the City of **Elk Grove City Council Chambers located at 8400 Laguna Palms Way, Elk Grove, California**. Information related to the Project, including how to access Project documents and how to participate in the public review process, will be provided at the scoping meeting.

PROJECT LOCATION AND SETTING

The Specific Plan Area encompasses approximately 850 acres of land south of Kammerer Road and west of State Route (SR) 99. The Project site is within the Kammerer/Hwy 99 Sphere of Influence Area (SOIA), which was approved by the Sacramento Local Agency Formation Commission (LAFCo) in February of 2018.

The Specific Plan Area is currently primarily agricultural land (i.e., field crops such as wheat, along with wine grapes and orchard trees), along with vineyard operations and the McConnell Estates winery and tasting room, with a few small outdoor storage areas, barns, and other agricultural outbuildings. One small rural residence is also present in the Specific Plan Area.

Agricultural land surrounds the Specific Plan Area to the north, northwest, and south. A Recurrent Energy solar facility, which provides energy to the Sacramento Metropolitan Utility District (SMUD), is adjacent to the southwestern portion of the Specific Plan Area. Areas to the northeast and east of the Specific Plan Area are developed with commercial and light industrial uses along SR 99 and north of West Stockton Boulevard, along with the Emerald Lakes Golf Course on the east side of SR 99. Areas to the north and west of the Specific Plan Area currently consist of agricultural land but are planned and anticipated for urban development under the City’s General Plan, the Livable Employment Area Community Plan, the Southeast Policy Area, and the Elk Grove Crossing Specific Plan.

The Specific Plan Area is part of the South Study Area, as designated in the City’s General Plan, which envisions development of office, retail, and commercial services, as well as mixed-use development, medium- and high-density walkable residential development with transit access, and residential neighborhoods with easily accessible parks and open space. The City’s General Plan includes transect-based land use designations as part of the Livable Employment Area Community Plan and Livable Employment Area Special Planning Area, adopted in 2025. The Community Plan is a framework to provide for higher densities and intensities of development within the Community Plan Area compared to other areas of the city – densities and intensities that are required to fulfill the vision and objectives of the Community Plan. “Transect” zoning, as part of the Community Plan, is intended to create a walkable urban area with transit-supportive, mixed-use development along Kammerer Road. The northern portion of the Specific Plan Area is designated by the City for transect zoning, and the Specific Plan proposes to incorporate City transect zoning districts, including T3, T4, and T3R, as required by the City’s Livable Employment Area Community Plan and Livable Employment Area Special Planning Area.

PROJECT DESCRIPTION

PROPOSED LAND USES

A conceptual land use plan for the Specific Plan Area has been drafted for the Project. Lotz Parkway extends into the Plan Area from Kammerer Road to a large, landscaped roundabout, providing a distinct entry to the community. In addition, subject to future planning and design led by the Cosumnes Community Services District, approximately 100 acres shown on the conceptual land use plan as an area outlined and labeled “Regional Park”, may be designed to include a regional sports facility, a portion for community serving parkland, and approximately 30 acres of commercial uses supportive of community and regional serving recreational facilities. The Specific Plan Area is located within an area where the Cosumnes Community Services District would provide fire protection, emergency medical, and parks and recreation services.

The Land Use Plan proposes higher-density residential and mixed-use development along the northern portion of the Specific Plan Area, consistent with the Livable Employment Area Community Plan’s vision for the Kammerer Road corridor. Non-residential uses are focused in the eastern portion of the Specific Plan Area. Lower-density residential uses are proposed for the center and southern portions of the proposed Specific Plan Area, with the lowest residential densities along the southern boundary as the land use transitions back to agricultural-residential. The proposed Land Use Plan is organized so development transitions from Mixed Use, Commercial, and Light Industrial/Flex uses to Medium Density Residential to Low Density Residential. The Land Use Plan incorporates a comprehensive bicycle and pedestrian network, which provides multi-use paths that connect the various residential neighborhoods, parks, school, and regional park.

The Specific Plan proposes to allow the development of a mix of commercial, office, and light industrial uses within the “Commercial” and “Light Industrial/Flex” land use districts proposed in the eastern edge of the Specific Plan Area adjacent to SR 99. The Specific Plan will ultimately identify land use designations for the plan area and the corresponding City Zoning Districts, which will specify allowable land uses and development standards for development within the Specific Plan Area. The City’s Limited Commercial (LC) and General Commercial (GC) Zoning Districts allow a broad range of retail, commercial services, lodging (in GC), banking and other professional services, offices, medical services, commercial recreation, eating and drinking establishments, live-work facilities, and other commercial uses, as well as public uses and social service and housing support uses. The City’s Light Industrial/Flex (LI/FX) Zoning District allows a broad range of non-residential uses, such as offices, storage, warehouses, wholesaling, retail, automobile and vehicle services, small-scale manufacturing, recycling facilities, public and quasi-public uses, wineries, tasting facilities, and other uses.

The City’s General Plan, along with the Livable Employment Area Community Plan and Livable Employment Area Special Planning Area adopted in 2025, establish transect-based land use designations, to be implemented through transect-based zoning. Consistent with this direction, the Specific Plan proposes transect-based zoning in the northern and northwestern portions of the Specific Plan Area along Kammerer Road, including Neighborhood Center Medium (T4) and Neighborhood Center Low (T3). The T4 and T3 (“T” for “transect”) zoning designations allow for a mix of uses, densities, and development intensities to provide housing, employment, and commercial opportunities, as well as two parks of approximately three acres each.

Farther south from Kammerer Road and transitioning to the southern boundary of the Specific Plan Area, traditional Medium Density Residential (MDR) and Low Density Residential (LDR) are proposed, along with several parks (14 acres), an elementary school (10 acres), and two detention basins (44.1 acres); an existing detention basin (4.6 acres) in the eastern portion of the Specific Plan Area would be connected via an existing open space channel (3.9 acres) to the proposed detention basin in the southeastern portion of the Specific Plan Area.

In total, the Specific Plan Area Land Use Plan would provide for approximately 3,500 dwelling units, approximately 60 acres of land designated for commercial uses (plus 30 additional acres of commercial oriented toward supporting the -community and regional serving recreational facilities), and approximately 93 acres designated for light industrial and office activities. The proposed Land Use Plan would ultimately be implemented by the application of the appropriate City residential, commercial, open space, civic, and office/industrial zoning districts.

UTILITIES, SERVICE, AND TRANSPORTATION SYSTEMS

The proposed Specific Plan will require on- and off-site installation of supporting underground utilities, including, but not limited to water supply, wastewater, drainage, electricity, natural gas, and telecommunications. The Specific Plan will include detailed descriptions of the planned infrastructure improvements, including infrastructure for pedestrian, bicycle, and vehicle circulation that will be required to serve demand resulting from development proposed within the Specific Plan Area. Infrastructure for the Specific Plan will be required to comply with relevant design standards of service agencies and will be required to be consistent with the public facilities and infrastructure policies of the City’s General Plan.

APPROACH TO ENVIRONMENTAL REVIEW

As required by CEQA, the EIR will describe existing conditions and evaluate the potential significant environmental effects of implementing The Reserve Specific Plan and a reasonable range of alternatives, including a no project alternative. The EIR will address direct, reasonably foreseeable indirect, cumulative, and growth-inducing impacts. The EIR will identify feasible mitigation measures, if available, to reduce significant and potentially significant impacts.

POTENTIAL ENVIRONMENTAL EFFECTS

The following environmental topic areas are preliminarily anticipated to be evaluated in the EIR.

- Aesthetics
- Agriculture and Forestry Resources
- Air Quality
- Biological Resources
- Cultural and Tribal Cultural Resources
- Energy
- Geology, Soils, Minerals, and Paleontology
- Greenhouse Gas Emissions
- Hazards, Hazardous Materials, and Wildfire
- Hydrology and Water Quality
- Land Use and Planning, Population, and Housing
- Noise and Vibration
- Public Services and Recreation
- Transportation
- Utilities

LOCAL AGENCY FORMATION COMMISSION

Development of the Specific Plan Area would require a formal annexation application and subsequent approval by the Sacramento Local Agency Formation Commission (LAFCo) to incorporate the Specific Plan Area into the City of Elk Grove’s jurisdiction. Analysis and documentation prepared to support the Specific Plan will also address topics that are the purview of the Sacramento Local Agency Formation Commission (LAFCo), including a Plan for Services that will identify service providers and whether they can provide service without adversely affecting existing service levels, provision of service without adverse impact to existing ratepayers, whether the City would perform any services now being provided by another service provider, and whether substitution of the City for that provider would have adverse effects of the previous providers’ ability to maintain services. The City anticipates that material to support the Specific Plan would also address environmental justice, consistent with City policy. The Specific Plan would not require any detachment from a special district and the City’s Housing Element (General Plan Figure 4-9) does not identify any sites in the Specific Plan Area intended for the provision of housing to meet the needs of very low-, low-, or moderate-income households.

THIS NOTICE IS SENT FOR THE PURPOSE OF COLLECTING A DEBT. THIS FIRM IS ATTEMPTING TO COLLECT A DEBT ON BEHALF OF THE HOLDER AND OWNER OF THE NOTE. ANY INFORMATION OBTAINED BY OR PROVIDED TO THIS FIRM OR THE CREDITOR WILL BE USED FOR THAT PURPOSE. As required by law, you are hereby notified that a negative credit report reflecting on your credit record may be submitted to a credit report agency if you fail to fulfill the terms of your credit obligations. NOTICE TO POTENTIAL BIDDERS: If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge

you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property. NOTICE TO PROPERTY OWNER: The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call (866) 539-4173 or visit this Internet Web site www.servicelinkauction.com, using the file number assigned to this case 26-39737. Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or on the Internet Web site. The best way to verify postponement information is to attend the scheduled sale. NOTICE TO TENANT: You may have a right to purchase this property after the trustee auction pursuant to Section 2924m of the California Civil Code. If you are an "eligible tenant buyer," you can purchase the property if you match the last and highest bid placed at the trustee auction. If you are an "eligible bidder," you may be able to purchase the property if you exceed the last and highest bid placed at the trustee auction. There are three steps to exercising this right of purchase. First, 48 hours after the date of the

trustee sale, you can call (866) 539-4173, or visit this internet website www.servicelinkauction.com, using the file number assigned to this case 26-39737 to find the date on which the trustee's sale was held, the amount of the last and highest bid, and the address of the trustee. Second, you must send a written notice of intent to place a bid so that the trustee receives it no more than 15 days after the trustee's sale. Third, you must submit a bid so that the trustee receives it no more than 45 days after the trustee's sale. If you think you may qualify as an "eligible tenant buyer" or "eligible bidder," you should consider contacting an attorney or appropriate real estate professional immediately for advice regarding this potential right to purchase. Please be advised that the trustee may require entity or trust bidders at this trustee's sale to provide information, documentation and/or certification of the vesting instructions and the data required to be reported pursuant to FinCEN regulations effective for transfers of residential real property to covered transferees on or after March 1, 2026. The required information must be provided to the trustee before a trustee's deed upon sale will be issued for covered transfers. The Buyer may be required to pay charges associated with the gathering and reporting of information to FinCEN. The initial Annual Percentage Rate (APR) is currently 6.75% for a new Home Equity Line of Credit (HELOC), and is fixed for the first 5 years of the loan which is called the draw period. After the initial 5 year period, the APR can change once based on the value of an Index and Margin. The Index is the weekly average yield on U.S. Treasury Securities adjusted to a constant maturity of 10 years and the margin is 3.50%. The current APR for repayment period is 8.0%. The maximum APR that can apply any time during your HELOC is 15%. A qualifying transaction consists of the following conditions: (1) the initial APR assumes a maximum HELOC of \$200,000, and a total maximum Loan-to-Value (LTV) of 70% including the new HELOC and any existing 1st Deed of Trust loan on your residence; (2) your residence securing the HELOC must be a single-family home that you occupy as your primary residence; (3) if the 1st Deed of Trust loan is with a lender other than El Dorado Savings Bank, that loan may not exceed \$300,000, have a total maximum Loan to Value (LTV) of 65% and may not be a revolving line of credit. Additional property restrictions and requirements apply. All loans are subject to a current appraisal or property evaluation, which typically range from \$100 to \$1,000. This cost will be disclosed in your commitment letter and paid at loan closing. Property insurance is required and flood insurance may be required. Rates, APR, terms and conditions are subject to change without notice. Other conditions apply. A \$525 early closure fee will be assessed if the line of credit is closed within three years from the date of opening. An annual fee of \$85 will be assessed on the first anniversary of the HELOC and annually thereafter during the draw period. Ask for a copy of our "Fixed Rate Home Equity Line of Credit Disclosure Notice" for additional important information. Other HELOC loans are available under different terms.

Signing Day for Elk Grove Native Soccer Player

Story and photos by
Nathan Felix Valencia

ELK GROVE, CA (MPG) - It was a big day for Azteca FC on Saturday, July 25, as friends and family of each athlete showed up in support of the athletes signing their National Letters of Intent to compete in college.

The letter of intent is an agreement between the student-athlete and an NCAA-member college saying that the student-athlete is committed to play that sport while attending school.

Five athletes from Azteca FC signed their letter of intent, making it a day to remember for both the players and the club.

Head Coach and Founder of Azteca FC Rose Shoen stated, “This is the largest signing group I’ve coached here; they are the best.”

Shoen gave high praise to her players as she knows what it is supposed to be like at the next level,

Kenden Chapelle signs his National Letter of Intent.

because she has both played and coached at a high level for a long time.

Azteca FC offers youth and adult athletic clubs for both soccer and track. It also prepares youth players to be ready for collegiate

competition no matter the level. That includes having one of their athletes sign a letter of intent to compete in cross country/track and field.

All of the athletes that signed were all from the

greater Sacramento area, but only one was from Elk Grove, Kenden Chapelle.

Chapelle graduated from Pleasant Grove High School in 2020 while playing soccer for the Blackhawks Soccer Club

before attending Cosumnes River College. He played for the Hawks soccer team in the spring of 2021 and 2022.

And for the last two years he has been playing for Coach Shoen at Azteca FC.

Now going forward into his collegiate career, he will be attending Sterling College in Kansas, on scholarship to play soccer, where he will be leaving to attend and start training in the next month.

“I’m excited to continue playing soccer at the

next level while getting my school paid for,” Chapelle stated.

To get school paid for as a student-athlete is the dream.

It allows the athlete to focus on the sport that they are playing instead of needing to find a job on top of a busy schedule.

“I’m going to do my best and give it my all when I am there, so that I can continue playing even at the next level,” said Chapelle.

He is determined to keep playing soccer once his collegiate career is over. ★

Women’s Basketball Completes Coaching Staff with Addition of Teaunsha Robinson

Sacramento State Athletics News Release

SACRAMENTO, CA (MPG) - Teaunsha “Tee” Robinson, who spent the 2025-26 season as an assistant coach and director of player development at Delaware State, has been named an assistant coach with the Sacramento State women’s basketball program, Head Coach Aaron Kallhoff announced July 21. “Tee is a great addition to our program,” Kallhoff said. “She’s a relentless worker and will be great for our student-athletes. I was looking for someone that can relate well with our players, instill great knowledge and help move the program forward. Tee was that person and I’m grateful she decided to make Sacramento State home.”

Robinson was a part of a staff that helped the Hornets (of the Delaware State variety) rank second in the Mid-Eastern Athletic Conference in both field goal percentage and three-point percentage, while standing among the top five in scoring defense, three-point percentage defense, rebounding defense, assist-to-turnover ratio, blocks and assists.

She helped mentor and develop a pair of MEAC All-Rookie Team selections in Amya Scott and Liliana Harrison, who combined for six conference rookie of the week awards.

“I’d like to thank Coach Kallhoff and Sacramento State for giving me this opportunity and I look forward to helping provide a championship environment for our student-athletes and our fans,” Robinson said. “I’m truly looking forward to continue building upon the culture that has been established here while developing new skills and strategies to help student-athletes advance in their careers both on and off the court.”

Prior to her year in Dover, Robinson spent three years as an assistant coach, co-recruiting coordinator, and director of player development at Paris Junior College in Texas. During her time with the Dragons, she helped

seven student-athletes sign with four-year schools -- three of those moving on to Division I programs, another signing with a Division II program and three more joining NAIA schools.

During her time at Paris, she aided in developing three all-conference players, a pair of All-Region 14 selections, two NJCAA Top 40 All-Stars and two participants selected for the NCAA Basketball Academy. One of her charges, Naveah Brown, set the school single-season record for three-pointers made, shot 42 percent from beyond the arc and ranked No. 2 in the nation in

three-pointers en route to Women’s Basketball Coaches Association honorable mention All-America honors for two-year colleges in 2025.

In addition to her college coaching experience, Robinson has also served as the Chief of Coaches, Head Coach and Head Trainer with the Indianapolis Belles AAU program since 2020, as well as serving as the girl’s junior varsity head coach and varsity assistant coach (2012-20) at her prep alma mater Baltimore Polytechnic Institute. She coached the school’s junior varsity squad to three city championship and three more city crowns on the varsity side as well as three regional championships and a state championship appearance. In 2019-20, she helped the Lady Engineers to a No. 1 ranking in the city and region with a 22-1 record.

Two players from that team, Dasia Towns and Ajae Petty, earned All-Metro honors and went on to continue in their careers at Virginia Commonwealth and LSU, respectively.

Robinson is also the owner of Organized CHA02 (CHAOS), a development ecosystem that provides athletes of all levels with elite basketball training, social and emotional learning support and career awareness.

A four-year letter winner at Bowie State in Maryland from 2007-11, Robinson was a three-time Central Intercollegiate Athletic Association Rookie of the Week and was named to the league’s All-Rookie Team selection as a freshman in 2008, before going on to pick-up All-CIAA honors in each of the next three seasons — including first-team laurels as a junior in 2010. She was also a CIAA All-Tournament Team choice as a sophomore in 2009 and is a member of the Bulldogs’ 1,000-point club.

Republic FC Athletics
News Release

SACRAMENTO, CA (MPG) - Republic FC announced the club has signed attacker Alfredo Midence (pronunciation: mee-DEHN-say) through the end of the 2026 season. He will be added to the team’s roster pending league and federation approval. Per club policy, the terms of the contract were not disclosed.

“With the second half of season to play, we’re bolstering the roster with a young, dynamic player who can contribute in multiple attacking roles,” said Republic FC President and General Manager Tim Holt. “Alfredo will add depth to the roster as we enter an

important stretch in the schedule as the Western Conference table continues to shift and get more competitive.”

“I’m incredibly excited to join Sacramento Republic FC,” said Midence. “From the first conversations with the club, I could feel the ambition and the passion behind this organization. I can’t wait to meet my teammates, play in front of the fans, and give

everything I have to help this team

achieve great things. Let’s get to work.”

Midence made his professional debut with California club Central Valley Fuego in 2024 and quickly became a stand-out player in USL League One. With eight assists – as well as two goals – he earned the Golden Playmaker Award and was named the USL League One Young Player of the Year in his debut campaign. Among the

40 players eligible for the annual league-wide honor, he finished first in assists, goal contributions and chances created.

The breakout performance earned him a spot on Lexington’s SC roster in the club’s inaugural USL Championship season in 2025. Across all competitions in two seasons at Lexington, Midence recorded two goals and seven assists in 30 appearances. In 2025, he spent eight matches on loan with USL League One side Charlotte Independence, where he recorded one goal and four assists in the first quarter of the season.

Born in Honduras, Midence moved to Maryland as a teenager and joined the D.C. United Academy. ★
