Mr. D. C. Tolliner, of Vernal, Utah, with his wife and child, arrived in Midvale Wednesday evening and came direct to the JOURNAL office looking for a house, or somewhere to live per. By errors we mean only mis for the present.

We were forced to inform Mr. Tolliner that so far as we knew there

were no houses for rent in Midvale. He decided to look for a camping ground and pitch a tent until some place could be found. He was likewise informed that Midvale has no tourist camping ground.

Mr. Tolliner then said he would put tent up alongside the public road for a while and go to work here, hoping that something could be done in the near future. He is a machinist and boilermaker and will seek work at local industries.
