Your Mailbox is not just for Mail on May 13

BY BELLA CAGGIANO

Helping feed the hungry and local residents is as easy as mailing a letter...without getting into a car or a trip to the post

office. On Saturday, May 13, letter carriers will be picking up non-perishable food throughout Norwood neighborhoods as part of the 31st Annual Letter Carriers' Stamp Out Hunger Food Drive. This event is the largest one-day food drive in the country...and Norwood residents can be a part of this national campaign!

Participating is easy! On this day, rain or shine, when Norwood residents leave marked bags of nonperishable food by their mailbox in the morning,

mail carriers will pick up the packages during their regular delivery routes and deliver them to the Norwood Ecumenical Food Pantry. All types of nonperishable food are welcome, including peanut butter, coffee, canned fruit, canned tomato

sauces/paste, diced and whole tomatoes, canned meat and hash. The only requirement is that all cans and boxes must be new and in good condition.

Anything outdated or opened has to be thrown away for health reasons.

Local food banks and pantries suggested this late spring date would best benefit their diminishing shelves from the influx of donations received

during the Thanksgiving and Christmas holiday seasons.

Norwood is one of 10,000 cities and towns across America taking part in the Letter Carriers' Food Drive. The national effort began in 1992 and letter carriers, represented by the National Association of Letter Carriers, postal employees, volunteers, and sponsoring organizations, and collect tens of millions of pounds of food to help those in need. More than 34 million American experience food insecurity and rely on food donations.

Any donation, large or small is greatly appreciated. So look through your pantry or pick up a few items at the grocery store and place them in a marked bag by the mailbox the morning of Saturday, May 13. This drive is another shining example of local residents joining in this national event to achieve a common goal: to give back to those who are struggling to put food on their tables.

Bread Walk is Live Again!

BY BELLA CAGGIANO

After being virtual for the past three years, one of Massachusetts' famous fundraisers is back and Norwood again be well represented! The 55th Annual Project Bread Walk for Hunger will be held on Sunday, May 7, and the Norwood Food Pantry team, let by Team Captain Nick Campagna, have already been soliciting donations for this fun-filled three-mile walk around Boston's iconic Boston Common. Norwood residents are invited to join the team or donate to support their neighbors and thousands of people throughout Massachu-

The Norwood Team, at press time, was listed as the 6th top team with money raised for the cause at \$5,598. Hopefully by the day of the walk, that number would have grown to their \$10,000 goal. Norwood's team members are: Captain Nick Campagna, Elana Aiello, Jeannette Chambers, Kevin Chatten, Tracey Johnson, Jean Palmateer, Mary Anne Paradise, Michaela Scarpone, Jennifer Tidd, and Wayne Zafft.

There will be lots to do for both walkers and spectators on Boston's central park. Throughout the event, three will be entertainment both on the main stage on the Common and along the route, photo booths, lawn games, facepainting, balloon animals, giveaways, fresh fruit, food trucks, and more!

Registration opens at 8 a.m., Project Bread President & CEO Erin McAleer with guest speakers will welcome the walkers at 8:45 a.m., and the three-mile walk (three loops) will commence at 9 a.m.!

There is still time to start a personal fundraiser or join the Norwood Food Pantry team for those residents looking to help.

Tax deductible donations are also taken to support the Norwood Pantry team in person or online

Established in 1969, the Walk for Hunger is the oldest continual pledge walk in the country. Over 40,000 are expected to take part in the fundraiser this year.

Feeding the Norwood community is a year-long mission. Donations are accepted each week at the Norwood Food Pantry located at the rear entrance of Grace Episcopal Church, 150 Chapel St., Thursday mornings, 8:30-9:30 a.m. or Saturday mornings, 7:30-11 a.m. Parking is available and volunteers are on hand to assist in carrying bags and boxes.

Project Bread supports a wide variety of programs across Massachusetts, including community-based meal programs, early childhood and school nutrition initiatives, creating better access to fresh local food resources, and more. Last year alone, organization funded organizations to provide 61 million meals to hungry people.

Norwood's Memorial Day Schedule

The Town of Norwood will be hosting activities dedicated to celebrating Memorial Day on Saturday, May 27 and Monday, May 29. All Norwood residents are invited to the events to help remember those who died in active military service.

The Norwood Department of Veteran Services coordinates the Memorial Day weekend ceremonies, beginning with placing the American flags on the graves of Norwood Veterans on May 27. Volunteers are welcome to assist in the effort and can receive more information from Director of Veteran Services Ted Mulvehill's office, at 781-762-1240.

The ceremonies on Memorial Day, May 29, will begin with a service at Saint Catherine of Siena Church. The American flag on the Town Common will then be placed at half-staff. Ceremonies will be held at the Old Parish Cemetery, followed by the Memorial Day parade which will end at Highland

Cemetery for a commemorative ceremony.

Norwood Actresses Appearing in Something Rotten!

Renaissance playwrights Nick and Nigel Bottom are having trouble drawing audiences to their shows because some other guy named William Shakespeare is suddenly the toast of the London theater community. Their friend Nostradamus tells them that the future of the theater is something called "a musical." Despite thinking the idea is preposterous, the desperate brothers agree to try it.

The Walpole Footlighters close their 99th season with "Something Rotten!," the musical that tells the story of the creation of the first musical comedy.

Three Norwood actresses are in the cast of Something Rotten! Kellyn Martin returns to the Footlighters stage in the role of Francis Flute, while Lauren Sabbag and Kelly McGowan make their Footlighters debuts in the ensemble. Ms. Sabbag, who has a degree in musical theater, says audiences will find, "Something Rotten! is a very cleverly written musical, with comedy for all levels of audiences. If you are a fan of Shakespeare, thats a plus."

Performances of "Something Rotten!" are at the Walpole Footlighters Playhouse at 2 Scout Road in East Walpole. Evening performances will be on May 5, 6, 12, 13, and 20 at 8:00 PM. There will also be matinee performances on May 7 and 21 at 2:00 PM. Patrons are not required to wear masks. Concessions will be available. Discounts are available for groups of 10 or

George Henry Morse House: Why Morse Matters

By Toni M. Eosco, Norwood HISTORICAL COMMISSION & REPRESENTATIVE ON THE MORSE HOUSE SUBCOMMITTEE

Norwood is fortunate to own an historic treasure - the simple but gracious Italianate home of George Henry Morse, located at 1285 Washington St., in South Norwood. This May marks a unique 50th Anniversary for this local treasure as it was at the May 10, 1973, Special Town Meeting that town meeting members accepted the home on its approximate two-thirds acre parcel for only \$1 as offered by the Bird family by a unanimous standing vote. (The property had been placed in a Bird family real estate holding company called The Home Building Company, Inc. of Walpole.) In 1975, the deed was recorded in Norfolk County. Also, in 1975, the seven-member Norwood Historical Commission (NHC) was established by Special Town Meeting with its aegis stemming from Chapter 40, Section 8D of the Massachusetts General Laws. The NHC has been advocating for this house and property for decades as our mission requires.

George Henry Morse was held in high esteem by his community. He served Norwood in various capacities, from the beginning of Norwood's incorporation in 1872, as an Assessor, Selectman, Fire Chief, Surveyor of Highways....the list is impressive. He was a husband, father, farmer, auctioneer, musician, an Orient Lodge Mason, and a member of the Congregational Church. In his elder years, George sold much of his massive

leaders, successful businessmen, and philanthropists. Samuel's grandson, zealous mill owner Ezra Morse, possesses the title of Norwood's earliest settler who built his saltbox home circa 1678 on the present site of George Henry Morse's home. Two centuries later, George Henry Morse built his home circa 1868 as a substantial addition to Ezra's house, demolishing much of the older home that had been lived in by successive generations of

ing of the "Mother Town" of Dedham, learning about George Henry Morse and his ancestors also helps us learn much about the early founding of nearby towns, as well as about the years before Norwood was founded. We also learn how the Morses shaped Norwood's southernmost borderlines. When you read about the difficult and varied issues that early settlers dealt with, it enhances our understanding of the society values of their time,

and how society moved forward and evolved to our present day. We learn what worked well and what did not.

It has taken 50 years, but Norwood is currently taking a formal positive stand on the Morse House. After a year of meetings of the Morse House Subcommittee, several action items resulted. May marks the convening month

property holdings in 1913 to Walpole neighbor and businessman, Charles Sumner Bird. In the sale, George reserved a parcel of land to build a home for himself and his daughter, Ellen Florence. This is 1319 Washington St., the address of record when he died. He and his family are buried in Old Parish Cemetery. Sixty years later, the home was offered back to Norwood by the Bird family a generous and respectful story of two prominent families.

George Henry Morse (1834-1917) is a direct descendant of Samuel Morse, one of the original English puritan settlers of Dedham. He arrived in 1635 with family members on the ship "INCREASE." He served two years as selectman in Dedham. Descendants of Samuel Morse include an impressive list of civic Morses. His daughter, Ellen Florence, substantiated this account with great details.

of Annual and Special Town Meetings. This spring, there will be two Community Preservation Act funding articles related to the Morse House. The first article is a request for funds to hire a professional to assist with the application for the National Register of Historic Places of the George Henry Morse House.

The only municipal building on the National Historic Register in Norwood is the Town Hall. (The private non-profit, Norwood Historical Society, owns and operates the Fred Holland Day House which is on the National Historic Register.) The second article requests community preservation funds to do some much needed rehabilitation work on the house. Town meeting members can make an 'historic vote' again by voting in favor of these

two articles.

The Morse property unites all residents of Norwood because we all share its history. We are all making history here - whether you have lived here for six months, one year, or for decades. There will be a presentation by NHC on the Morse property in the Simoni Room at the Morrill Memorial Library on Wednesday, May 3, at 6:30 p.m. If you miss it, look for replays on Norwood Community Media.

BAY STATE ANIMALS PET CORNER

Can You Sponsor a Long-Term Foster Cat?

A long term foster cat is one we have taken in as a surrender or rescued during a trap-neuter-return situation. A long-term foster could be a compromised cat taken from a local kill shelter that was not willing to spend their funds or their time on an "unadoptable, imperfect" cat, and in our professional opinion is worth saving and loving in the manner they deserve.

Meet Long-Term Foster Annie:

It all began in 2017, when we became privy to Precious Annie. She was part of an outdoor colony of cats being fed by a wonderful family. After being trapped, spayed, vaccinated, and later chipped and combo tested, she became part of the BSAC family.

Since Annie showed a great interest in being a part of indoor life, we gave her a chance. Though she was weary of us humans, the caretaker begged us to give her a chance to be an indoor cat and sort of refused to let us re-release her. The socialization began and she made great progress. However, it then changed. She decided that the human, indoor life and bonding was not a fit for her.

Annie made choices;

-She would continue to enjoy the company of other cats.

-She would not bond with most humans

-She chose to select one person within any given situation we presented to allow bonding

-Annie opted out of any handling for routine exams, vaccines and such and showed her anger in a not so nice way when such encounters were required.

-So, Annie on her own decided 'trying' for the perfect home was

not for her, and preferred to live with a few select kitties and being left alone by humans.

-BSAC accepted her for her and was fortunate to find her a perfect long-term foster situation with a quiet family with one other cat adopted from us. She was/is accepted for who she is.

Annie currently thrives in her foster home. Annie continues to remind any outsiders that she is not interested in any relationships, even when getting her required vaccines. She adores her current humans and feline housemate, on her terms. She has no idea how lucky she is.

Annie brings additional expenses to her foster family and BSAC as we all continue to care for her for her life. In addition to sponsoring her needs monthly we are noting the litter, food and treats she enjoys most!

BSAC always remains dedicated and committed to care and provide for any cat they rescue on their terms and preferences for a quality of life.

Please consider fostering Annie so she can experience her best life! Thank you, BSAC and Annie

Sharon Timlin Memorial Event: A Race to Cure ALS to be held on June 17th to benefit The Angel Fund

Mike Timlin and family will be on hand for race

This year marks the 20th year for the Annual Sharon Timlin Memorial Event: A Race to Cure ALS (Lou Gehrig's Disease) which will be held on Saturday, June 17th at Hopkinton High School.

The popular road race and family fun day benefits The Angel Fund for ALS Research and its research at UMass Chan Medical School. The race has raised more than \$2 million for ALS research since its inception.

The event is held in memory of Sharon Timlin, mother of former Red Sox relief pitcher Mike Timlin who was diagnosed with ALS (Amyotrophic Lateral Sclerosis,) a disease better known as Lou Gehrig's Disease, in May 2001. She died less than a year later, in March 2002. The event also recognizes and honors the Timlin family's commitment to ALS research and The Angel Fund for ALS Research. Mike and his wife Dawn will be guests of honor at the event.

"As a family, we are so thankful to have supported the Angel Fund through the Sharon Timlin Memorial 5K run," Mike and Dawn said. "The support of the town of Hopkinton has meant the world to us and we look forward to seeing you as we continue this fight against ALS. In this time, we have seen the impact of our contributions to Dr. Brown at UMass Chan Medical School in his research. We are just so thankful for all the support we have received over a 20- year period. We hope you will join us on Saturday, June

17th, 2023."

The course is a fully supported USATF certified 5K racecourse, with timed mile markers. The 5K race begins at 8:30 a.m., followed by the family fun day activities with live music, food, games, raffles, and other activities from 8:30 to 12 noon. A Kids Color Run will held as well

Participants can register at https://sharontimlinrace.org. Registration is limited to 1,800 registrants and online registration closes when capacity is reached, or at 11:59pm on June 16, 2023.

The 5K race fee is \$40 for runners who register on or before May 29, 2023. Registration is \$45 after May 29, 2023. Registration for the virtual option is \$25 plus shipping. The first one thousand race participants will receive a commemorative race T-shirt and can enjoy post-race food and Family Fun Day.

Awards will be presented to

the top three male and female finishers. The top three finishers in the following age groups will also receive awards: 14 and under; 15–19; 20-29; 30-39; 40-49; 50-59; 60-69; 70-plus; male/female 80+, and wheelchair division. There will be no duplicate awards.

Runners and non-runners are encouraged to take part in the Angel Fundraising Challenge, a fun and easy way to go the extra mile and fundraise by setting up their own personalized fundraising page.

"Proceeds from this event benefit The Angel Fund for ALS Research and the UMass Chan Medical School, where worldwide groundbreaking research is being done daily," Rich Kennedy, President of The Angel Fund added."To date, thanks to you, we've raised over \$2 million for critical research for this devastating disease where there is no treatment or cure."

For information about the Sharon Timlin Memorial 5K Race to Cure ALS, visit the website www.sharontimlinrace.org

In addition to the Angel Fundraising Challenge, donations in Sharon Timlin's memory are also welcome and would be greatly appreciated. Donations can be made online at https://sharontimlinrace.org, at The Angel Fund website at www.theangelfund.org, or by sending a check made payable to The Angel Fund and mailed to The Timlin Race, 149 Wood Street, Hopkinton, MA 01748.

Firefighter Tim Bailey came to Norwood Fire on September 5, 2017, after previously serving the town of Foxboro as a Firefighter Paramedic. Since coming to Norwood, he has been assigned

to Group 4 and will stay on the group in his new role. A legacy in the fire service, Firefighter Bailey is Chief Bailey of Walpole Fire's son. On hand to pin Lieutenant Bailey's new bugle was fiancée

Mike Chisholm was hired November 14, 2011, and assigned to Group 1 where he has spent his entire career thus far. A skilled Paramedic, in addition to serving as the department's EMS coordinator, Firefighter Chisholm is also a Medical Specialist with Massachusetts Task Force 1 (FEMA) and has been deployed during Hurricane Ida and the Oregon wildfires in 2020. On hand to pin Lieutenant Chisholm was wife Annie.

Chris Griffin was hired on May 10, 2010, as a Firefighter Paramedic and attended the Brookline Fire Academy shortly

thereafter. Initially assigned to Group 1, Firefighter Griffin later moved to Group 4 and will now be working as an officer on the engine and ladder on Group 3. A familiar face in town, Chris's father and brother both worked on the town's Light Department, and his grandfather, Bert Sparrow, worked on the Fire Dept. Lieutenant Griffin's wife Jessica pinned his Lieutenant bugle.

Jeff Shockley is the most senior firefighter of those promoted and was hired on March 20, 2000. Firefighter Shockley has spent his career on group 4 and has gained the reputation of being a skilled ladder-man and served as permanent chauffeur after leaving the EMS system which will greatly aid in the new officer position being assigned to Ladder 1. Lieutenant Shockley's fiancée Karen pinned his new bugle.

Chronic Sinusitis-A Holistic Approach

Dr. Rochelle Bien & Dr. Michael Goldstein

Chronic Sinusitis is long lasting sinus inflammation and often re-curing infection. It can linger over a period of time usually longer than 12 weeks. Acute Sinusitis typically lasts only a few days and can recur several times per year. Causes of Chronic Sinusitis may include blocked airways from asthma and or allergies, infections which can be bacterial, viral, or fungal, abnormal nose structures such as deviated septum, or polyps and a weak immune system.

Symptoms may include tenderness or pressure in the face, post nasal drip, nasal discharge, toothache, ear pain and or headaches.

Michael R presented to our office complaining of chronic headaches and pain in his face. He had been suffering for over 5 years with no relief. Several courses of antibiotics and pain meds just wasn't relieving his symptoms. Michael had a CT scan which diagnosed him with

Chronic Sinusitis. Medical options weren't working and so he sought out a holistic approach.

Upon exam it was determined that Michael had a severe fungal infection in his sinuses as well as pinched nerves (Chiropractic subluxations) in his neck which were contributing to his headaches. After undergoing Chiropractic adjustments, a change in diet to reduce inflammation in his sinuses and a course of homeopathy and supplements to remove the fungal infection and rebuild his immune system Michael significantly improved and no longer has these symptoms.

If you are suffering from similar symptoms and are looking to get relief CALL THE HOLISTIC CENTER AT BRISTOL SQUARE (508)660-2722 and make your appointment today. We are located at 1426 Main Street Ste #6, Walpole.

A VIEW FROM THE HILL

It's Prom Time!

By Austin Henry, Norwood High School Senior

High school proms, an event that most people never forget. An event fueled by everything from excitement to chaos. It's the time of year when 12th grade students finally get a chance to celebrate their upcoming transition into adulthood and reminisce about their high school memories.

Norwood High school seniors are excited, and for good reason too!

Senior Norwood High School student and Class President John Cavanaugh said he is excited to "spend time with all my friends and everyone at school."

For the seniors, this is their last hurrah so it makes the perfect opportunity to get their last laughs in before they move on. There is a reality to the end of a senior year that hits many students, and that reality is that the people whom they have shared halls and lunch rooms with, will all be going out and exploring the world.

Prepping for one of the biggest nights of your life is never easy! Although it is not impossible, many students wishing to wear a suit find much ease in the suit finding process as they rent tuxes or even have suits tailored specifically for them.

Many students wishing to wear dresses on the other hand have a bit harder of a time, as it is a more daunting task to find the 'perfect' dress.

Senior Maria was lucky as she said the dress hunt was pretty exciting.

"I did not have a problem finding a dress this year, thank God!" Maria said. "The dress I am wearing was the first one I tried on, although I did try on another six or seven."

Another major stressor for anyone attending prom is who they are going with. Many students have trouble asking or even finding the perfect date.

While Cavanaugh has a part-

ner for the big night, going alone is always an option.

"I'm going with a date from Ursuline," Cavanaugh said. "I think it's certainly nice to have a date but people go every year and have a great time without one so I can see why it's not such a big deal. I would encourage anyone to go even if they don't have a date."

Prom day will start with any students who are attending being present in school for a half day. From there, attendants will be free to prepare until 5:30 p.m. where they will meet at the town common to take pictures and socialize; a favored Norwood tradition! The buses to the prom will leave at 6:30 p.m. and the seniors will be off to Lake Pearl, in Waltham to enjoy their big night!

Seniors' night do not have to end when they return home from Lake Pearl! All seniors and their dates are invited to a Post Prom event at Norwood High School. Attendance of this event is highly encouraged as it is another chance to extend a fabulous night!

Many seniors are very excited for Post Prom with one Senior Niko Faller saying

"Honestly I'm most excited for post prom," Norwood senior Niko Faller said. "It's gonna be much more fun than real prom. Prom is pretty formal and people are really reserved in the beginning, but by post prom people are having fun and there's more things to do."

All in all, the seniors are in for an incredibly fun night!

Legal Clinic

The Norwood Senior Center has recently collaborated with Metrowest Legal Services and will host a quarterly legal clinic with Attorney Veranira Ochea from Metrowest Legal Services. The first clinic was held April 10.

Metrowest Legal Services provides free legal aid to seniors in areas of housing, public benefits, social security matters, durable power of attorney, health care proxy, simple probate matters, Medicaid, nursing home issues, limited domestic relations, and consumer and bankruptcy issues.

To schedule a private 20 minute free legal consultation, call at 781-762-1201 x 3. Kathleen at the Senior Center will forward your information to Attorney Ochea.

Be Alert! Postal Scams Mail Forwarding Scam

At the March Anti Scam Task Force Meeting in March, Postmaster Scott Florio gave an update on types of scams the post office and residents are experiencing.

For mail forwarding, scammers forward an unsuspecting resident's mail with their name and address on the form. For two weeks, that mail is forwarded to another address which could include bank statements, credit card statements, letters from So-

cial Security etc. Now they are able to easily steal personal information.

To help prevent this scam, the post office now mails a letter to the person's original address and the address the mail is forwarded to, letting them know this is being done. If you receive one of these letters and you haven't forwarded your mail, call the post office immediately at 781-769-3092. The post office has already been able to catch a scammer!

Parcel Scam

The parcel scam can happen an order is places from a non-reputable company and the scammers change the delivery address on their end. Now an item has been fully paid for but being delivered to someone else; the buyer never receives it and may not get their money back.

Mass Health

Mass Health renewal packets will be sent out sver the next year, April 1, 2023 – March 31, 2024. The renewal must be completed within 45 days and returned to Mass Health.

Norwood Memory Café

The Norwood Memory Café welcomes individuals, families and friends of those living with memory changes. The café offers people and their companions, an opportunity to experience laughter, companionship and socialization in a relaxed and safe

Norwood Volleyball Looking To Develop New Players

By Christopher Tremblay

The Norwood boys vollevball team found themselves just on the outside of the State Tournament last spring; a mere one game away from punching their ticket to the post-season. Despite having a rather young team this year, however, Coach Paul Nimblett is optimistic that the boys can do what is necessary to achieve that goal.

"We are a young team with only a few returning athletes from last year," the Mustang Coach said. "We have a lot of athletes this year with little to no volleyball experience. It will be a learning experience for a lot of them and it will take some time for the new pieces to gel together, but once we get going we will be ok. I can see the potential and their ability to play together; we will definitely be able to compete."

Two big-time returners for Norwood will be seniors Joe Greene and Zach Smith. Greene will be proficient in the middle of the net with his kills and blocks but is an all-around player that will also get the team

some points with his serving. According to Nimblett, he will play a big part in the team's success.

Smith unfortunately suffered a dislocated shoulder deep into the season and had to have surgery last year. Having the rightside hitter back this year makes the Norwood coach very happy.

"We are very glad to have him back on the court," Nimblett said. "He is very good at getting to the ball and brings a lot of energy to the team. When he went down last year it was big loss to the team, and being that we missed the tournament by one spot hurt."

Another senior coming back is Khang Nguyen, a three-year player like Greene, who not only can pass the ball with the best of them, but he will also lead the team in the back row playing great defense.

In addition to the seniors coming back, Norwood has two senior newcomers looking According to the coach, he has already shown potential playing the outside hitter position in only a few weeks and should be a good addition to the team once he gets his timing down. The other first year player to Norwood as a senior is Yuri DeSousa, who is relatively new to the school, but has played volleyball in the past. Nimblett will be looking for him to be a

defensive specialist in the backrow for the Mustangs this

While the seniors, new and returning, will be the major forces on the team, Nimblett will be looking to some sophomores who should take this team into the future. Xavier

Walkins and Khyrell Miller were a couple of the team's most talented athletes last year as freshmen. The coach is expecting big things from the duo in their second season.

Walkins was an outside hitter last year, but during the off-season he played a lot of volleyball and worked on his setting skills.

"He has a really good volleyball IO and worked extremely hard to bring his game to the next level," the Norwood coach said. "He came in and I was impressed with his passing ability. Originally, I was a little worried as we had lost our setter from

a year ago to graduation, but Xavier has looked to take over that position."

Miller will play right-side and outside hitter this season for the Mustangs, and being a lefty will give Norwood a different dynamic on the court. He is another athletic individual and when spiking the ball into the opposition's court he shows what can be expected of him. Along with Walkins, Miller will bring a combination that should be tough to stop when they are connecting.

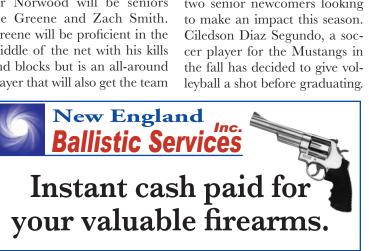

One other sophomore, Se-

bastian Eugene, will also provide the Mustangs with yet another athletic outside hitter.

"Once he gets his timing down and picks up his steps, he's going to be a really good asset for us," Nimblett said. "All three of these sophomores have convinced me that they can play the game and will be the building blocks to our future."

Having just missed out on a tournament position last year, that is one of Norwood's top priorities this season.

"We definitely want to push through and get into the tournament this season while improving upon last year's record," the coach said. "It's too early with all these new players to say exactly how many wins we should be able to get, but these kids are ready to play, and on any given night they can help us to a win."

Sam Rose: A True Team Player

By Christopher Tremblay

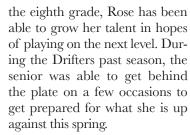

Ever since she picked up a softball in the second grade, Norwood's Sam Rose has primarily been a shortstop. However, this spring in her final year with the Mustangs, the senior will be transitioning from the field where she was named the Tri-Valley league MVP last year to her new position behind the plate.

Norwood Coach Carol Savino found herself in a pickle last year knowing that the Mustangs were not going to have a catcher for the following season, so she approached Rose hoping that she'd take on the role for the good of the team.

"Knowing that we needed a catcher for upcoming season I knew that I had to do it for the

of your high school career is nothing short of being a team player and Coach Savino is very thankful she has a player in Rose that is willing to do just that. During her MVP season, the Norwood shortstop batted .614 with 43 hits, and 22 RBI, in addition to stealing 38 bases in 40 attempts. In the field, she recorded an .882 fielding percentage.

"Sam has been a varsity starter since her sophomore year as we didn't have a season her freshman year due to Covid," Savino said. "Coming into this year, she knew at we didn't have a catcher and took it upon herself to work real hard during the off-season to be ready for the start of the year. To take on the catching duties shows that she is a real team player and will sacrifice her position for the

"She has the skills and the mechanics to move behind the plate, she just need to learn how to call the game," the Norwood coach said. "She understands the game and is talented enough to be able to handle it. She's very quick back there."

Having tried a lot of different sports (soccer, step dancing, gymnastics, ice hockey and lacrosse) in addition to softball, Rose eventually came to the conclusion that being on the diamond was the place best suited for her talents.

"Softball became my sport; I love it as it was team sport but also had an individual aspect to it as well," Rose said. "I began playing softball with the town rec league, and in the sixth grade joined my first club team (Brand New Ball Game), and two years later moved over to the Mass Drifters."

The now Norwood catcher played shortstop prior to the move this spring. She found that the more she played the position the more she like it. Being the focal point of the action in the field was thrilling to her, as is being a catcher in charge of everything on the field.

Although she has thoroughly enjoyed her time with the Mustangs, losing that first year was heart breaking.

"I was pretty disappointed to have no season because of Covid," Rose said. "I was so excited and ready for tryouts, but was really upset when everything went down. Originally I thought that sophomore year was going to be really hard not having a high school season the year before, but luckily I did get to play some club ball that summer.

Last spring, Norwood took out Wilmington in the first round of the Division 2 State Tournament, but was then sent home losing to neighboring Walpole. Rose and her teammates would like to avenge that loss and get

the team deeper into the tournament this year.

"As a captain this year, I am just hoping that I can get the girls to connect and keep the younger kids focused on the task at hand," Rose said. "I want to go out and do my job while winning and hopefully get back to the tournament and make a run."

Being behind the plate does not intimidate Rose whatsoever as she'll be catching close friend Athena Alexopoulous, who will be firing the ball to her from the circle.

"Being that I am close to Athena will help me behind the plate," Rose said. "We'll work together and do what is best for the team, I am not worried about it, it's just something that I'll have to get use to; playing behind the hitters instead of watching them from the field."

It really doesn't matter what position Rose is playing, she is just hoping to help get the Mustangs back into the tournament where they can make some noise.

team so that we could set a strong foundations for the future," the senior said. "I can't recall the last time I played the position, probably in second grade when they move you all over the place to find the best fit, but I am willing to give up my shortstop position to help the team out."

Giving up a position where you are coming off the best year

best of the team shows the type of individual that she is."

According to the Norwood Coach, Rose went the extra mile for the good of the team and by her taking catching lessons to learn the position only shows that she has the personality of a leader. Having played on the Mass Drifters travel team since

The Importance of Mortgage Discharges

Norfolk County Register of Deeds William P. O'Donnell recently reminded consumers about the importance of filing a mortgage discharge in a timely manner after their mortgage has been paid off.

"As consumers, we all need to borrow money," Register O'Donnell said. "There are many reasons why consumers borrow money—to purchase a house, to make home improvements, or to help pay for the ever-increasing tuition payments of our children. The borrowing of money involving real estate leads to a mortgage being recorded against the title of that real estate."

In calendar year 2022, there were over 130,000 documents recorded at the Norfolk Registry of Deeds, and of that number, more than 23,200 were mortgages, nearly 20% of all documents recorded in 2022.

To clear a homeowner's property title when a mortgage has been paid off, a mortgage discharge document needs to be recorded with the Registry of Deeds. A discharge is a document (typically one or two pages) issued by the lender, usually with a title such as "Discharge of Mortgage" or "Satisfaction of Mortgage."

"As a consumer, you want to make sure a discharge has been recorded at the Registry of Deeds, which tells the world that that mortgage has been paid off," Register O'Donnell noted.

In some instances, mortgage discharges are filed directly by banks or settlement closing attorneys with the Registry as part of a property sale or as a result of a refinancing transaction. In other cases, the mortgage discharge is sent to the property owner, who then becomes responsible for making sure the document is recorded.

"Whether or not the mortgage discharge is recorded by the lending institution or the individual property owner, it is imperative that the property owner makes sure all necessary documents have been recorded at the Registry of Deeds," Register O'Donnell said.

Individuals with property recorded at the Norfolk County Registry of Deeds can check their title and make sure all their mortgages have been properly discharged using the Registry's online records at www.norfolkdeeds.org. By going to the Online Research section of our website, property owners can verify that all mortgages associated with the property have been discharged.

"Please remember that not having a mortgage discharged will result in a title issue and thereby impact the process of selling one's home," Register O'Donnell cautioned residents.

The Register further noted that there have been cases where no discharge has been recorded against a long-paid-off mortgage.

"Unfortunately, some of the lending institutions that provided funds for these mortgages are no longer in existence," Register O'Donnell said. "In other cases, financial entities have merged with another lending institution."

If a property owner needs to retrieve the original discharge of a mortgage and it is unclear which lending institution is now responsible for providing the document, an option is to contact the Massachusetts Division

of Banks at 1-800-495-2265 x-1 and then x-61501. Another option is to access the Federal Deposit Insurance Corporation website, www.fdic.gov. Then find the BankFind tab approximately half way down the home page, put in the lending institution in question, then click on the lending institution link, and you will be able to determine who has responsibility for the mortgage.

When recording a mortgage discharge, the original document is required. By law, the Registry of Deeds cannot accept photocopies or faxed copies of documents. The filing fee, set by state statute, is \$106.

"After paying off all the mortgages on their property, homeowners want to know they have a clear title to their property, especially if they are contemplating selling," Register O'Donnell said. "Knowing what steps need to be taken to ensure all paid-off mortgages have been properly discharged will go a long way in giving the homeowner assurances that they have clear title to their property. I cannot emphasize enough how important it is that homeowners make sure their mortgage discharge has been filed with the Registry of Deeds once their mortgage has been paid off."

The Norfolk County Registry of Deeds is staffed with a team of customer service representatives who can be reached Monday through Friday, 8:30 a.m. to 4:30 p.m., at 781-461-6101. These representatives have been trained in researching documents and are well versed on the subject of mortgage discharges and what, if necessary, needs to

be done to clear title to a prop-

March, 2023 Norfolk County Real Estate Activity

Norfolk County Register of Deeds William P. O'Donnell reported that Norfolk County recordings for the month of March, 2023 indicate a continued decrease in overall real estate activity, with significant drops in mortgage activity and the average property sale price as compared to March, 2022.

"Spring has arrived, ushering in a new home-buying season, which is reflected in March's rise in real estate activity over the previous month," Register of Deeds William P. O'Donnell said. "As compared to last year, however, we are still seeing significant decreases in the number of documents filed."

The Norfolk County Registry of Deeds recorded 8.541 documents in March, 2023. This was 31% less than in March, 2022 and 27% more than in February, 2023.

"Despite easing inflation, high food and energy costs are still limiting customers' ability to save money," Register O'Donnell said. "The number of recorded deeds, which is one measure of document volume, shows a drop in real estate sales from the previous year."

The number of deeds for March, 2023, which reflect real estate sales and transfers, both commercial and residential, was 1,250, a decrease of 17% from March, 2022 and an increase of 29% from the previous month of February.

"Although home prices have fallen significantly, they are still higher than pre-pandemic averages, with March, 2023 home prices 34% higher than March, 2019," Register O'Donnell said. "The lack of available real estate inventory is likely one reason why property prices are still higher than they were before the pandemic, along with the desire to live in local communities."

Sale prices for March appear to have dropped compared to March, 2022. The average sale price in March was \$886,486, a 21% decrease from March, 2022 and a 6% decrease from February, 2023. The total dollar volume of commercial and residential sales is down, decreasing 38% from one year ago and increasing 34% from last month.

"A continued decline in the number of deeds and mortgages recorded at the registry may indicate that homeowners who took advantage of lower interest rates in 2020 are hesitant to make moves with average mortgage interest rates above 6%." Register O'Donnell added, "Although average sales prices are declining, current homeowners and first-time buyers may be holding out hope for lower interest rates.'

Overall lending activity showed a continued downward trend for the month of March. A total of 1,280 mortgages were recorded this month, 47% less than a year ago at the same time and up 41% from last month.

"According to the data, we are recording significantly fewer mortgages than in the past, which can be attributed to a number of factors that the country is experiencing right now, such as the rising cost of living and a spike in mortgage interest rates," Register O'Donnell explained. "These aspects of the economy can affect the local real estate market."

The Norfolk County Registry of Deeds has been closely monitoring the foreclosure market. In March, 2023, there were 4 foreclosure deeds recorded as a result of mortgage foreclosures taking place in Norfolk County, whereas in March, 2022, there were 5 recorded. However, in March, 2023, there were 30 notices to foreclose, the first step in the foreclosure process, significantly more than the 11 recorded in March, 2022.

"The substantial increase in the number of these notices is troubling," Register O'Donnell said. "It suggests that more of our neighbors may have financial difficulties in the future. We will continue to monitor these figures."

For the past several years, the Norfolk County Registry of Deeds has partnered with Quincy Community Action Programs (617-479-8181 x376) and NeighborWorks Housing Solutions (508-587-0950) to help anyone facing challenges paying their mortgage. Another option for homeowners is to contact the Massachusetts Attorney General's Consumer Advocacy and Response Division (CARD) at 617-727-8400.

"If you are having difficulty paying your monthly mortgage, please consider contacting one of these non-profit agencies for help and guidance," Register O'Donnell said.

"The limited inventory of available property on the market and the high demand for homes are likely factors in keeping property values above pre-pandemic levels, while the decrease in prices may be due to homebuyers' reluctance to take out mortgages at current interest rates," Register O'Donnell said.
