

COVID-19 Lifeguard Responsibilities

In addition to regular guard duties, managers and guards will be responsible for the following:

- Enforce daily pre-shift monitoring of staff temperatures and maintain these records
- Enforce capacity and social distancing at entrances and ensure compliance with new admission system
- Strictly enforce 6 ft social distancing in pool, on pool deck, and grass.
- Enforce masks being worn by public while in restrooms.
- Manage safely and socially distance pool evacuations for lightning
- Enforcing no water play equipment
- Sanitize every shower, toilet, sink, baby station, door, benches, and all touch points in restrooms and locker rooms several times a day.
- Enforce the mandatory foot coverings, maximum capacity, and socially distance waiting line for restrooms/locker rooms.
- Enforce no water play equipment
- Sanitize all touch points in Office, Guard Room, Scanning Area including Computer, scanner, chairs, phones, etc. several times a day
- Sanitize all touch points on pool grounds including ladders, garbage can, umbrella poles, railings, lifeguard chairs, lifesaving equipment, etc. several times a day.
- Perform saves that will result in direct contact with the public
- Maintain infection control records
- Maintain mandated Outdoor Medical Tent and Outdoor Designated COVID-19 tent. Both must be kept sanitized along with all medical equipment

- Isolate and transport any patron showing signs and symptoms of COVID-19
