Season Final Yields Three Medals

Sacramento's Khai Chang, 9, will travel to Daytona Beach, Florida, in October to compete in taekwondo's Pan American Club Championship. Photo by Albert Chang

By Keith Burbank

SACRAMENTO, CA (MPG) - Three Sacramento athletes took home medals in the 2026 USA Taekwondo season final in Arkansas in September. Emily Shimomura, 9, and Khai Chang, 9, won first-place while 64-year-old Artavia Edwards took home a bronze medal in the final Sept. 11-13 in Little Rock. Ian Chang, 11, also competed and fell just short of reaching the medal round.

"Arkansas was a great experience," said Edwards, a second-degree black belt. Of her competitors, Edwards said, "Win or lose, we're family." She will be traveling later this month, along with Khai, to Daytona Beach, Florida, to compete in the Pan American Club Championship. The event is being held Oct. 22-25. Khai Chang won first place, too in Arkansas. He is pursuing the USA Taekwondo Aspiring Dominant

Athlete status for 2026, said Xai Lor, owner of iYa Taekwondo. Emily too has had an exceptional season, said Lor, a taekwondo master, remaining undefeated through the finals in Arkansas. "Her performance capped another impressive competition in a season defined by consistency, discipline, and determination," Lor added. Ian finished just 0.04 points shy of advancing to the medal round, Lor

One Dead, One Critical in Shooting

By Keith Burbank

SACRAMENTO, CA (MPG) - A 29-year-old woman is dead following a shooting here Sept. 26, police said. Samantha Cromwell was shot in the parking lot of Urban Air Trampoline Park & Indoor Playground, 1700 Arden Way and another woman suffered critical injuries there in the shooting, according to the Sacramento County Coroner and police. She was still in critical condition as of Sept. 30, police spokesperson Sgt. Justin Boyd said. The shooting was reported to police just after 3:30 p.m. Sept. 26, according to a police news release.

Officers arrested 36-year-old Edward Tucker of Fresno as a suspect in the shooting, police said. Tucker was booked in the Sacramento County Main Jail on charges related to homicide, according to police.

Tucker is ineligible for bail, jail records say. Cromwell has at least one child, according to a GoFundMe account, which Cromwell's sister Alyvia Cromwell started to raise money for funeral expenses and Samantha Cromwell's 8-year-old son DJ.

More than \$5,000 had been raised as of 3:15 p.m. Oct. 1, toward the \$9,000 goal. Alyvia Cromwell said on the GoFundMe page the shooting was "due to a domestic violence situation."

Police are still investigating the relationship between Tucker and Cromwell, Boyd said. ★

Long-time News Writer Passes

By Pattie McDaniel

SACRAMENTO, CA (MPG) - Long-time contributor to Messenger Publishing Group, and past exalted ruler of Sacramento Elks Lodge No. 6, Steven B. Clazie, died Aug. 15. He was preceded in death by his wife Joan Louise Maloney. She was the love of his life, and they enjoyed over 60 years together before she died Dec. 17. They had two daughters, Stephanie Kinder of Tennessee, and Karyn Clazie of Oregon. Clazie has three grandchildren,

John, Kyle, and Shane Denison. Joan's long-time caregiver, Suzanne Neill, was more like a family member than a companion. As Clazie became ill, Suzanne took care of him until he died. Clazie and his wife were raised in Vallejo. Following graduation from Vallejo High School, they attended Sacramento State University. Both graduated with bachelor's degrees and teaching credentials. Clazie returned to Sacramento State to complete his master's degree. They both

Long-time News Writer Passes

Continued from page 1
enjoyed teaching careers in the Sacramento City Unified School District.
Clazie’s most recent story was the front-page Pocket News article “A teen’s story of survival in war time.”
This human-interest story is about Janina Korzeniewska Clark, who

survived World War II as a teenager despite her capture by the Nazi’s several times. Little did anyone know it would be Clazie’s last story.
Janina’s children, Jane Gallagher and Kevin Clark, researched their mother’s childhood. A cousin, Jalyn Venis, wrote the book “Janina’s war: How

a teenager survived Nazis, the resistance, and the most horrific war on earth.” The book is for sale on Amazon.
Clazie enjoyed a hearty laugh, even if it was at his expense. During a family gathering at a local ice cream parlor, Clazie ordered his favorite: peppermint milkshake.
As the pink ice cream began to melt and the foam ran down the side of the glass, one of his grandsons exclaimed that he had ordered a “pretty, pretty princess milkshake.” This family moniker was a favorite tease for years.

Clazie was inspired to be a teacher after hearing President John F. Kennedy’s famous words, “Ask not what your country can do for you—ask what you can do for your country.”
He taught for years at John F. Kennedy High School in Sacramento. He proudly served as class sponsor and as the faculty advisor for the Kennedy High Clarion, the student newspaper.
After a career teaching secondary students, Clazie delighted in reading to kindergarteners at Genevieve F. Didion TK-8 School. Clazie once again exhibited his sense of humor when he surprised the students dressed as The Grinch.
While sitting at his wife’s bedside, Clazie often wrote late at night or in the early morning hours. He remained devoted to her and shared her battle against supranuclear palsy. This rare neurological disease has no cure.

Clazie with his wife of 60 years Joan Louise Maloney. Photo by Karen Clazie

After his wife became wheelchair-bound, Clazie was often seen pushing her around the Pocket-Greenhaven Farmer’s Market on Sundays.
Clazie wrote a touching story about the 60 years, 5 months and 10 days he and his wife were together. “My journey with Joan” can be found in the Feb. 11 issue of Pocket News.
Writing was Clazie’s talent and passion. It gave him pleasure to share stories of the Sacramento area and its people. Steve wrote many articles about the Pocket-Greenhaven Farmers Market and Elks or community events.
He highlighted the many youth groups that Sacramento Elks Lodge No. 6 helped, and he continued

to support many Elks events financially.
Clazie was proud to be recognized as a fidelity donor to the Elks National Foundation, which provides grants for community projects.
The California-Hawaii Elks Association gave Clazie many first-place awards for his articles.
Clazie served as Elks Lodge No. 6 exalted ruler in 2008-2009. The exalted ruler is the president and highest-ranking officer in an Elks Lodge. He was proud of his leadership roles in the Elks, and he embodied the Elks principles of charity, justice, fidelity, and brotherly love.
Members of the public celebrated Clazie’s life Sept. 20 at Elks Lodge No. 6, 6446 Riverside Blvd. ★

Clazie receives special citations from the Elks. Photo by Nicole Holton-Alveraze

MPG
Messenger Publishing Group

The initial Annual Percentage Rate (APR) is currently 6.75% for a new Home Equity Line of Credit (HELOC), and is fixed for the first 5 years of the loan which is called the draw period. After the initial 5 year period, the APR can change once based on the value of an Index and Margin. The Index is the weekly average yield on U.S. Treasury Securities adjusted to a constant maturity of 10 years and the margin is 3.50%. The current APR for repayment period is 8.50%. The maximum APR that can apply any time during your HELOC is 15%. A qualifying transaction consists of the following conditions: (1) the initial APR assumes a maximum HELOC of \$200,000, and a total maximum Loan-to-Value (LTV) of 70% including the new HELOC and any existing 1st Deed of Trust loan on your residence; (2) your residence securing the HELOC must be a single-family home that you occupy as your primary residence; (3) if the 1st Deed of Trust loan is with a lender other than El Dorado Savings Bank, that loan may not exceed \$300,000, have a total maximum Loan to Value (LTV) of 65% and may not be a revolving line of credit. Additional property restrictions and requirements apply. All loans are subject to a current appraisal or property evaluation, which typically range from \$100 to \$1,000. This cost will be disclosed in your commitment letter and paid at loan closing. Property insurance is required and flood insurance may be required. Rates, APR, terms and conditions are subject to change without notice. Other conditions apply. A \$25 early closure fee will be assessed if the line of credit is closed within three years from the date of opening. An annual fee of \$85 will be assessed on the first anniversary of the HELOC and annually thereafter during the draw period. Ask for a copy of our “Fixed Rate Home Equity Line of Credit Disclosure Notice” for additional important information. Other HELOC loans are available under different terms.

ESKATON

VILLAGE CARMICHAEL

Live well, *on your terms*

Eskaton Village Carmichael is a home base for curiosity, friendship and ease, with comfort today and reassurance for tomorrow.

Take a class, join an exercise group, or relax without a single chore on your list — you decide how active your days are. When you live at Eskaton Village Carmichael, cooking, yard work and household maintenance no longer compete with how you want to spend your time.

And because we’re a Life Plan Community, your peace of mind doesn’t stop at today. Assisted living, memory care, rehabilitation and skilled nursing are all part of the same community, so a change in your needs never means leaving the home you love.

California Writers Week in the Capitol Region

The goals are to entertain, generate awareness of the writing of local authors, and encourage residents of the facilities in their own reading and writing endeavors. Photo courtesy of California Writers Week

California Writers Week News Release

SACRAMENTO REGION, CA (MPG) - California Writers Week, an annual recognition of the talents and contributions of writers in our state, takes place the third week of October. Established in 2003 via Joint Legislative Resolution 2170 and sponsored by Assemblyman Tim Leslie, California Writers Week was initiated by the California Writers Club.

The resolution mentions founders of the club in 1909, including Jack London, Ina Coolbrith and George Sterling and traces California’s literary tradition back to the writing of Mark Twain, Bret Harte, Mary Austin, John Steinbeck, among others. The sponsors of the resolution encourage all Californians to honor the contributions that California writers make to humankind.

During Oct. 11-17, members of the Sacramento branch of California Writers Club will provide readings of their work

to seniors living in five of the area’s assisted living facilities. The goals are to entertain, generate awareness of the writing of local authors, and encourage residents of the facilities in their own reading and writing endeavors. More information can be found at California Writers Club, Sacramento.

In addition to the readings offered to seniors, Sacramento CWC branch board member Julie Snider is offering a public reading and book signing. Julie is a retired teacher living near Sacramento, and she writes both fiction and nonfiction. Her heartwarming stories, often centered on themes of social justice, help readers from diverse backgrounds find common ground.

The event will take place from 1-2 p.m. Oct. 17 at the Fair Oaks Library, 11601 Fair Oaks Blvd., Fair Oaks.

Julie will read short selections from her debut novel, Chapel Bay Secrets, published in January 2026. You can find more information about Julie and her writing on her website, <https://juliesniderauthor.com/> ★

New Law Limits CIPA Lawsuits

By Stop CIPA Shakedown Lawsuits News Release

SACRAMENTO, CA (MPG) - The Stop CIPA Shakedown Lawsuits coalition Oct. 1 celebrated Gov. Gavin Newsom's signing of SB 690, a major reform to the California Invasion of Privacy Act (CIPA) that will provide much-needed relief to thousands of California small businesses, nonprofits, and public agencies facing abusive lawsuits and demand letters.

SB 690 passed the California Legislature without a single “no” vote, reflecting broad recognition among lawmakers of the need to address the misuse of a decades-old privacy law against organizations using ordinary website technologies.

The new law will take effect Jan. 1, limiting private lawsuits involving CIPA's pen register and trap-and-trace provisions when claims arise from activity on websites, online applications, or mobile applications, while preserving California's strong consumer privacy protections and government enforcement authority.

“Tonight, thousands of California businesses have gotten relief from abusive litigation,” said Andrew Kingman, general counsel for the Alliance for Legal Fairness, in a statement. “We applaud Gov. Newsom for signing SB 690 into law and delivering real relief to businesses, nonprofits, and public agencies that have been forced to spend valuable resources defending themselves against abusive CIPA lawsuits.

Pictured are Andrew and Gytahna Loffgren of Dixon firm Element Electric. A CIPA lawsuit was filed against the company for alleged violations of the California Invasion of Privacy Act. Photo by Kevin Dietrich

“This is a meaningful step forward for organizations across California that have faced costly litigation and significant disruption, even when there is no allegation of actual harm or injury.

“We thank Sen. Caballero for her leadership and Assemblymember Bauer-Kahan for her sincere engagement in moving this issue through the Legislature, and we thank Gov. Newsom for recognizing the urgent need for CIPA reform.”

Originally enacted in 1967, CIPA was intended to protect Californians from unlawful wiretapping and eavesdropping on landline phones.

But the decades-old law, written long before the internet existed, has increasingly been exploited to bring over

4,000 abusive lawsuits over common website tools such as analytics tools, pixels and other digital services, without any allegation of actual harm or injury.

The signing of SB 690 marks an important step toward modernizing CIPA and ensuring California's privacy laws protect consumers without being exploited to pursue abusive litigation against businesses and organizations.

While SB 690 provides important relief, more work remains. The coalition will continue working with policymakers and stakeholders to pursue additional reforms addressing CIPA Section 631 and ensure California's privacy laws provide strong protections for consumers without enabling abusive litigation. ★

Season Final Yields Three Medals

Continued from page 1
said, “a difference small enough to show that he was competing right alongside some of the strongest athletes in his division.”

Ian is promoting to his black belt Oct. 3, he said by phone.

Taekwondo “has taught me many things,” he said, such as courtesy, integrity and perseverance.

This year is the first Ian

and Khai traveled nationally to compete, their father Albert Chang said.

For Khai, he likes taekwondo because it has taught him self-defense and new things, he said.

“Every tournament brings a new challenge,” said Lor. “There are no guarantees once an athlete steps onto the competition floor. What these athletes can control is their preparation, their

discipline, and how they represent themselves, their team, and their community. That is what makes us especially proud.”

iYa Taekwondo is on Greenhaven Drive in Sacramento’s Pocket-Greenhaven neighborhood. The school’s eighth annual haunted house and trunk-or-treat event is planned for 6 p.m. to 9 p.m. Oct. 17. ★

Historic School Prepped for Celebration

By Keith Burbank

SACRAMENTO REGION, CA (MPG) - A historic school got a cleaning recently for a coming celebration Oct. 10.

The event will mark 50 years since the Rhoads School in Elk Grove Regional Park moved to the park from its original location on Sloughhouse Road.

“In 1976 for the bicentennial, they were encouraging communities to do historic restoration projects,” said Roberta Tanner, director of Rhoads School. “And so, a group of people got together and decided to restore the Rhoads Schoolhouse, which had been sitting vacant for about 25 years.”

The 50-year celebration starts at 10 a.m. and lasts until 4 p.m. at the school and will include free tours, food trucks, history displays, photo opportunities, wagon rides and special guests. The event is sponsored by the Elk Grove Historical Society.

The existing building is the second Rhoads School built in

the region. The first was built in the 1850s close to the Cosumnes River and was subject to flooding. Children got sick from mosquito bites. The school closed in 1872.

A second school was built that year on Sloughhouse Road and closed in 1949, Tanner said. The Murphy family, who owned the property on which the schoolhouse was located, later donated the home.

“So, they went out and they jacked it up, put it on a big trailer,” Tanner said, “and trailered it to Elk Grove Park, where it is now.”

The schoolhouse and grounds were cleaned Sept. 24 by No Moss Softwash to get it ready for the Oct. 10 celebration.

Chris Lombardo and his crew applied a special No Moss Soss to clean the roof, for example.

“It’s a shake roof,” Lombardo told the Elk Grove Citizen. “You can’t pressure wash that.”

The company uses a process called softwashing, which

Rhoads School –The Rhoads School is pictured Sept. 24 in Elk Grove Regional Park as workers got ready to clean it for a 50-year celebration Oct. 10. Photo by Keith Burbank

involves cleaning with less than 40 pounds of pressure,

Lombardo said.

“So, it kind of bubbles up and it cleans and disinfects the roof,” he added. “And then we rinse it.”

Community members came together in 1976 – long before this latest cleaning – to restore the school.

“The community – mostly teenagers, high school and middle schoolers – spent the next year sanding it down and repainting it,” Tanner said.

The man in charge, Tanner said, “wanted everyone to use period-appropriate-only restoration methods, and so they just used a lot of elbow grease and a lot of sandpaper on blocks of wood and sanded it down and then repainted it.”

The school is named after

John P. Rhoads, who traveled west from Illinois and arrived in California in 1846. Rhoads’ family traveled part of the way with the Donner Party but was about three weeks ahead of them when the Rhoads family passed through Salt Lake City.

The Donner Party that winter got stuck in the Sierra Nevada. Rhoads went on three rescue missions to deliver supplies and “bring survivors to safety,” according to the Elk Grove Historical Society.

A living history program now operates at the Rhoads School.

The program brings to life what it was like be a student and teacher at the school years ago, Tanner said. ★

SacSewer Warriors Take Second Place in Division 3

Team earns first place in Maintenance and third in Safety, highlighting the people and expertise behind SacSewer’s essential services

Sacramento Area Sewer District (SacSewer) News Release

SACRAMENTO, CA (MPG) - The Sacramento Area Sewer District (SacSewer) is demonstrating the depth of operational excellence behind one of the region’s largest essential service providers, as its Warriors earned second place overall in Division 3 at the Water Environment Federation’s (WEF) Operations Challenge at WEFTEC in New Orleans Sept. 28-29.

Competing against 26 teams in Division 3, the SacSewer Warriors earned first place in the Maintenance Event and third place in Safety. Made up of employees from SacSewer’s collection and treatment operations, the team also posted some of its fastest competition times to date after months of preparation and practice leading up to the event. Operations Challenge brings together skilled water sector professionals competing in events designed around technical skills, and real-world scenarios involved in utility operations including collections, process control, maintenance, laboratory and safety.

While the results are a point of pride for the Warriors, the competition also offers a visible look at the people and expertise behind SacSewer’s essential services. The skills demonstrated in the competition – technical knowledge, safety awareness, teamwork, communication and problem-solving – are the same skills employees rely on every day to operate and maintain critical infrastructure and provide reliable service to the community.

Competing against 26 teams in Division 3, the SacSewer Warriors earned first place in the Maintenance Event and third place in Safety. Photo courtesy of SacSewer

“The Warriors give us an opportunity to showcase the people behind the services our community depends on,” said Christoph Dobson, general manager of SacSewer. “Their performance reflects the professionalism, dedication and pride that our employees bring to their work every day. We’re proud to see the Warriors represent SacSewer and demonstrate the caliber of talent we have throughout our organization.”

The Warriors also represent the interconnected nature of a modern sewer utility. While each area of the organization brings specialized knowledge and expertise, it takes people working together across

Preparing for Operations Challenge gives employees an opportunity to sharpen their technical and leadership skills, practice working under pressure, learn from colleagues in different areas and exchange ideas with other utilities. Photo courtesy of SacSewer

disciplines to safely and reliably collect, treat and recover resources from sewage.

“The beauty of SacSewer’s work is the way all of these people with diverse skills come together to serve our community,” Dobson said. “The Warriors are one example of that collaboration. Whether someone works in collections, treatment, the laboratory, engineering or another part of the organization, every role brings a different area of expertise to the work we do. Together, those contributions allow us to safely and reliably serve our community.”

Preparing for Operations Challenge gives employees an opportunity to sharpen their technical and leadership skills, practice working under pressure, learn from colleagues in different areas and exchange ideas with other utilities. SacSewer has captured the Warriors’ preparation, competition and experiences through a series of videos that offer a behind-the-scenes look at the skills and teamwork required to compete – and the benefits Operations Challenge brings to SacSewer and the community we serve. To watch a video demonstrating why Ops Challenge matters, visit: youtube.com/watch?si=Rh-GHvV8g1ZCsRL5F&v=yn-LU-UoG5Js&feature=youtu.be

The experience also provides an opportunity for employees to learn from one another and bring new ideas and perspectives back to their work at SacSewer – an added benefit of participating in a competition that celebrates the expertise and professionalism of utility operations.

FAA Awards Contract for New Air Traffic Control Tower at SMF

Sacramento International Airport News Release

SACRAMENTO, CA (MPG) - The Federal Aviation Administration (FAA) has awarded a design-build contract to Walsh Federal LLC for a new air traffic control tower at Sacramento International Airport (SMF), marking a major milestone in the long-planned replacement of the airport’s existing tower, which has been in service since 1967.

The contract was awarded Sept. 19, with work scheduled through early 2030. The new tower is expected to become fully operational around 2030.

“This contract award is a significant step forward for the long-term safety, efficiency and resilience of our airspace operations at Sacramento International Airport,” said Harry Barrett Jr., assistant director of airports for Sacramento County. “We have been ready for this investment for many

years, and we are excited to see the project move from planning toward construction.”

The FAA previously identified SMF as a priority site for tower replacement in 2016. SMF is one of eight airports nationwide selected for new tower construction as part of a broader FAA initiative to modernize aging air traffic infrastructure. The program is supported in part by funding from the \$5 billion allocated to the FAA Air

Traffic Organization through the Infrastructure Investment and Jobs Act.

The current SMF control tower presents operational and accessibility limitations as well as challenges associated with aging facility systems. The replacement tower will be located on the airport’s north campus and will provide improved sightlines and a modernized working environment designed to better support FAA air traffic controllers. The

new location will also enhance security by relocating critical operations away from public-facing airport areas.

The FAA contract with Walsh Federal covers design and construction of the replacement tower, with a period of performance extending through February 2030. Construction is currently expected to begin in summer 2027. The new tower will remain FAA-owned and FAA-operated upon completion.

Hello, Dolly – Let’s Do It!

Story and photos by
**Susan Maxwell
Skinner**

CARMICHAEL, CA (MPG)
- More than 1200 teenage girls last week flocked to the Aerospace Museum of California’s annual ‘We Can Do It Together’ open days.

Free to middle school and high school students, the event introduces young women to options in STEAM (Science, Technology, Engineering, Art and Math) careers. In six years, more than 6000 girls have attended.

The date coincided with national appreciation for the late Dolly Parton, whose Imagination Library loaned a larger-than-life cutout of the star. “Dolly’s people told us this was an event she would have loved,” said Museum Advancement Director Karen Jones. “We thank Dolly for inspiring us to be life-long readers.”

Other open-day opportunities included meeting mentors from STEAM fields. Architects, aviators and women making waves in energy, medicine and construction fields discussed their careers.

Role models at the Aerospace Museum of California “We Can Do it Together” open days include education administrator Linda Martin (left), Dr Kawanaa Carter (center) Dolly Parton (in effigy), pilot Zahra Hosseini and education specialist Karla Rojas.

Neuro-surgeon Dr. Kawanaa Carter said she grew up with a love of medicine fueled by her drive to help children. “I wanted to be useful,” said Carter. “I never wanted to be bored, so it’s great my career allows me to practice medicine, to teach, to operate and do research.”

The surgeon told girls how STEAM capability was everywhere in their day-to-day activities. Food preparation, she explained, was about

chemistry. Household budgeting required math. “Choosing

makeup that suits your face - that’s science,” Carter told the girls.

“We take our use of science for granted. Don’t say you can’t do

A jet engine display gets a thumbs-up from Twin Rivers Unified School District students at the Aerospace Museum’s expo for young women.

it. It is already inside you.”

The teens had free range of museum exhibits, including artifacts from the early years of flight. They also got handy in STEAM-based activities: making solar system bracelets, paper airplanes and wind turbines.

The expo this year saluted Dolly Parton as an example of what can be achieved through hard work and mentorship.

“We want girls to know they can be anything they want to be,” said Museum Director Karen Jones. “Dolly Parton said that when girls follow their dreams, the sky was the limit. We tell young people the limit is the sky and far beyond it. We want them to aim high and dream big.”

Event supports included: SMUD, Carmichael Kiwanis, San Juan and Twin Rivers School Districts; SAFE Credit Union and County Supervisors Rich Desmond and Phil Serna. Learn about Museum events at www.aerospaceCA.org.

Yang, Alvarenga Net Big West Weekly Honors

Sacramento State Athletics News Release

SACRAMENTO, CA (MPG) - After playing big roles in the Sacramento State men’s soccer team’s victory over UC Riverside, junior Hiroshi Yang was named the Big West Offensive Player of the Week while freshman Adrian Alvarenga was named the league’s Rookie of the Week on Sept. 28.

Both Yang and Alvarenga picked up their first career weekly awards from the conference office and became the second and third Hornet honorees this year alongside two-time offensive player of the week honoree Zac Giles, who won the league’s first award back on Aug. 24 and was also honored following his five-point performance on Sept. 21.

It marks the first time that Sacramento State has had players earn offensive weekly honors in the same season while Alvarenga became the seventh Hornet to earn weekly top rookie honors and the first since teammate Angad Singh

did so on Oct. 21, 2024. That was also the last time that Sacramento State has had two weekly winners in the same week since Singh and Donovan Sessoms (Offensive Player of the Week).

Yang tallied his first career brace in a 3-1 win over UC Riverside, staking the Hornets to an early 2-0 lead en route to

the team’s second straight victory. That performance came just a week after he had two assists in a 4-2 triumph over Pacific.

He scored his first in high-light reel fashion in the 28th minute, launching a wonder strike from about 35 yards out that looped over the new keeper’s head before bottoming out,

tucking under the crossbar, and settling in the right-side netting for the 1-0 lead.

It was eventually selected as the No. 9 play of the day on SportsCenter’s SC Top 10 later that night.

Eleven minutes later, it was Yang once again as the Hornets drew a foul about 25 yards out, setting up a free kick for the

home side from nearly straight on. Teammate Zac Giles and Yang both stood over the ball, but it was Yang that took the attempt, sneaking a left-footed low liner inside the left post for a 2-0 advantage.

The two scores brought Yang’s total to three, moving him into a tie for second on the team and a tie for fifth in The Big West entering the week. He also ranks tied for eighth in shots and tied for ninth in the conference in assists.

Alvarenga, meanwhile, helped hold things down at the other end of the field, entering the match as a reserve and playing 80 minutes against the Highlanders. He helped a defensive unit that limited UC Riverside to just eight shots overall and just two on goal in the victory.

Both totals were season lows for the defense as the eight shots allowed were the fewest in a match by an opponent since UC Davis was held to the same number of attempts in 2022 and the two shots on goal were the fewest since CSUN had only one in 2024. ★

Aggies Jade Light Signs Pro Contract with Okayama Seagulls in Japan

UC Davis volleyball superstar Jade Light has signed a professional contract with the Okayama Seagulls, playing the 2026-27 season in the Japan SV.League. Photo courtesy of UC Davis Athletics

UC Davis Athletics News Release

DAVIS, CA (MPG) - One of the most prolific players in program history, former UC Davis volleyball superstar Jade Light has signed a professional contract with the Okayama Seagulls, playing the 2026-27 season in the Japan SV.League.

Light continues the long tradition of professional players who have come through the Aggie pipeline, succeeding former player Olivia Utterback, who is currently preparing for her second season with ASP Thetis W in Greece.

Founded in 1999, the Seagulls are the latest in a long line of professional teams that have played volleyball in Okayama going back to 1953. Last season, the club finished 12th in the SV.League, the second level of professional volleyball in Japan while also securing a ninth place finish in the Empress’ Cup All Japan Championship, a 24 team tournament

featuring some of the best programs in the country.

No stranger to high level play, Light finished her career at UC Davis with one of the best seasons in program history in 2025, being named the Big West Player of the Year and an AVCA All-American, the first All-American for the program since 1996.

During the season, she collected 1,000 career kills to become the 13th player in program history to hit that mark. She was also named the Big West Offensive Player of the Week three separate times and a First-Team Big West selection.

The Seagulls season begins on Oct. 16 when the team takes on the Osaka Marvelous at home. To learn more about the club, visit: <https://women.volleybox.net/osaka-marvelous-t2147>

The whole Aggie family wishes Jade the best of luck as she begins her professional career. ★

Seymour Awarded PCL Pitcher of the Year

Seymour and Whisenhunt Named 2026 Triple-A Pacific Coast All-Stars

Sacramento River Cats News Release

WEST SACRAMENTO, CA (MPG) - On Sept. 26, Minor League Baseball announced the league awards and All-Star teams for the Triple-A Pacific Coast League and International League.

RHP Carson Seymour was named the Pacific Coast League Pitcher of the Year, as well as an All-Star starting pitcher.

Seymour made 22 appearances, including nine starts, for Sacramento this season, compiling a 5-2 record and a 3.79 ERA (76.0 IP, 32 ER). He allowed six home runs and 31 walks while recording

70 strikeouts and a .241 opponent batting average.

LHP Carson Whisenhunt was also named an All-Star starting pitcher.

Whisenhunt made 16 starts as well as one relief appearance and posted a 6-4 record with a 4.15 ERA (82.1 IP, 38 ER). He surrendered four home runs and 38 walks while striking out 90 and limiting opponents to a .250 batting average.

Despite being recalled

to San Francisco in mid-July, Whisenhunt finished the season tied for 10th in strikeouts.

This marks the second consecutive All-Star selection for both Seymour and Whisenhunt, who were also named starting pitchers on the Triple-A PCL All-Star team in 2025.

Sacramento has now produced the PCL Pitcher of the Year in consecutive seasons, following Whisenhunt’s selection in 2026.

About the Sacramento River Cats

Sutter Health Park is the West Sacramento home of the three-time Triple-A Champion Sacramento River Cats, proud affiliate of the three-time World Series Champion San Francisco Giants. Republic FC Unveils First Look at New Stadium

The Republic Preview Center in DOCO is the first place you can sit, see and feel what’s coming to Republic Stadium at The Railyards

Sacramento Republic FC News Release

SACRAMENTO, CA (MPG) - For years, you’ve followed Republic Stadium through renderings, construction updates and groundbreaking photos. Now you can set foot inside of the club’s preview center – designed to reflect the elements of the stadium before it opens in 2028.

The Republic Preview Center will open on Oct. 13 by appointment only for Season Ticket Members and Stadium Deposit Holders, located just a few blocks from where the stadium is beginning to rise in The Railyards. It’s the first opportunity for fans to touch and feel elements of the new stadium, and it’s where Season Ticket Members will begin choosing their seats and lock in their spot for history.

Designed by Elevate, the 3,443-square-foot space takes its cues straight from the stadium’s premium areas. Red tile and brass tones tie back to the suites, and the furniture and finishes reflect the theme and what will eventually be incorporated into the stadium’s lounge and club spaces.

The details are worth a closer look. The bar features a brass Republic FC crest – inspired by the historical markers found throughout Sacramento, and its front carries a subtle nod to the stadium’s trusses. On the walls, artwork celebrates the city and community that built this club: the best supporters in the league, as well as the monuments of the Capital City -- the State Capitol, Tower Bridge, the Sacramento River, the California Grizzly and the California Quail.

At the heart of Republic Preview Center is a scale model of our new home, giving guests a look into the details of the enhanced matchday experience... from the full stands reaching five stories tall, the proximity to the field, as well as the towering canopy and trusses that will redraw the city’s skyline.

From there, it gets personal. The club’s stadium team will help you find the perfect seat for your ideal game day. New premium experiences will transform game day and the first look at what that means for you will come with your personalized visit to the Republic Preview Center.

Every visit is a guided

walk from where this club has been to where it’s going. You’ll start with a welcome at the bar, move past a living history wall where the most experienced supporter can relive history and new fans can see how far we’ve come, see the 2014 championship trophy, anniversary kits and signed match balls from some of the biggest nights in club history. We’ll save the rest for your visit.

The visit builds toward the moment you choose your seats. Once you get locked in for the 2028 season, you’ll join some club legends in leaving your mark on Republic FC with an exclusive opportunity. We’re keeping the details under wraps for now. You’ll have to come in to find out how.

Visits are by appointment only, beginning Oct. 13, so every guest gets a personal, guided look.

Season Ticket Members have first priority, followed by stadium depositors. If that’s you, a member of our team will reach out directly to schedule your visit.

Not a member yet? Become a 2027 Season Ticket Member or place a deposit at RepublicStadium.com to get in line. Deposits start at just \$9.16. ★

California Capital Airshow Returns with Night Show and World-Renowned Performer Lineup

California Capital Airshow News Release

SACRAMENTO, CA (MPG) - The 20th annual California Capital Airshow (CCA), presented in partnership by Sacramento County and the City of Rancho Cordova, returns Oct. 10-11 from noon to 8 p.m. daily at Mather Airport in Sacramento.

The two-day event will recognize CCA's 20th anniversary alongside the nation's 250th with an extraordinary lineup of performers, including the United States Air Force Thunderbirds and the Canadian Forces Snowbirds. The event will feature miles of aircraft on display and hands-on exhibits for all ages, and conclude with nighttime aerial performances and a massive pyro-musical fireworks show.

This unique show features nonstop aerial performances running from 3:30-8 p.m. each day, culminating with the night show. In addition to the two headlining jet teams, the USAF Thunderbirds and Canadian Snowbirds, airshow highlights include performances from the U-2 Dragon Lady and T-38 Talons of Beale Air Force Base, the United States Air Force C-17 Globemaster III Demonstration Team, and the United States Navy F/A-18 Super Hornet Demonstration Team. As the sun sets, the show will continue with maximum afterburner followed by aircraft lighting up the night sky with pyrotechnics, walls of fire, spectacular fireworks and hundreds of drones.

"This year's show is a milestone celebration that offers a truly once-in-a-lifetime experience," said Darcy Brewer, CEO of California Capital Airshow. "We're bringing the Thunderbirds and Snowbirds to Sacramento to celebrate our 20th anniversary and the nation's 250th, with a night show and fireworks finale to match."

Airshow tickets are on sale now at CaliforniaCapitalAirshow.com.

The Airshow team is grateful to its 1,000 passionate volunteers that keep the airshow running. Photo courtesy of Mark E. Loper/California Capital Airshow

Each adult General Admission ticket includes free admission for up to six youth (age 15 and under) and free parking. A variety of upgraded tickets and experiences are also available for purchase. Tickets are available online only and will not be sold at the gate. They are expected to sell out, so attendees are encouraged to purchase their tickets soon.

Special thanks to our generous partners Sacramento County, the City of Rancho Cordova, Sutter Health, Wilton Rancheria, Modern Aviation, SMUD, Teichert, Roseville Auto Mall, Sky River Casino, Kaiser Permanente, Sacramento Republic FC, Five Star Bank, Southwest Airlines, Atlas Disposal, UPS and iHeart Media.

In addition, the Airshow team is grateful to its 1,000 passionate volunteers, a long list of committed community supporters, as well as the teams of law

The event heavily relies on volunteers to assist with admissions, guest services, ramp and flight line security and more over the two-day event at Mather Airport. Photo courtesy of Mark E. Loper/California Capital Airshow

enforcement and emergency services that give their time and energy to keep everyone safe. Tickets and more information can be found at CaliforniaCapitalAirshow.com.★
