

## ALL YOU KNIT IS LOVE

Beginning in 2012, Tina McMullen started selling her hand-made, hand-stitched products at Enjoy the Store in Redding. She makes seasonal products, including, but not limited to, Hooty the Owl and Dex and Wilbert the Moose for the fall season and ornaments, ginger bones for dogs, Christmas pillows and decorative snowmen, reindeer and Santas for the winter season.

She also has items that are sold year-round, such as towels, tablecloths, pincushions and lavender sachets, to name a few.

When she began selling her products at Enjoy the Store, the name she gave her line of products was Along the Way. She has had so many different products sold in the store that Enjoy gave her her own product line especially for the store, called McMullen & Co.

To see all of her products and for information on pricing, visit Enjoy the Store Redding at 1475 Placer St., Suites C & D.
